WASHINGTON IN GLORY.

The Peace Jubilee Opened in Splendor—Gen. Wheeler the Hero.

The Peace Jubilee opened in Washington Tuesday morning at sunrise with a national salute of 13 guns followed by the chiming of bells and blowing of steam whistles and a general air of jollity.

It was estimated that fifty thousand men were in the parade. Gen. Wheeler was the principal figure in the parade.

At night it is estimated that seventy-five thousand people saw the magnificent fire works which included the battle of Manila and portraits of the president, Admiral Dewey and others.

They Get a Part of the Proceeds.

The North Carolina Rolling Exposition will be here next Friday and Saturday and the people will have a chance to view the different specimens of woods, grains, minerals, birds, fruits, etc., of the Old North State. This car was here once before during very inclement weather and is not as some think, the same as the Florida car, which also visited us. A part of the proceeds made while here will be given to the Daughters of the King and the Ladies Missionary Society of Central Methodist church.

Two More Enlist for Service.

Two more recruits were taken in Tuesday night at the depot by Mr. Jno. Cruse and regularly enlisted for service on the chain gang after standing the necessary examination before Mr. Geo. W Means, who keeps the enlisting papers and notes the number of days of service in this life. Rations were issued them today (Wednesday) by officer Benfield after they reported for service. Twenty cents per day and rations are allowed them.

To Marry During Commencement.

On next Tuesday evening at Mt. Pleasant Rev. H A McCulloch, formerly pastor of St. Andrews Lutheran church here, but who is now pastor of the Lutheran church at Cameron, S. C., will be married to Miss Lillie Blackwelder, of our county, who is now attending school at Mont Amena Seminary, and who will graduate on next Monday.

The Graded School Commencement.

The commencement exercises of the graded schools will be held at the court house Friday night at 8 o'clock. A small fee will be charged for the benefit of the library—10 cents for adults and 5 cents for children who do not have tickets.

The ancient believe that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by M. L. Marsh & Co.

NORTHWEST CABARRUS.

The Village of Talin to Increase Its Business Capacity—Love Getting in Its Work—Other News.

Mill Hill, May 25.—The communion services at Gilwood on last Sabbath, conducted by Rev. Pharr, were attended by a large crowd. A most interesting lecture was delivered to the Sabbath school by Rev. Casidy, of Davidson.

Mr. W B Bradford, who is now taking a business course in Charlotte, spent Saturday and Sunday at his home near Talin.

The Goodnight Bros. are soon to erect a new cotton gin and saw-mill in the little village of Talin.

A real case of love, which is being carried on in the town of Saunders, is expected to end in matrimony ere the fall of the autumn leaves. One is also expected near Erskine.

The Field family, who have resided in China Grove for sometime are again welcomed to their old home in our community.

The farmers are very busy in their cotton and corn crops; though midst the rush of the busy season, quite a number passed through our town this morning on their way to Concord.

Services will be held on next Sabbath afternoon at Nailoh at the regular hour.

Wants the Smaller Towns Scared Up. The Greensboro Telegram says:

The first-class cities of North Carolina have "had it out" with small-pox. The second-class towns will now proceed to receive visits, and the demon is at present engaged in terrifying the good people of Morganton out of their wits. We know of a certain comatose municipalities of the State to which an "epidemic" would be a great benefit. They should scare up some kind of itch or some chicken indisposition, send for Dr. Long, spread upon the winds that the real article is in town, and order a shot-gun vaccination. Really, the exercises they would be compelled to go through in scratching would be eminently beneficial, if no other good resulted.

Strawberries Going to Waste.

A correspondent from Magnolia, Duplin county, to the Morning Star, says that thousands of bushels of strawberries will be left in the fields as the price does not justify the gathering and shipping.

Mr. Robt. Ridenhour Hurt.

On Tuesday afternoon Mr. Robt. E Ridenhour, the proprietor of the steam laundry met with an accident at the laundry. The injury was bad but could most easily have been much worse. While he was standing beside the collar and cuff ironer, which machine is equipped with two rollers, one roller being heated with gasoline, his arm was caught and carried in to just above the elbow. Fortunately the highest pressure was not on the machine and the roller was not heated.

The roller commenced mashing his arm about the wrist. The machine was stopped but it took some time to remove the pressure in order to remove his arm. No bones were broken neither was the flesh in any way torn, but the arm is bruised.

A South Slanderer Handled.

Last night A H Dawson, a cigar drummer of Philadelphia, who was in the city, posed for a short time as a South slanderer. He made several slighting remarks about the country and the heroes we worship, but he was taken down in good style by several gentlemen and given a lesson he will not soon forget.—Salisbury Sun.

About the Philippines.

The Filipino peace commissioners are gaudily dressed and are having a picnic in Manila, being shown around and entertained. Not much progress is being made toward peace and yet there is hope that the effort will not be in vain.

There are good evidences that there is lack of concert in sentiment and action among the natives while there is opportunity afforded to see that American rule would be better than native misrule. Prof. Schruman is hopeful and President McKinley is fairly well pleased with the situation.

House Broken In By a Tree.

The Greenville Reflector says a wind and hail storm passed near Winterville last Thursday doing much damage to crops. It blew down a large oak on Mr. David McClahan's kitchen crashing through and breaking stove, dishes, etc.

Beats the Klondike.

Mr. A C Thomas, of Marysville Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at P B Fetzler's drug store. Regular size 50 cents and \$1.00. Guaranteed to cure or price refunded.

A foot of hail fell near Paolet, S. C., Monday. The cotton crop was badly damaged as was also the wheat and oat crops. A gentleman from that section tells a News reporter that the storm was the worst ever experienced in his State. The hail fell for nearly an hour and was in large stones.—Charlotte News.

AN EPIDEMIC OF WHOOPING COUGH.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—John L Clifford, Proprietor Norwood House, Norwood N. Y. This remedy is for sale by M. L. Marsh & Co.

Malignant Yellow Fever at Vera Cruz.

Laredo, Texas, May 23.—United States Marine Officer Hamilton, of this city, has received a report from the United States Marine Service representative at Vera Cruz, Mexico, which shows that the yellow fever prevailing there is of a very malignant type. From May 1st to May 20th there were 148 cases, of which 67 per cent. proved fatal. New cases are developing at the rate of 8 or 10 per day.

NO CURE, NO PAY.

That is the way all druggists sell Grove's Tasteless Chill Tonic for chills and Malaria. It is simply Iron and Quinine in a tasteless form. Children love it. Adults refer it to bitter, nauseating Tonics. Price, 50c.
