CONCORD, N. C., Aug. 9.

"AGGY" TRIES ANOTHER WAY.

Aguinaldo has sent an appeal to the powers asking their aid in settling the Philippine difficulties. Aggy should have begun where he wants to end. He jumped into warfare with little effort to avoid it. He pleads that the Filipinos had Spain whipped save at Manila and offers as evidence that they had 7,000 Spanish prisoners. He may have thought so, as he thought he could whip the Americans off the islands over which he would be a tyrannical ruler, but without American interference doubtless the Cuban horrors and the Philippine insurrectionary struggle would yet be about as we found them. Since he made the attack last February there has been little way but for a fight to a finish or a laying down of arms. This he could do and an improved system of government would follow that would be of immense benefit to the islanders. As for Philippine independence it will be more quickly brought about by the American people themselves whenever practical. There are men enough in America that favor a vigorous prosecution of the war that would gladly see the Philippines in the enjoyment of all that freedom can give a people. But there are many that see a degree of responsibility for the United States and a measure of duty that they would feel it a crime for this nation to ignore.

We are glad to have within our midst the representatives of that order in every essential what its name indicates, Knights of Honor. It may be said to be a very parent of fraternal insurance orders in our country, from which there has been a prolific offspring. While the younger orders may have caught some clues to attractiveness and progress not originated by the Knights, this splendid order holds a high and honorable position, graced with the crown that is ascribed to hoary locks. It is a genuine pleasure to have the Grand Lodge to meet in our midst and we hope the presence of the visiting Knights will be alike productive of attachment to our people and of growth to the order. Concord welcomes the Knights of Honor.

Ex-Gov. John P. Altgeld being asked for an opinion as to 16 to 1's being the paramount issue in the next presidential campaign says it will not be, as no one issue can be made paramount. It may be an easy getting down but we wonder who that went through the campaign of '96 will say that it was not paramount and practically the only issue.

Good News from the Schools.

Better news scarcely ever comes than that which shows that the schools of our county are more prosperous even than the year before, or in several years. This is information gladly welcomed by every one who fully appreciates the necessity of the education of our people. We are reliably informed that the school at Georgeville, under the principalship of Mr. W. T. Albright, which commenced on the first of this month, opened with 51 students and they continue to come. This is the best opening in the history of the Georgeville Academy.

Dr. H. N. Miller, principal of the seminary at Mt. Pleasant, returned home last week from a canvass in South Carolina and Georgia and says that he has splendid prospects for the coming session. The number from Georgia promises to be more this year than before and the usual good patronage will be given him from South Carolina, besides from this county and different parts of the State.

From Rowan County.

Heilig, Aug. 7.—There will be a fine corn crop made in and around Heilig if nothing prevents.

Several horses died near Rockwall last week.

Our boys around Heilig have gone to the Union copper mine, near Gold Hill, to work.

Miss Mattie Fisher is teaching a school near China Grove.

There will be preaching at Mrs. Rose Bost's next Sunday evening at 4 p. m., by Rev. W. H. McNairy.

Pitch Fork in Other Hands.

Columbia, S. C., Aug. 8.—The legislative committee investigating the conduct of the penitentiary by Colonel Neal, finds him short \$11,000. Neal admits misappropriating \$3,600. The committee also finds Senator Tillman and John Gary Evans, when governor, worked the fertilizer small farm entirely at the State's expense and are indebted to the penitentiary for groceries and other articles gotten for private use. Also their laundry was done at the penitentiary. It will report to the governor recommending the criminal prosecution of Colonel Neal and that the ex-governors be given an opportunity to pay what they owe.

The First Cotton.

Readers of The Standard will remember past years when the first cotton of the season was brought in by Uncle John Harrington, the colored man, who works on Dr. Lilly's farm beyond the depot. This year he has made his visit and left us the specimen of cotton. It is a good specimen, too.

Farmers should by all means get the Bulletin, published by the North Carolina Experiment Station. It costs nothing but a postal card asking for it. The Station is run for the benefit of the farmer and no one should be without the Bulletin. No. 163 on Rational Stock Feeding should be called for if you haven't it.

NO RIGHT TO UGLINESS.

The woman who is lovely in face, form and temper will all ways have friends, but one who would be attractive must keep her health. If she is weak, sickly, and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and purify the blood. It gives strong nerves, bright eyes, smooth, velvet skin, rich complexion. It will make a good-looking, charming woman of a run down invalid. Only 50c. at Feltzer's Drug Store.

Poll Tax and Citizenship.

An interesting question was last Monday propounded to the State Treasurer by Register of Deeds W. C. Manning, of Martin county. He asks:

"Is it legal to charge unnaturalized citizens who have been residents of a county for many years with poll-tax?"

The State Treasurer is decidedly of the opinion that it is, for he replies to Mr. Manning by saying that poll-tax is not dependent upon citizenship, but every male inhabitant between the ages of 21 and 50 is liable to it.—Raleigh News and Observer.
