THAT FUSION BOARD.

The decision of the Supreme Court by which Capt. Day holds his place as superintendent of the penitentiary has upset the minds of fusionists that had submitted gracefully to the work of the legislature, conscious that the verdict of the State had repudiated the fusion regime in the State, so that now they are gathering themselves together and are going to hold on to everything possible. The board of directors of the Agricultural Department has passed a series of resolutions that they present to the members elected by the last legislature telling these that they, the fusionists, are the "onlits" though a number of them are out by expiration of term. They plainly tell the law, "You are not in it." To make sure, they are making fast the windows new-looking the doors and setting a watch lest the wicked intruders make a raid at night.

It is hard dying but it will be over if another popular blow has to be struck to do it

These Jacobs Cigars.

There has come to light a gigantic scheme at Lancaster, Pennsylvania, to defraud the government by the use of bogus revenue stamps on cigars. The fraud amounts to probably \$125,000. Revenue officers are picking up these cigars from the merchants who are so unfortunate as to have purchased them.

In Charleston we notice that 106,000 were seized. In Charlotte 100,000 were hauled in but all but 11,000 were released. At Savannah 250,000 were raised. Concord yields 3,000 and China Grove don't smoke 1,300. Salisbury must look out for 14,000 from some where else or let up somewhat on puffing the weed

It is probable, however, that the innocent purchasers will yet be allowed to restamp the cigars and the government will make Jacobs smoke.

Rowan in the Swim.

Our sister county, Rowan, seems to be getting a new move on. A halo of copper color, suddenly appeared in the sky of her prosperity recently. Then came the elegant chick of eleven millions and now she is about to warm up, it seems, with coal of her own. We expect her to strike "ile" yet.

NO CURE, NO PAY.

That is the way all druggists sell Grove's Tasteless Chill Tonic for chills and Malaria. It is simply Iron and Quinine in a tasteless form. Children love it. Adults refer it to bitter, nauseating Tonics. Price, 50c.

THE DRUMMER'S DREAM.

A little room in a little hotel
In a little country town,
On a little bed with a musty smell,
A man was lying down.

A great big man with a great big snore,
And he lay on his back, you see—
And a peaceful look on his face he wore,
For sound asleep was he.

In his dreams what mar'vous trips he made,
What tremendous bills he sold!
And nobody failed and everyone paid,
And his orders were as good as gold.

He smiled and smothered a scornful laugh,
When his fellow-drummer blowed;
For he knew no other had sold the half
Of what his order book showed.

He got this letter from home one day:
"Dear Sir—We've no fitter term
To use in your case than to simply say,
Henceforth you are one of the firm."

And glorious change he made in his life;
He now from the road withdrew;
And really soon he got to know his wife,
His son and his daughter, too.

And then he moved from his obscure flat
To a house on the avenue;
Lived swell, was happy, got healthy and fat,
Respected and wealthy, too.

But with a thump, bang, whang!
Thump again,
The landlord stood at the door,
"It's purty high time for that 6:10 train!"
And the drummer's dream was o'er.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions, but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., N. Y.

New York now enters the lynching bee business and strings up a negro for stealing \$61 from a drunken man, while thus good people howl with holy horror if a Southern nigger is lynched for criminal assault upon white women.—Times-Visitor.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city and to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by P B Fetzer's Drug store.

Newspapers a Good Thing.

The Monroe Enquirer tells of a good farmer, one of Union county's most successful pork raisers, who wraps his pork hams and shoulders in newspapers every spring. He says that paper, keeping out dampness and insects, is the very best material yet invented in which to wrap cured meat. That is a new one on us, and we are glad to know that somebody can put more meat into a newspaper and get more out of it than the editor. This reminds us to speak of another new one sprung on us the other day by a good lady who is accomplished in looking well after her own household. She says that to induce sweet potatoes to keep safely, nothing is better than wrapping them in newspapers separately like lemons. Both of these suggestions are worth trying by our readers. Now is the time to subscribe and thus begin to lay in a supply of papers.—Gastonia Gazette.

If troubled with rheumatism, give Chamberlain's Pain-Balm a trial. It will not cost you a cent if it does no good. One application will relieve the pain. It also cures sprains and bruises in one-third the time required by any other treatment. Cuts, burns, frostbites, quinsy, pains in the side and chest, glandular and other swellings are quickly cured by applying it. Every bottle warranted. Price, 25 and 50 cts.—M L Marsh & Co.

Still Moving in the Philippines.

Gen. Otis has inaugurated a new movement on Anguinaldo and his forces. They are said to be at the new capital, Calumpit, about eight miles to the North of Malolos. The country is rather strange and not very well mapped. It is said to be a well settled region and is a city of 2,000 substantially built houses. It appears that Gen. McArthur will approach by the front and Gen. Lawton by circuit with the hope of getting in the rear. This new stronghold will absorb the interest for a few days now till disposed of.

The Fourth Nebraska and the Fourth Cavalry got into a sharp fight on the 23rd and lost some 7 men killed and 44 wounded.

Since writing the above we note that our troops have arrived at Calumpit with some fighting. The place will doubtless fall soon.

CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

Mrs. Marion Trear McKay, who has just been married, received a wedding gift of \$100,000 from her divorced husband. As he is now freed from paying \$25,000 a year alimony the gift may be considered a "bankgiving offering."—Daily Sun.
