CONCORD, N. C., MAY 23, 1899.

We see it stated that money lends at 12 to 18 per cent in Venezuela. If so, insecurity must be at fault or there would be a regular dumping of money there instead of lending in the great money centres at three and a half per cent and less.

Gen. Shafter has turned up in Alaska. The controversial drift in the recent war seemed to indicate that he was expected to win laurels at Santiago and that he wanted, above all things, to survive and enjoy them after the war, but he came near an entire failure and our doughty little Southern hero took the laurels. The corpulent general will probably enjoy getting as far away from Santiago latitude as possible and would doubtless be glad to forget Santiago while he cools himself off in the high regions.

Let Her Go at That.

An aged rural citizen engaged the local town poet to write an obituary on his brother. After numerous failures the poet submitted the following:

He left this world of sorrow
And entered heaven's gate,
With a spotless robe of glory on,
At twenty minutes to eight.

"Well," said the old man, as the effort was read to him, "hit was r'ally fifteen minutes past 9 when he got thar, 'cordin' ter my timepiece, but, sayhow, he wuz such a liar hit don't make no difference. Let her go at twenty to 8."—Atlanta Constitution.

Beats the Klondike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at P. B. Fetzer's drug store. Regular size 50 cents and \$1.00. Guaranteed to cure or price refunded.

Probably Not True.

There is an unconfirmed report that the United States war vessel Detroit was "fired on by the Nicaraguan vessel San Jacinto and that the latter was sunk by the Detroit. It bears the appearance of a fake, however, and is not credited at Washington.

THE BEST PRESCRIPTION FOR CHILLS

and fever is a bottle of Grove's Tasteless Chill Tonic. Never fails to cure; then why experiment with worthless imitations? Price 50 cents. Your money back if it fails to cure.

The Cigarette Evil.

The following seems to be a very strong pointer against an evil that so few defend, save by practice, and against which it would seem that the array of facts and figures could not remain impotent:

Cincinnati, May 22.—The National Convention of Charities and Corrections was addressed today by George Torrence, of Pontiac, Ill., superintendent of the Illinois State Reformatory, on "the relation of the cigarette to crime." After reciting his experience with boys coming to his institution, Mr. Torrence said: "I am sure cigarettes are destroying more boys, and making criminals of them, than the saloons."

In his reformatory now there are 278 boys. Of 63, averaging 12 years of age, 58 were cigarette smokers. Of 133, averaging 14 years of age, 125 were cigarette smokers. Of 82, averaging 15 years, 73 were cigarette smokers. This demonstrates that 92 per cent. of the whole number were cigarette fiends at the time of committing crimes for which they were committed to the reformatory.

The general discussion developed a similar experience with others connected with reformatories for boys.

Beware of Ointments for Catarrh That Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., of Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75 cents per bottle.

Bust of Zebulon B. Vance.

We note in the program of the University commencement that a bust of the Zebulon B. Vance is to be presented to that institution. A dispatch from Chapel Hill says: "A magnificent marble bust of Zebulon B. Vance, North Carolina's great dead Senator, has been received here for presentation by the senior class at commencement. The bust is life-size. It is the work of North Carolina's artist son—Randall—and is a highly valued piece of workmanship. Mr. Randall's part in the gift is a reduction of several hundred dollars in the price of the busts. It will be placed in the University library, and treasured among the dearest possessions of the institution."

An Enterprising Druggist.

There are few men more wide awake and enterprising than P. B. Fetzer, who spares no pains to secure the best of everything in his line for his many customers. They now have the valuable agency for Dr. King's New Discovery for consumption, coughs and colds. This is the wonderful remedy that is producing such a furor all over the country by its many startling cures. It absolutely cures Asthma, Bronchitis, hoarseness and all affections of the Throat, Chest and Lungs. Call at above drug store and get a trial bottle free or a regular size for 50 cents and \$1.00. Guaranteed to cure or price refunded.

UNDER THE REIGN OF PEACE.

When the swords shall all be beaten into plowshares, and the gun That is carried for our glory by the men in blue today Shall be hung above the mantel— when the war god's work is done,

And disputes shall be adjusted in a calm and gentle way; When the awful thirteen-incher that pours out its thunders now

Shall be spiked and set to guard the peaceful entrance to some park—

When the nations shall agree upon disarmament, oh how May the Dewey or the Funston ever hope to make his mark?

When inhabitants of Boston, having heard that peace has come,

May boldly venture from beneath their beds to look around;

When men shall feel none of the thrills let loose by fire and drum,

And when the prancing war horse shall have ceased to paw the ground—

O, in that age when all the world shall bow to Christian law,

What will the lovely woman grow ecstatic o'er who dote Upon the warrior, not for what he does, but just because

He wears a few brass buttons and has tinsel on his coat?

When the order shall be given to stack arms for good and all.

And the ensigns that are floating in the breeze today are furled;

When a dozen gaily gentlemen may gather in some hall

And proceed to fix up matters for the whole enlightened world

O, in that noble age, when powder's usefulness is through

When there shall be war ships, and no battles to be won;

What will they do to let mankind know of their valor who

Now stay at home and tell us how the fighting should be done.
