Ten Innings Played to Decide the Game—Tarboro at Last Wins the Deciding Run—A Warm Time and a Hard Fought Battle.

"We have met the enemy and they are"—not ours.

But Tarboro is now confident of the fact that Concord on Thursday gave them the closest game they have yet had. Inning after inning they played and no change was made in the score and even not at the ninth inning—not until the tenth inning was played.

It was a game to be recorded on our baseball records. It was a time when Tarboro three times changed pitchers in her strenuous effort to lay Concord at her feet, and she did it in the tenth inning with one run.

Neither team scored in the first inning, but Mangum was left on his base. Graves had the best of prospects in the second when no one was out when he stood on third, but Caldwell and Fisher fanned out and Lattimer went down at first, leaving him out. Fenner broke the ice by a score but Phillips dropped out at the base and Brae dropped his bat on three strikes. Card followed Fenner's lead by a score in the third. Warren came in and imitated Card, making us 1 to their 2 at the end of the third.

Now came the time when Concord got in her work. Lattimer made a fine steal from first to second when the ball went to third. By a ball passing the catcher Caldwell and Lattimer returned home. Card then sent a liner to centre field and landed at second. Rogers then sent a fly to left field that bounced from the rubber hand of the fielder to the fence. Mangum stayed in the ring by flying one to left field but out of reach. Next came LeGrande's time and he lined one to third, which put Rogers out, but he himself made first. Hurling did Reed send a fly by which Mangum made us "tally." This was awful hitting and Tarboro took Warren from the box and placed in Withers. Caldwell's fly was caught, leaving LeGrande, Reed and Graves on bases.

Automatic-like, Lattimer sent the ball into Kenna's hands at centre field in fifth. Fisher made a good trip to first but downed at second running, and Rogers went out by the short stop. Withers was put out in a chase to and fro between second and third. In this inning a ground ball struck Caldwell in the face, delaying the game a few minutes and inflicting a wound in his upper lip but he didn't give up. Glavin succeeded in coming home, making the score 5 and 4 for us.

In the sixth even the dumb yelled when LeGrande knocked it over the fence, but he was the Casablanca of the inning for us. Kenna and Phillips scored to our deep sorrow now, which put us 6 and 6. The cause of this loss was that the ball went under the fence, giving the runners ample time to home it before anyone could get it. It was a great misfortune to us and helped the Tarboro boys much. It was a fatal stroke to us and such a defect was not known to the players on either side.

Now the visitors resorted to their last chance of winning the game as they fully realized that hard work was before. It proved well for them too. Their last act was to take Withers from the box and put in Kenna—then third pitcher for the game. I was a bad stroke for us for he struck out in succession Caldwell, Lattimer and Fisher. But nev-

theless our boys played steady ball and neither did the opponents score in the seventh.

In the eighth Rogers was put out between second and third after numerous attempts. This was some of the closest of playing along at this time. Fenner saw first but dropped there on account of "side-up." The ninth did not yet change the score. Graves was left on bases, while two of Tarboro's men went out at first and one fanned out.

The ninth was ended and neither side had won. They decided to play until night or decide the game, so commenced on the tenth inning. We went to the bat but Lattimer struck out as did also Fisher, and Card was caught out. Now it was the other side's turn for the latter half of the tenth. This was the sorrowful time for us for Meade stepped to the bat and at last landed the ball over the fence. This ended the long battle, and we dropped our heads, but with the satisfaction that it was a very small defeat.

Following is the score:

Struck out by Lattimer 5, Warren 3, Withers 1, Kenna 6. Two-base hits, Card, Withers and Meade.

It Was Too Much For All.

After the game Thursday afternoon a number of traveling men, Knights of Honor, and others, while going to the train, were offering their praise and criticisms on the game. One told of how Richmond and the Atlantic Leaguers played once, another how Baltimore and Philadelphia played, and others were telling of good plays, when the last man appeared and completely subdued the crowd when he told them they had missed the only ball playing on record—that was when Livingstone college and Dixonsville played a 20 game and the score was 87 to 52. Not a man has mentioned baseball since in that crowd.

## HIS LIFE WAS SAVED.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected soon to die of consumption, when I heard of Dr. King's New Discovery. One bottle gave me relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular size 50c and \$1. Trial bottles free at Fetzner's Drug Store. Every bottle guaranteed.

—Joseph Jackson returned this morning from Salisbury.

## TOWN FATHERS MEET.

Electric Lights to Be Added to Our Town—Arrangements Made for the Repairing of Main Street—A Loan to the Interest Fund.

At a meeting of the City Fathers Thursday night several things of interest to the public were passed upon. As evidence of the increasing of our town, seven more electric lights were found to be needed about the Buffalo mill. Capt. Chas. McDonald also asked that the town put another light on St. Mary's street and one at the intersection of this street with Church street. The light committee failed to report on lights at Needmore and on the street between there and Corbin street on account of the fact that the street between these two places has never yet been condemned by the town.

The finance committee reported that coupons were coming due and as there was not sufficient interest on hand to pay the amounts the mayor was authorized to borrow \$400 to be loaned to the interest fund and to be repaid from the general fund Jan. 1, 1900. The report of the committee was accepted and their action endorsed. The mayor and street committee were authorized to repair macadam on Main street and the finance committee was authorized to borrow \$2,000 in the name of the Board for the payment of which sum the income taxes were pledged.

## Their Appreciation Expressed.

Mr. Normal L. Shaw, who spent several weeks here some months ago, and who travels in the interest of the Biblical Recorder, left Thursday evening for his home in Virginia after attending the grand lodge meeting here. Mr. Shaw now vacates the grand dictator's chair to Editor Whitaker, after holding this office for two years. A unanimous vote of appreciation for his valuable service during the last two biennial terms was expressed by the lodge to Mr. Shaw. He will return here soon.

## The Courtesy Was Accepted.

After holding their last session Thursday afternoon the members of the grand lodge of Knights of Honor were escorted to the game of baseball. The invitation was extended to them by the Knights of Honor of this place. This was about the only leisure time the representatives had, as nearly every one was kept busy, either as an officer or on some committee. The majority of them left that night for their homes.
