TO REPAIR MAIN STREET.

Work to Commence on the Macadamizing of Main Street—To Commence in Front of the Hotel and Go Northward.

It will be good news when we find that the old macadam on Main street has been taken up and a new and better one put down. This street, along in front of our business houses and on North Main street, is badly in need of repairs and soon Mayor Means will have work commenced on it, as he is advertising for rock for it and later the rock crusher will be placed when a location can be selected.

It has been decided not to do any work now on the street along in front of the stores as the time is near when an abundance of traveling will be done on this part of the street—when the cotton is coming in in such large quantities.

The cross-ties, which yet remain under the macadam will be taken out. These by their gradual decay caused holes at many places in the street. The work will be let by contract to some person.

It had been intended to put the rock crusher on the old dump lot next to Judge Montgomery's residence but this plan has been changed.

This work when completed means a great improvement to the most beautiful street in this or in many other towns, and will add much to the street as a drive.

Work Being Rapidly Pushed.

As rapidly as possible is the work going on for the Concord Cotton Seed Oil Co. Already the ginnery building is up and also another building well on the way. One day there were four hundred carpenters at work which means that lumber is being placed rapidly. It will not be long before Concord will have a cotton seed oil mill. The work may be retarded on account of the scarcity of lumber.

Charlotte's Team No More.

In the game Thursday with the Union boys Charlotte's team suffered a defeat in a score of 9 to 2. The game seems to have been almost devoid of life and interest, and the people cared not how soon the game was at an end. It was so dead-like that Charlotte cancelled the other two games that it had intended to play on Friday and Saturday. The team has gone to pieces.

Hand Cut Off By a Saw.

Mr. Flowe Alexander of No. 3 township had the great misfortune to get his hand cut off by a circular saw today (Friday). As we understand it, the saw cut across the palm near the finger joints and in front of the thumb. The accident happened at Mr. W B Goodnight's saw mill. Mr. Alexander, we learn is a single man of some 30 years.

A Fractured Bone Taken Out.

Drs. Littleton and Whitley performed an operation on Herbert Honeycutt, Saturday, taking out a fractured bone from his leg that was broken some time ago. He is able to be up now.—Stanley Enterprise.

Cure for Poison Oak Virus.

This is the season when the picnic folks and other guileless ramblers learn too late the tricks of that nasty vine called "poison oak." Kerosene will cure it. As soon as the eruption appears rub the oil in liberally; you'll enjoy it. Rub it in as often as you feel like scratching. The poison will get no worse and in two days' time, sometimes in a day and a half, it will die out entirely. In our giddy and thoughtless youth we were several times victimized by the vicious vine. Fooling along with cream and nightshade and sugar of lead and other stylish lotions gave us raw arms as raw as beets, while the poison kept marching on. In sheer desperation we just happened to try kerosene and discovered that in case of our cuticle, at least, it always landed effectively on the poison oak's solar plexus. The explanation seems to be this: The poisonous property of the vine or plant is a volatile and excessively irritating oil. Being a vegetable oil, it is diluted, or disorganized, or destroyed, or otherwise mastered by the petroleum product.—Gastonia Gazette.

Battle of Moore's Creek Celebrated.

It is estimated that 5000 people attended the celebration of the battle of Moore's Creek Bridge on Thursday the 17th. This was not, however, an anniversary day for the battle was fought on Feb 26 1776. It is the season suited for celebrations though and there were speeches, music and dancing, feasting etc. It is proposed to hold annual celebrations hereafter.

Brutal Revenge of Criminals.

Some moonshiners in the upper edge of Wake county and the lower edge of Granville had their plants seized by the revenue officers recently, whereupon they destroyed a phaeton for Mr. James Davis and cut the throat of a good horse belonging to Mrs. Malindy Ross, both of whom they suspected of giving them away to the officers.

State Fair Talk.

The State fair is being talked up and it is promised that the fair this fall will not be second to any previous one. There are efforts to have a flying machine for one of the special attractions.

A Family Reunion.

On Thursday a family reunion, or, in other words, a big dinner was given to the children of Mr. and Mrs. Geo. Winecoff, who live on Meadow street at Forest Hill. All of the children except one was present, as was also a number of the grandchildren.

Closed for a Week.

On Thursday evening the bleachery suspended work for a week, a vacation being granted Superintendent Stewart, who left that night for his home in Providence, R. I. This is Mr. Stewart's first visit home since accepting the superintendency of the bleachery.

Marriage Maxims.

Never neglect one another; rather neglect the whole world besides.

Never make a remark at the expense of the other—it is mean.

Never be "stubborn," but let each strive to yield oftenest to the wishes of the other.

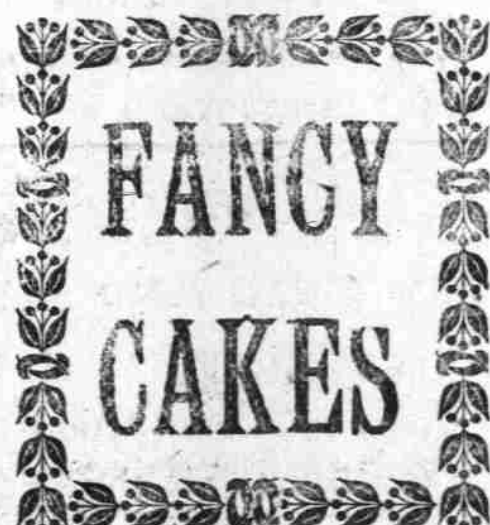

Never part for a day without loving words to think of during absence.

Never find fault unless it is perfectly certain that a fault has been committed, and always speak lovingly.

Never let any fault you have committed go by until you have frankly confessed it and asked forgiveness.—Ex.

Bids Receivable for the Location of North Carolina College.

The committee whose names are subjoined was appointed by the Evangelical Lutheran Synod of North Carolina at its convention held at Salisbury, May 1899, to receive bids for the future location of North Carolina College, and in pursuance of its commission, makes announcement as follows:

Bids for the location of North Carolina College will be received and in due time, and in good faith will be referred for final discussion to the Evangelical Lutheran Synod of North Carolina, if filed with the chairman of this committee on or before the 15th day of November, 1899.

The committee hereby reserves for the said Synod the right to reject any and all bids. Said bids will be considered, however, carefully and in the light of the future welfare of the college.

This college is under the special care of the Evangelical Lutheran Synod of North Carolina and wherever located will command her loyal support, and the community securing the location may reasonably presume upon the Synod's hearty co-operation in securing the highest efficiency of the institution.

Good Heard Again of Gen. Lee.

A special from Chattanooga says that General Fitz Lee is preparing to send fifty girls to that city from the Island of Cuba to be educated there. It seems that Mrs. S. A. Steel some time ago wrote General Lee a letter offering to take fifty girls in her orphan's home. General Lee took the matter up with the Presbyterian minister, and having satisfied himself that the offer was all right determined to accept.
