## MORE STREET BUSINESS.

Another One Asks for Damages to Property On South Main Street—The Contract of Last Board Claimed Not to Have Been Compiled With By the Present One—New Uniforms for the Policemen.

The town fathers held their regular monthly meeting Tuesday night.

Mr. G W L Sherrill asked for damages to his property on South Main street, done by the cutting down of the street some time ago. The matter was referred to the street committee.

Col. P B Means claimed that the present Board was not fully carrying out the contract made by the preceding Board as to the work on his property damaged by the cutting down of South Main street. The matter was referred to Messrs Geo. W Brown and G T Crowell for action.

The sewerage question, which question is these days being talked quite much by the people in some parts of the town, was discussed and the matter has been referred to the electric light and water works committee for them to investigate and report at the next meeting.

The city tax collector, Mr. Sam Ervin, was allowed two and one-half per cent for collecting taxes. Two and one-half per cent is allowed for the collecting of the school fund. Last year the general and interest fund was collected for one and one-half per cent.

It was ordered that regulation uniforms be purchased for the policemen at once. If the policemen serve as much as six months the cost of the uniforms will be paid by the town, otherwise the man who wears it must pay for it.

An effort will be made to have the firemen of this place attend the tournament in Greensboro from August 14. Mayor Means has proposed, unsolicited, to pay the railroad fare and hotel bill of any one of the members.

## NO CURE, NO PAY.

That is the way all druggists sell Grove's Tasteless Chill Tonic for chills and Malaria. It is simply Iron and Quinine in a tasteless form. Children love it. Adults refer it to bitter, nauseating Tonics. Price, 50c.

## More Work of the County Commissioners.

Messrs Dowd & King, of Charlotte, were paid \$111.75 for the work at the jail—putting in sewerage pipes, drainage pipes, etc.

Messrs C McDonald, J M Alexander, and Geo. C Goodman were appointed advisory board of pensions. They are to report at the July meeting.

The Board was unable to finish all of its work this month on account of the delay in regard to road matters. They will meet again on next Monday, when the jury box will be purged, the jury for the July term of court drawn, and the taxes for the coming year levied, besides some action probable about the proposed roads towards Rocky River.

## Mrs. Elizabeth White Dead.

On Tuesday night at her home near Sossamon's Springs, an aged lady of our county died, who has numbers of relatives of that name in our county. It was Mrs. Elizabeth White, the widow of Mr. McCamy White. Mrs. White had reached the old age of 73 years, and was a grand-daughter of one of the original Cabarrus Black Boys, who set fire to the powder wagons near here as they were on their way to Hillsboro.

She was the mother of John White, Hall White, and Robert White, of this county. The funeral was preached at the home today (Wednesday).

## THE BEST PRESCRIPTION FOR CHILLS

and fever is a bottle of Grove's Tasteless Chill Tonic. Never fails to cure; Then why experiment with worthless imitations? Price 50 cents. Your money back if it fails to cure.

Would Not Suffer So Again for Fifty Times the Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G H Wilson, Liveryman, Burgettstown, Washington Co., Pa. This remedy is for sale by M L Marsh & Co., druggist.

## An Object Lesson.

The advantage of good roads in expending travel is shown by a comparison of the time made by an automobile which recently traveled from Cleveland to New York a distance of 218 miles, with that consumed by a French horseless carriage in going from Paris to Bordeaux, 385 miles. The Frenchman made thirty miles an hour, the American a little over fifteen miles. Presumably the American machine was as good as the French, for no better machinery of any kind is made abroad than America produces. The difference of nearly 100 per cent in favor of the French automobile is due to the superiority of French roads. France produces the best civil engineers in the world, the country has been settled for centuries, although the era of good road-making doesn't date back much more than a century. With the strong national bias toward science and art, it is not strange that France has superior roads.

## Gomez Gives Counsel and Departs.

General Gomez has issued his last manifesto and said goodbye. He is going to his home in San Domingo to live quietly among his friends. His counsels to the Cubans is peace and progress that Cuban independence may be the more quickly secured. The old hero seems the most level-headed of all the tribe.

## Ammunition, Too.

Raleigh not only has the gun captured at Manila, but has a lot of ammunition, which is in the museum. There are 160 shells weighing 1 1/2 pounds each. The balls are pointed steel and covered with copper. They explode, too, when they strike something firm.

## Let No Mistake be Made.

It is evident the selection of a president for the A. and M. College is arousing very great interest. This is as it should be. It is an important position. Upon the wise selection of the gentleman to fill it very much depends. We sincerely hope no mistake may be made.—Raleigh Post.

## Young Man to the Chain Gang.

On Tuesday night Policeman Goldston arrested a young man for beating his way on the train. On trial he gave his name as Charles Savin, of Charlotte. He was unable to pay the fine and the costs and hence goes to the chain gang to work for the payment of them.

## A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has Lame Back and Weak Kidneys, Malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to Liver and Kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at P B Fetzer's drug store.

## Peace in Samoa.

Peace again reigns in Samoa and the crusty Germans submit gracefully to the English and American decision that Malietoa Tanus is king. The Mattaafans are surrendering their arms and the rebellion is stopped. The Samoan commission did an effectual work and now all is serene and lovely.

## Fiske's History Condemned.

The Grand Camp of Confederate Veterans of Virginia has passed a resolution condemning Fiske's History as unfair to the South and unfit to be taught in Southern schools.
