STATESVILLE IS COMING.

At last Arrangements Are Made With the Management of the Statesville Team for Them to be Here on the 25th and 26th.

It will be remembered that our boys went to Statesville and played the Iredell boys two games of baseball. In one game we were defeated and in the other we made a tie game out of it. There was some trouble in regard to some remarks made, too.

But it is not intended there will be any trouble here when the Statesville boys come, and we are expecting a good, open, fair contest with the boys on Tuesday and Wednesday, the 25th and 26th of this month.

There is no doubt but that Statesville has a heavy team this year and is laying out almost every team that dares to come before her, but our boys ever since their game up there have been aching to get a good game with them again, for they feel that they can beat them.

A Big Change Being Made.

In a short while one will have noticed a great change on the property on South Main street just below the steam laundry. All of the houses formerly occupied by the colored people there have been torn away by Mr. Zeb Morris, who some time ago purchased the property. Later we will see at least one handsome residence on the property. Improvements are being made on the back part of the land also, and Mr. Morris has purchased some of the hollow from Mr. Jno. A. Cline, preparatory to putting out buildings on it.

Mrs. Parlier, who owns the two houses just below Mr. Morris' land intends tearing one of her houses away and will probably build another in the place of the one farther down. When this work is all finished one will hardly know the place along there and remember where colored people have for years resided.

Bought the Entire Stock.

Messrs. Bell, Harris & Co., Wednesday, the 12th, purchased the stock of furniture and coffins in the shop of Samuel Sloop, who died about a year ago, and who lived on North Main street. Besides an amount of furniture there were eighty-five coffins, almost all of them being made of walnut and by his own hand. Mr. Sloop was a man of untiring energy and accumulated this amount by constantly working, not even getting down to the business part of town once each year. Mr. Sloop, while living, also had a contract with the county to furnish coffins for the paupers.

The Lawn Party To-Night.

From actual occurrence it seems that rain surely comes when a lawn party is announced to take place on the lawn of Central Methodist church. The Juvenile Missionary society of that church will have one to-night. They give it with double hope—that rain will come and that they will also be liberally patronized. Creams, sherbets, cakes, etc., will be served.

We Play Charlotte Saturday.

A warm game of baseball will have Saturday and no doubt a crowd will go along to help "root" for our boys. We go to Charlotte and try to win back that victory made off of us. There is no use to try to make our people believe that Charlotte and Mecklenburg can get up a team that can beat our boys and we must have another fight over it.

THE GATES ARE OPEN.

Wilmington Gives the Editors of the Old North State the Best Accommodations to Be Obtained.

The editors of many North Carolina newspapers arrived here Tuesday and are now on Carolina beach ready for the annual convention of the North Carolina Press Association.

Between 50 and 75 members of the Association arrived Tuesday. The attendance will very probably be well in excess of one hundred. Quite a number of editors are accompanied by ladies.

The incoming trains were met by members of the Chamber of Commerce Committee and representatives of the local press. Mr. J. B. Sherrill, Secretary of the Press Association, also met the afternoon trains and shared the pleasure of receiving the newspaper men, providing them with badges and advising them as to arrangements for their transportation to the beach, and the plans of the reception and entertainment committee.

The gates of Wilmington and her two superb summer resorts are thrown wide open to the visiting editors. As previously announced their badges are recognized for free transportation on the Wilmington street cars, on the steamer Wilmington and for the privileges of Sedgely hall and Hanover Seaside clubs.

Commodore Jas. F. Post, Jr., of Atlantic Yacht club, and Commodore Ancrum Lord, of Carolina club issued a general invitation for association members to visit these splendid club houses on Wrightsville beach. The Seacoast railroad from Wilmington to Wrightsville beach also tenders free transportation to the editors and their families during their stay in the city.—Wilmington Star of 12th.

Encourages them By Prizes.

Dr. D. D. Johnson has a plan different from most of the people for encouraging his children to be studious in their school work and one which has in his case proved of some benefit, so much so that he has increased the value of his prizes for the next year. To his four children in the graded school last year, he offered a five dollar gold piece to the one who made the highest average grade, to the next two and one-half dollars and the last one a fifty-cent Columbian piece. The first one was gained by Lee, the next by Frank, the next by Adele, and the last by Cary. Already he has put away \$38 to be given to his five children next year, the proportions being \$20., \$10., 5., \$2.50, and the fifty-cent Columbian coin. The children have already been told what is in store for them next year.

The Free Ride to Greensboro.

Once each year the stockholders of the North Carolina railroad are given a free ticket for their family to Greensboro and return at which time the stockholders hold their annual meeting. Each year numbers who are not children of stockholders, take advantage of this cheap rate. A number from the eastern part of the county were among the number, together with a number from this place. They left on the early train, No. 8.

Statement Incorrect.

The statement that we have changed our prices of shaves and hair cuts is false. Our prices are for hair cut 20 cents; for shave 10 cents.

NEGROES NOT WANTED.

New Volunteer Regiments Will Be Composed of White Men.

Washington; July 12.—In spite of the urgent requests of many colored men of this country that at least one or two of the ten new volunteer regiments for the Philippines be made up of colored men, it is certain that all regiments will consist solely of white men. The War department was not favorably impressed with the colored volunteer regiments raised last summer. There is no disposition to underrate the worth of the colored regulars. The superb valor of the Tenth Cavalry, the "Black Rough Riders," is acknowledged, and good work is expected from the men of the Twenty-fourth and of the Twenty-fifth Infantry, which have been lately ordered to Manila. But it is claimed that the colored volunteer is not amenable to the same discipline as the colored regular. The colored volunteer regiments, both immunes and State regiments, gave the War Department no end of trouble, and a great sigh of relief was breathed when the last colored volunteer soldier safely arrived home.

A Baseball Game Tomorrow Afternoon.

The junior teams of Concord and Charlotte will have a contest tomorrow afternoon on the diamond. The last time these teams hitched Charlotte came out behind, both in runs and finances, but probably times will be better for them tomorrow. Geo. Montgomery holds the captainship of our "Wheeler's Cavalry," and Vebe Asbury will figure at the head of the procession of the "Rough Riders." From their names we would judge that both will be badly defeated.

Off to High Point.

A party was made up this morning to go on the stockholders ticket to Greensboro but they stopped at High Point to spend the day instead. The following persons formed the party: Miss Lida White and her friend, Miss Freeman; Misses Sallie Castor and Jessie Sims; Mrs. M. J. Corl, and Drayton White.

Would Not Suffer So Again for Fifty Times the Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. Wilson, Liveryman, Burgettstown, Washington Co., Pa. This remedy is for sale by M. L. Melb & Co., druggist.

A Compliment to Our State.

Speaking of summer resorts, The Washington Post says;

"To one who has seen the mountain region of North Carolina it seems incredible that so many thousands of people, in quest of pure air, magnificent scenery, and healthful surroundings, should annually flock to the Adirondacks of New York, and the White Mountains of New Hampshire. These latter resorts do not compare in any respect with the North Carolina country. Their so-called mountains are dwarfed by those of the Old North State, while, as for lakes, trout streams, hunting grounds, and landscapes at once gracious and majestic, there is no approach to a comparison."
