## WE LOST OUR HOLD.

For Seven Innings We Kept the Mountain Island Boys from Scoring But In the Last Two Innings We Lost the Game—An Extraordinary Game Until the Last.

Well, the Mountain Island boys did come and beat us on our own diamond. Never more proud were they than when the game was finished and when Concord had failed to win. It was enough to make them proud, when you think of the fact that up to the eighth inning we had them shut out and then lost the game.

Parker went in the box at the start for the visitors, and Lattimer did our work. In the first inning neither side knew what a straight mark was. LeGrande for us, and Mangum for the visitors, was left on bases. In the second inning we excited the Islanders by a score. Graves went out at second but Caldwell made first. Lambeth made base on balls and by an error Caldwell made third. Lattimer went to first then, putting three men on bases. Fisher went out at first but Caldwell opened the game with a score. Lambeth and Lattimer were left on bases. Our boys put a nice double play on R. Jenkins and Davis. In this inning Mountain Island didn't get a man on bases.

Giles, in the third, made first base but was found napping at second. Oldham tried to run from first to second but Graves arm was too quick and he was easily downed. Graves fared well getting to first and second in the fourth by errors but was at last left on bases. Mangum knocked a beautiful fly to deep centre field but Card was there waiting for it.

After our example the visitors worked a double play on us in the fifth downing Card and Mangum when Fisher was already out. When our boys went to the field and when card attempted to catch J. Deavenport's fly he had the misfortune to unjoin his thumb. Misenheimer took his place on the score card. Davenport had played in good luck to live this long but went down at third. Parker went out on a fly and Hunter was out by running on it, leaving Jenkins R. on base.

In the sixth Reed and Graves were struck out. Davis knocked a fine two-bagger, but was left on bases when Caldwell caught Mangum's high flyer.

Caldwell batted a fly nicely to nobody in the seventh. This was the time when Oldham chased, at the same time, Caldwell between second and third and Lambeth between first and second. Lambeth was out at a sacrifice of Caldwell to third. Lattimer sent a fly to a vacant part of the field and Caldwell scored. A double play downed Fisher and Misenheimer. The score now stood 2 to 0 in our favor.

To the discomfort of Mountain Island, Yount and Hunter collided while attempting to catch LeGrande's fly. While the two were feeling for the bruises LeGrande made second and by an error he crept over to third. Reed knocked a fine fly to left field but went out, nevertheless LeGrande made our third run.

Now Mountain Island began her work in the eighth, nothing but goose eggs having been to her credit. Giles knocked a two-bagger, putting Parker to third. On Oldham's fly Parker scored the first run. Mangum, different from any one else that day, parked the ball scoring himself and Giles, making the score 3 and 3 at the end of the eighth.

Now came the time for close playing but we were found lacking. Caldwell was struck out,

Lambeth flew out, and so did Fisher, leaving Lattimer on bases. By bad playing on our part as well as the desperate efforts of the Islanders the score in the ninth was made 4 to 3 against us by J. Davenport scoring the deciding run.

## We Get Two More Chances at Them.

There is no need of giving up hopes that Mountain Island can be defeated by Concord for there is yet two good chances for us to win. The schedule made out some weeks ago by Managers Patterson and Jordan gives us two more games with the Islanders. On Monday the 21st we go to Mountain Island and play them a game and on Friday, the 25th, we get a chance at them on Charlotte's diamond. Now wouldn't it be great if we were to, like they did, beat them on their own diamond and then beat them before the people in Charlotte.

This coming Friday we play the Charlotte boys again. It is with this team that we played that fine game of ball—two to nothing in our favor. On Tuesday, the 22nd, we go to Charlotte and again play the Charlotte team.

## The Side Track To Be Put In.

The grading force which has been at work grading a side track near Mr. Linn Erwin's place between here and Harrisburg have finished their part of the work. They went from here to Gold Hill.

## NO RIGHT TO UGLINESS.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly, and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and purify the blood. It gives strong nerves, bright eyes, smooth, velvet skin, rich complexion. It will make a good-looking, charming woman of a run down invalid. Only 50c. at Fetzer's Drug Store.

## MT. PLEASANT'S GAIN.

A Meeting Held There Monday Afternoon—A Charter to Be Obtained—A Site Selected If An Ample Water Supply Can Be Obtained.

It has been demonstrated already that a cotton mill can be run profitably at Mt. Pleasant and the people of that place, desiring to help out their town and also profit some themselves, have for some time been agitating the building of another cotton mill there.

A meeting was held there Monday afternoon. Only temporary officers were selected, as the election of officers will not be entered into until a charter has been obtained which work will be attended to at once as a committee was appointed to do this.

A site, which is in the eastern part of the town has been selected provided an ample supply of water can be obtained. This is not yet definitely settled. This mill may not at first be as large as it is the intention of the company to make it but if the stock is subscribed they intend to have a capital stock of \$100,000.

## A Convict Captured.

An escaped convict was returned to the State's prison yesterday.

He was a Federal prisoner, who made his escape Sunday. Johnson, who was a white man was captured one mile south of Cary, by Deputy Sheriff W F Jones, of Cary. When discovered by the officer, Johnson was in the act of disrobing. A negro had slipped him a citizen's suit and he was making a rapid substitute for his prison garb. The convict did not resist Officer Jones, who was paid \$10 for making the capture.

The convict had a sentence of only two and a half months to serve. He told the officer that he had a fit and left, says the Raleigh Post.

## MILLIONS GIVEN AWAY.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on P. B. Fetzer, Druggist, and get a free trial bottle. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded.

## Planning About the Schools.

County Superintendent of Education Hunter left for Concord Monday morning, on business connected with the fixing of school boundaries between Mecklenburg and Cabarrus. The territory in question is the little pan-handle of Mecklenburg which extends into Cabarrus. By making the necessary change of boundary between school districts of the two counties Mecklenburg could save about \$80 annually of the school fund.—Charlotte News.

This strip of land spoken of adjoins our county over at No. 2 township. We have a small strip over on the other side of Rocky river and Mecklenburg has a strip on this side of a creek, which strips adjoin. The plan in question between County Superintendents Hunter and Morris is that the two combine and conduct one good school. The proposed plan has not yet been perfected.
