CONCORD, N. C., MAY 8, 1899.

The Greensboro Patriot came out on the 3rd inst. in an extra of 28 pages that for neatness of cuts and variegated colors is unique. It is a handsome writeup of business of Guilford county's leading men and enterprises and is highly creditable to the Patriotic editor.

Beautiful Words of Gov. Chandler.

A monument was unveiled at Onitokamauga Park Thursday in honor of the Georgia troops in the great civil war.

The following beautiful tribute was paid by Governor Chandler as he received it and then transferred it to the care of the general government:

"Waiving all inquiry as to who was right and who was wrong, in the fratricidal conflict of 1861, where is the American who is not proud of the names of Lee, the cavalier; Stonewall Jackson, the Puritan; Albert Sidney Johnson, the Chevalier Bayard of the South; Joseph Johnston, the Fabius of the Confederacy, and J. E. B. Stuart, the Marshal Ney of the Lost Cause. Who does not honor our illustrious Georgians, Longstreet and Gordon and Wheeler, and Walker, who perished in front of Atlanta. All men from Maine to Texas and from the Lakes to the Gulf respect and honor them for their chivalrous bearing and sturdy manhood as all unprejudiced men must and do honor the illustrious Grant, and the indefatigable Sherman and the gallant McClellan for their deeds of valor and heroic devotion to the cause each believed to be right. All of these, no matter under which flag they fought, were Americans and the deeds of daring and heroic achievements of all of them reflect glory on the American name. We in Georgia honor all of them alike because they were all Americans and worthy of honor, but we will be pardoned for according equal honor and more love to the sons of Georgia, children of the Empire State of the South. For this reason we erect this monument and inscribe on it the names of Georgia's gallant sons, immortal names that were not born to die."

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions, but changes them to a natural and healthy character.

BROAD TIRES.

The Destructiveness of Our Present Narrow Tires on Vehicles—The Advantages of Broader Tires

Written for The Standard.

Narrow tires being one of our worst enemies, we should, by all means, guard ourselves against the destructive agency and substitute an article which will be more beneficial to us. The wide tires on wagons are what we worst need. This tire, it appears, should be from four to six inches in width. It will keep our roads from rutting, and save what macadam roads we have. The broad and narrow tired wagons have been tested on macadam, gravel and dirt roads and it was found in the majority of cases that the six inch tire was far more favorable than the one and one-half inch one. The draft is materially less when the broad tire is used, thus one can see at a glance that we should encourage the use of such a tire. We admit there are some cases in which the six inch tire could not be used to the best advantage, but after summing up the tests made on dirt roads we find that there are but three conditions on which the broad tires draw heavier than the narrow ones, viz:

1 When the road is sloppy, muddy or sticky on the surface and firm or hard underneath.

2 When the surface is covered with a very deep, loose dust and hard underneath.

3 When the mud is very deep and so sticky that it adheres to the wheels on both kinds of wagons.

These conditions, however, are somewhat unusual and usually of comparatively short duration. There are more days in the year, and a times when the dirt roads are most used, that the broad-tired wagon pulls considerably lighter than the narrow-tired wagon.

On meadows, pastures, corn ground, stubble land and plowed ground in every condition the difference is in favor of the broad tires.

We sincerely hope that our fellow farmers and the public in general may give the matter careful consideration and in a few years our narrow-tired wagons will have given place to the broad-tired ones.

X

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. Lynch, Dorr, W. Va. This remedy is sold by M. L. Marsh & Co.

The Work of Lightning.

The news comes to us of the work of lightning one day last week near the Phoenix mine in No. 9 township. Frank Bost and his wife, colored, went into a spring house during a slight storm. Both were very near a post in the spring house when a bolt of lightning came and centred the post, knocking both of them unconscious, and inflicting a gash in his head, caused by a splinter from the post being cast off and striking him. She was unconscious for several hours.

The ancient believe that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infiction is demoniac enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the Pain, and this quick relief which it affords is alone worth many times its cost. For sale by M. L. Marsh & Co.

Says He Killed Dolly Reynolds.

Dr. Samuel J. Kennedy is in Sing Sing prison, New York, under sentence of death for the murder of Dolly Reynolds last August. Recently, however, one Richardson T. Nicholson, in prison in London, has made a confession that he killed Dolly and that the doctor is innocent. The confession has been forwarded through diplomatic channels to Washington and thence to Governor Roosevelt. There may or may not be reality in it. Richardson's story is hardly reconcilable as he says he shot her, where a sit seems she was killed with a stroke and not shot. Much of his story sounds as if he had been there, though.

The "Hobson Sluggers" Captured.

On last Saturday our smaller baseball team went to Charlotte and met the much-boasted-of "Hobson Sluggers." The boys proved to be as fascinating as the Miss Arnold and the Hobsons fell victims by the score. The Charlotte boys have the right name. They are captured, like Hobson, both by their Merrimac scheme and their kissing. The Charlotte Observer in speaking of the game, says "the Charlotte boys were not in it. The Concord juniors have inherited their ball talent and are crack-a-jacks." The score stood 12 to 6 in favor of our boys. The tie will be played off later.

A Horse Kills a Child.

We learn of a very sad accident at the home of Mr. Lee Shulenberger, some miles on this side of China Grove. As we get the story, it seems that his 8-year-old son was in the barnyard on Saturday evening, and a horse on being turned out of the stable ran over the child. One of the horse's feet came down squarely on the child's head and killed him.

He is Home and Well.

Clarence Brown, one of the members of Capt. Edward Hill's company, and who had a case of typhoid fever, arrived home last Saturday night from Fortress Monroe, where he has been for some time. He left Cuba only a short while after our boys came over to Savannah. He is looking very well now and has recovered from his malady.

Mr. Odell Contributes Also.

Mr. W. R. Odell has contributed five dollars to the fund for the transportation of one of the veterans to Charleston to the reunion. His contribution was given to Mr. Tobias Weaver, of Forest Hill.

NO CURE, NO PAY.

That is the way all druggists sell Grove's Tasteless Chill Tonic for chills and Malaria. It is simply Iron and Quinine in a tasteless form. Children love it. Adults refer it to bitter, nauseating Tonics. Price, 50c.

Fire in Greenville.

Fire destroyed a considerable portion of the business part of Greenville last Thursday night. Eleven stores, beside three bar rooms and other buildings were destroyed.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood the severest tests, but her vital organs were undetermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottle free at P. B. Fetzler's drug store. Regular size 50c and \$1.00. Every bottle guaranteed.

THE RACKET.

Yesterday closed the sale of Towels; 1,152 sold in 10 days. This is a record breaker, but there is no limit to the demand for an article that is bought and sold right. We gathered them in at 50c. on the dollar and sold them the same way.

We are now offering a lot of Men's heavy seamless Sox, bought at a fire sale, for 5c. These goods are well worth 8 1-3c.; in fact that is the regular retail price of them. 1 case of fine Printed Lawn Remnants at a sacrifice.

Ladies Crash Skirts, 28c. up.

Shirt Waists, 25c. up.

Gents' Linen Collars and Cuffs 5c up
We also received a big lot of Gents' Colored Shirts from 25 to 95c.

We sell an unlaundered white shirt for 25c. and a \$1 for 50c.

Feather Pillows, 50c. each.

New lot of Belt Buckles 25 to 48c.

Beauty Pins, 2 1-2 and 5c.

10c. Chambrey at 8c.

New lot of Tinware in yesterday.

D. J. Bostian.
