TO SECURE PARTY HARMONY.

Senator Morgan, of Alabama, one of the most ardent free silver men in Congress, is evidently convinced that the time has arrived when conservatism must rule his party, so that all sections of the Democracy can be welded together, even at the expense of throwing Bryan overboard.

"I very much fear," said Mr. Morgan, "that the Democratic party of the East and North cannot be brought into harmony with the party of the South and West until we have a candidate who is recognized for his wisdom and willingness to follow the instructions of the party when his party has power to issue instructions through legislation."

Senator Morgan said his idea to bring about harmony was to nominate a man willing to say to the party something like this:

"When my party is able in Congress to pass a free coinage bill I will not veto it, but will permit it to become a law. Whatever my own opinion may be, I believe the combined wisdom of my own party in Congress is better than mine."

"The man who will make such an announcement and live up to it can easily," continued Mr. Morgan, "be elected by the Democrats to the presidential office. Then if the people see fit in their respective districts to elect advocates of free coinage of silver to Congress we should have it."

Senator Morgan instanced Cleveland's vetoing of the silver bill in 1894 as a deplorable incident. He believed a man could be found who would so follow the will of the party, and that that was the only way this great question could be settled. He could name several such men, but that was not his province. Common sense and loyalty were better factors in making a good administration than a too high degree of what is known as a statesmanship.—Washington Dispatch.

"You always patronize young doctors, I notice, Mr. Higgs?" "Yes, they are timid about making big bills, and they take a genuine interest in their patients."—Detroit Free Press.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city and to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by P B Fetzer's Drug store

WHEN PA BEGINS TO SHAVE.

When Sunday mornin' comes around

My pa hangs up his strop,
And takes his razor out an' makes
It go c'flop! c'flop!

An' then he gits his mug an' brush

An' yells t'me, "Behave!"
I tell y'u, things is mighty still—
When pa begins t' shave.

Then pa he stirs his brush aroun'

An' makes the soapsuds fly;
And sometimes, when he stirs
too hard,

He gits some in his eye.

I tell y'u, but it's funny then,
To see pa stamp and rave;

But y'u musn't git ketch'd laffin'—
When pa begins t' shave.

Th' hired hand he dasen' talk,
An' even ma's afeared,

An' y'u can hear th' razor click
A-cuttin' through pa's beard!

And then my Uncle Bill he laffs
An' says: "Gosh! John, you're
brave!"

An' pa he swears an' ma jest
smiles—
When pa begins t' shave.

When pa git done a-shavin' of
His face, he turns around,

And Uncle Bill says: "Why John,
Y'ur chin looks like ploughed
ground!"

An' then he laffs—jest laffs and
laffs,

But I got t' behave,
Cos thing's apt t' happen quick—
When pa begins t' shave.

A Cuban on Cuba.

"Oh! General Lee is the man. We Cubans love him," said Jose Mateo Quintero, of Pina del Rio, Cuba at New Ford's last night.

"He is the great American," continued Mr. Quintero, enthusiastically. "All Cubans think so, and they are sorry he is not the Governor of the island instead of Gen. Brooke.

Gov. Brooke is a good man, but he doesn't understand the Cubans like Gen. Lee does. You Americans ought to see the ovations Gen. Lee receives every time he appears in public. The Cubans cheer themselves hoarse."

OPPOSES ANNEXATION.

Regarding the annexation of Cuba to the United States, he expressed very decided views.

"Your Country has saved Cuba," he said, "and every true Cuban feels the deepest gratitude. America is the greatest nation on earth, and her people are all free. But we wish to be independent. We want our own government and our own flag. We want to rule ourselves, to make our own laws, and to execute them."

"It may be that we still only demonstrate our inability to govern ourselves. But we wish to make a trial. If we fail it will then be time enough for the United States to come in and take possession. I know many Cubans express contrary opinions to these, but deep in their hearts they hold similar views."

CUBA IS CLEAN AND ORDERLY.

Regarding the present condition of Habana and Cuba, he spoke most interestingly.

"Habana is as clean as this floor," he said, pointing to the tessellated pavement of the lobby. "The American cleaned it up. The city was never clean before. There is sickness there, but not so much as usual at this season and after awhile there will practically be none."

"In the country districts it is very healthy. Why shouldn't it be? The land is beautifully rolling, and there are no marshes in Cuba. But the country is desolate. However, it is recuperating with the restoration of order. The talk about outlawry in Cuba is all false. There is stealing just as there is stealing in Richmond. There are murders committed sometimes, but I understand people are sometimes slain in Virginia also. More or less lawlessness always follows a war. I expect you had it in the South after your war ended."

"The payment of \$75 to every soldier in the Cuban army has had a fine result," he continued.

"The soldiers have by this means been able to support themselves until they could get work, or to start in business with their little capital.

SPANISH ATROCITY.

"You Americans have no idea of the condition Cuba was in when the Americans took possession. Why, in the province of Pinar del Rio, now in command of Gen. Lee, from the time Gen. Weyler landed in Cuba until he went away, 125,000 people, according to Spanish statistics, died of starvation, or in person, or were put to death. An American can form no idea of Spanish cruelty and oppression. In my city of Pinar del Rio it was no uncoming thing for us to get, up in the morning and see lying in the street in front of our house friends who had been arrested by Spanish soldiers at night and shot to death on the way to prison. Times like those made men grow old very fast and before their time. Cuba will never see the like again, for whether independent or a part of the United States, she will be free."

Mr. Quintero is a very intelligent man of education and means. He speaks English fairly well. Mr. Dominguez speaks but little English. He is a pharmacist of Pinar del Rio. Mr. Quintero is a "proprietaire," which is apparently the Spanish equivalent for gentlemen of leisure. The two have been travelling in the South on business and pleasure for about two months. They will remain in Richmond two or three days and will then go to Washington and cities of the North.—Richmond Dispatch.

Beats the Klondike.

Mr. A C Thomas, of Marysville Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvellous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at P B Fetzer's drug store. Regular size 50 cents and \$1.00 Guaranteed to cure or price refunded.

NO WEAR AND TEAR!

Is the laundry hard on your goods? Some are. Examine your goods as carefully when you send them to us as when you receive them back again and you will find that we sew up many a rip, mend many a button hole, put new neck bands on shirts not too badly worn (when requested), and in many ways try to prolong the use of your linen. One trial is not a test. Often damage has been done in previous laundering and we get the blame. Give us your steady patronage and we will guarantee your linen to last longer than when done at many other laundries.
