CAMPUS NIGHT.

A Social Time for the Students—Commencement News Nearing—Perplexed as to Gender.

Written for The Standard.

Mt. Pleasant, April 19.—Mr. and Mrs. J P Cook spent Tuesday night in Mt. Pleasant.

Joe Sutton, of the college, went to Salisbury last Saturday morning. He returned Monday evening.

Mr. Clarence Ledbetter and his father, of Polkton, spent Sunday night in Mt. Pleasant.

The students of North Carolina College have set aside Tuesday night, May the 30th, for campus night, or rather for a night of enjoyment. The campus will be lighted up by over two hundred Japanese lanterns. Music and refreshments of all kinds will be on the ground. Everybody is invited, especially the ladies and old students.

Miss Mollie F Debnam, of Greensboro, canvassed our town Monday in the interest of the Oxford Friend.

The students of the college put on Monday until noon washing the campus. Considerable improvement was made. Of course the evening was spent in fishing.

The seniors only have one week more, and then will come something else.

One of our seniors has discovered a new gender for a certain word in German. Becoming sleepy while reading, he was asked what the gender of a certain word was. He replied that it was nominative gender.

Mrs. W R Kindley has gone to Salisbury to visit her daughter, Mrs. Ed. Heilig.

He Is Not Dead.

Our readers will remember that Tuesday's edition contained a notice of the death of Mr. Sam Caldwell at Newells, which information was obtained from the Charlotte Observer. It proved to be one of those errors where people state facts to a reporter when they don't know whereof they speak. The news started from the fact Mr. W L Caldwell, of that place, was paralyzed.

They Captured the Thief.

Sheriff Clyburne and Mr. Joe Cherry, both of Lancaster county, in South Carolina, together with Sheriff Peck, went over to the Hambley mine near Gold Hill, though in this county, Tuesday. They captured a negro named Henry Clinton, alias Jim Johnson, who is wanted in Lancaster county for stealing and selling cows. The warrant charged the negro and his partner of selling two, but Clinton told the sheriff that he did sell three. He was taken back to Lancaster for trial.

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by M. L. Marsh & Co., Druggist.

THE PHILIPPINE SITUATION.

Fourteen Captured By the Filipinos—Lawton Draws In.

The situation in the Philippines is much below our brightest hopes. When Aguinaldo showed his ugly temper at the capture of Manila and then made the night attack on the Americans he showed that relief to those oppressed and depressed people would have to be pioneered by the chastisement and subjugation of himself and the element that clings to him.

The war has been signally successful as to victory to our arms in every effort with none left in the enemy's hands, though sadly too many of our brave men have fallen. The enemy has been shown that he possesses no stronghold and is powerless before our troops. It has not been found practical, however, for our troops to hold the territory off of which they have driven the armed foe and Gen. Lawton has withdrawn to near Manila. Now the news comes from Admiral Dewey that Lieutenant Gilmore of the Yorktown and thirteen of his men fell into the hands of the Filipinos on the 12th in their efforts to rescue eighty Spanish prisoners at Baler. It seems they were ambushed by a superior force and whether they are dead or alive is not known. The natives will not communicate about it.

It seems to have been a magnanimous effort at good faith to relieve the Spanish prisoners rather than an act of belligerency. It is distressing of course to all Americans but is one of the vicissitudes of war.

There is a fairly substantial effort on the part of peaceable Filipinos to effect a peace by getting an offer of terms from Gen. Otis and the acceptance of the same by Aguinaldo. The great danger, however, is in "Agie's" cutting off the head of the man that dares to approach him, this danger, however, may have been modified by that leader's late unfavorable experience.

Gen. Lawton himself has expressed the fear that it will take 100,000 troops to garrison the islands to effect the desired purpose of bringing about complete order in the Philippines.

Bucklen's Arnica Salve.

Mr. Fink's Call.

Some people say, this morning, that Mr. Fink's call for primaries "is not regular." According to facts about it, given by yesterday's Standard editorially, there is nobody else to make the call and nobody to fill vacancies on the committee. All good Democrats want to see our organization kept up and the expression of its primaries obeyed at the ballot box. Now, if the call is in anyway irregular, and we say it is not under the circumstances, let's remedy that irregularity by every Democrat, included in the call, going to the primaries on the night of April 25th, next Tuesday night, and making such nominations, for all offices to be filled for our city this year, as will best promote our welfare and keep our party united. Organization Democrat.

THE BEST PRESCRIPTION FOR CHILLS

and fever is a bottle of Grove's Tasteless Chill Tonic. Never fails to cure; Then why experiment with worthless imitations? Price 50 cents. Your money back if it fails to cure.

Going Into Their Pretty Residence.

Mr. Frank Goodson is moving into his new house on the corner of Depot and Spring streets. This is one of the prettiest residences that it has been our privilege to scan in Concord and the inmates would hardly be up to laudable pride if their new home were not a new joy and a genuine source of pleasure. We think if we were a millionaire we would be content to warm that house.

Superior Court Next Week.

Next Monday morning the extra term of Superior court will open with Judge Shaw on the bench. No special cases are on the docket for this court. There will be an unusual number of whiskey cases to examine which will no doubt result in several sentences to the chain-gang as some of them are very plain cases. The Foreman-Black affair is also on the docket for this court.

The Band to Be Here Next Week.

From one of Capt. Edward Hill's letters home he states that the First North Carolina regimental band will be here on Wednesday night of next week. While going to different points over the State the members of the band will be the guests of the soldiers.

From the New Eldorado.

Sheriff Peck has placed on our shelf some specimens of the copper ore from the Nussman mine in No. 7 township. Mr. Hambley is operating the mine. We have not a geological eye, but these specimens seem to have much of the corroded copper appearance. They are said to be good specimens.

The Sheriff tells us that the vein about Gold Hill is nearly straight, and beginning at Gold Hill the first deposit is gold, the next down the line is copper, the next two mines are gold, and the 5th is copper. He says there is a business breeze along the line.

Got Himself Killed Only.

We learn, by 'phone from the Observer office, that a negro, recognized as an escaped convict by the name of Brazzo, was killed between 3 and 4 o'clock this (Wednesday) morning at the Oliver Oil Mills in Charlotte.

The night watchman met him just as he was coming out of the office, and the negro drew a pistol, but the watchman was too quick for him and shot him. He expired in a few minutes. It seems he accomplished nothing but to get himself killed.

Wonder If He Saw This.

He was immured in the darkest dungeon beneath the castle moat. "If I had a saw, a file, or anything," he moaned as he looked at the solid iron bars across the solitary window. Then a thought struck him, his face brightened like a Cripple Creek conflagration. Rapidly running over his supply of collars, which had just come from the laundry, he selected one fitted to his purpose. Five minutes later the great middle bar of the window, dextrously severed by the saw like edge of the laundered collar, fell apart. He was free.

If he had had his collars Laundered at the Concord Laundry he would be in jail yet.

We have a device for ironing the edge of collars and cuffs and return them to you with a perfectly smooth edge, try us. Inquire about the Cleaning Club.
