### THE TIDE TURNS.

**In the Second Game With Tarboro We Gain In a Good Score—A Close Game and Hard Fight—Wedding in the Box.**

Different from the preceding day was the game of Tuesday at Charlotte between our boys and the East. We suffered a defeat in a score of 11 to 5 the day before but this time a five-to-two feather went in our cap. Wedding went into the box for us and did fine work.

Mangum scored for us in the first inning, Graves in the second, Graves and Caldwell in the sixth and Legrande in the ninth. Tarboro scored one run in the first and eighth inning. It was a fine game of ball—not interspersed with so much slugging and so many runs as the day before.

This now puts us even with the Tarboro boys but on Thursday and Friday of this week we get two more chances at them.

### Mountain Island Next Monday.

The long-looked-for game with the Mountain Islanders will, unless something breaks, come off here on the diamond next Monday afternoon. No doubt the visitors will bring a good delegation with them similar to the crowd that always accompanies them to Charlotte. It has been our intention to "lick" Mountain Island this season and it is our full expectation to do this Monday afternoon.

On Friday of next week the Charlotte boys will be back over here to try us again, and we will return the party call on the 22d. On the 25th we play the Mountain Island boys on the Charlotte diamond.

### An Investigation Made.

For fear that the negro captured at Mt. Pleasant Monday might be John Monroe instead of Charles, J L Boger after telegraphing to the sheriff at Lumberton, went into the jail Tuesday afternoon and investigated matters. The reward for John Monroe (Geo. Ridenhour) says that there is a scar in one hand. No scar is found in Charles' hand and he says that his brother, George, has a considerable scar in one of his hands near the little finger. The negro in jail is also of a different color from John Monroe. Nevertheless the sheriff again telegraphed to hold the negro as he is an accessory to the crime.

### They Cheered Well.

Thursday night a large crowd, consisting largely of ladies too, was at the depot ready to congratulate and lend praise to our baseball boys for their victory that day. At last the train rolled in and the people began to cheer heartily and loudly for the red, white and blue. After the excitement had almost died Marvin Griffin stepped off the train and informed us that the boys were not on the train and would not be home until morning, so Marvin took all of the cheers.

### Another Mill for Albemarle.

Mr. Jas. W Cannon informs us that work will in about two weeks commence on the hosiery mill at Albemarle. Already the contract has been given to Mr. R A Brown, of this place. An experiment has been made with this kind of machinery in the mill at Albemarle and having proved successful they decided to build a mill of this kind. The name of the mill will be the Windemere Hosiery mill. It will be a two-story building.

### BARRINGER'S COMPANY MEETS.

**Old Officers Re-elected—Other Business Considered.**

Tuesday was essentially Veteran's business day in Concord. It was hoped that there would be more in the way of a social event in which veteran's families would enjoy a day off for social mingling, but the weather is warm and enervating, beside the threatening of rain, which actually came in the forenoon. The essential objects of the calls were fully attended to, however.

Capt. Barringer's Company, F, First North Carolina Cavalry, met in the court house at 1 o'clock. President H. M. Goodman presided and Mr. W. D. Anthony acted as secretary pro tem.

On reorganization Mr. H. M. Goodman was re-elected President, as was Jno. Freeze as secretary and Messrs. G. W. Brown, R. W. Cope and E. G. Lipe as trustees.

The company has a fund of \$500 bequeathed by its original Captain, Gen. Rufus Barringer. This fund has accumulated to some what and after appropriations now made will amount to about \$520.

Considerable time and thought was bestowed on the appropriation of this interest fund to the needy members of the company.

### Died From Hydrophobia.

A correspondent of the Danbury (N. C.) Reporter, writing from Tulip, Stokes county, tells as follows of the horrible death from hydrophobia of Mrs. Catherine Simmons, an estimable lady of Stokes county: "Three weeks ago she was bitten by a mad dog. The rabid animal was tied in the yard and had wound itself around a bush. Mrs. Simmons went to relieve the dog from its confinement, when it made a leap at her and bit a terrible place on her arm. The dog was not suspected to be mad, but a madstone was sent for and applied, but alas, the dog had made a deathly leap. She attended, preaching at Piney Grove and on returning home her arm began to pain. It was hoped that she would not go mad, as several days had elapsed since she was bitten by the rabid animal. Several doctors were sent for, but they would not attend. She constantly grew worse. She slobbered, she bit her lips and was terribly strong. She was given a stick to bite. Crowds of people flocked in to see the suffering woman—a horrible sight to look upon. The thought or sight of water, or draft of air would cause violent convulsions. She suffered paroxysms of excruciating pain. She said she felt like she could eat her friends and wanted to go to the woods. After five days of unintermittent suffering an angel came and sounded the signal of death. She gave two fearful screams and then 'was over.'—Messenger and Intelligencer.

### HIS LIFE WAS SAVED.

Mr. J. E. Litty, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected soon to die of consumption, when I heard of Dr. King's New Discovery. One bottle gave me relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular size 50c and \$1. Trial bottles free at Fetzler's Drug Store. Every bottle guaranteed.

### Bring'g For'h Fruits Meet for Repentance.

Chicago, August 8.—A special to the Chronicle from Toledo, O., says: On the evening of August 15, in the middle of the street in front of Memorial United Brethren church, this city, the elegantly-bound volumes which compose the library of Marshal Waggoner, formerly one of the most pronounced agnostics in the world will be burned. He was recently converted to Christianity.

### How That Cow Died.

The Asheville Gazette tells of a striking little incident. We say striking with emphasis on the part concerning a Jersey cow that was grazing without a sense of fear of being electrocuted. She was tethered by a chain. This chain was dragged into touch with a piece of wire carelessly thrown down in the lot. It happened to be in touch with a guy wire which was touched by a rather slack electric wire that swayed in the breeze. The rest needs no telling here.
