THE TOWN BOOMING.

A New Cotton Mill and Probably An Electric Lights System—The Mill Closed—Prospects Good for Both Schools.

Written for The Standard.

Mt. Pleasant, Aug. 19.—Rev. J. A. Linn has given his beautiful home on Linn Hill a new coat of paint.

Mr. and Mrs. L. A. Lentz, of Norwood, are visiting relatives in this place.

The W. R. Kindley cotton mills have closed down for a week or ten days for repairs and a general cleaning up. Outing parties have organized for next week.

One of our citizens asks The Standard through your correspondent to send a shower of rain in the next issue of The Standard. Good suggestion. We need it very badly.

Miss Grace Heilig, who has been visiting Misses Blanche and Emma McAllister, has gone to Misenheimer's springs where she will spend a few days before returning to her home in Albemarle.

The outlook for a large attendance both at the College and Seminary during the next session is very encouraging.

Our little town is on a great boom now. Town lots are being cut up smaller and buildings erected thereon, the streets are being straightened and partially macadamized, a new cotton mill company has been organized, and a movement is on foot to put in an electric light system.

Quiet a number of our young people have been attending the protracted meeting at St. John's this week.

The contractors have about completed the new "cala-boose" here. Chief Tucker says he is now ready for John Barley Corn and his followers.

They Sail Across Monday.

On Monday afternoon after sailing over to the Island our baseball team will meet the Mountain Island boys and make an effort to put the score one and one on games. It promises to be a close game and our boys will have a hard fight. Mountain Island has obtained the services of Kenna, that Tarboro pitcher that is to be feared, and also Meade. We will play Robertson and Allison of Charlotte on our team. Mr. Card will not go with the team on account of his dislocated thumb. Lattimer and Graves will be our battery.

His Ninetieth Birthday.

While Mr. Penick Query has been off for ten days enjoying a vacation he attended a reunion at his grand father's on the 9th day of this month. There were present that day 56 and of course a good heaping country dinner was served to the ones present. It was a reunion of the children, grand children and great grandchildren of Mr. J. M. Query, who on the 4th day of this month was 90 years old. Mr. Query lives in this county near Harrisburg.

MILLIONS GIVEN AWAY.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on P. B. Fetzler, Druggist, and get a free trial bottle. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded.

THE MT. PLEASANT MILL.

The Probable Regime—The Windemere Mill to Be Finished By the Middle of October—A Former Burlingtonian.

From the Textile Excelsior we get the following strictly mill news:

"T. J. Smith, formerly of Burlington, N. C., has moved to Concord, N. C.

"The new Windemere Knitting Mills, Albemarle, N. C., will be finished ready for occupancy by Oct. 15. It will be 75x100 feet, two stories, and power will be supplied by the Eford Mills. The capital stock is \$30,000 and the owners are Jas. W. Cannon and Messrs. Webb and McGill. They expect to work 300 hands and turn out 6,000 pairs of hosiery per week.

"The new cotton yarn mill company at Mt. Pleasant, N. C., predicted by the Textile Excelsior, was fully organized on Aug. 14, with the following officers: J. W. Cannon (of Concord) Pres., Rev. Paul Barringer Sec. and Treas. Both are directors with the following: L. J. Foil, A. N. James, Capt. Jonas Cook, D. D. Barrier and J. P. Eford of Albemarle, N. C. It is rumored that Rev. Barringer will resign as Pres. of the W. R. Kindley Cotton Mill and devote all of his time to the new mill, which will start with a \$35,000 paid up capital, with the privilege of increasing to \$100,000. It is named the Tuscora Cotton Mills, and A. N. James will Superintend both mills.

Nature of Yellow Fever.

Washington, Aug. 18.—The report of the commission appointed to investigate in Havana the nature of yellow fever has been made public. The commission's work was confined largely to testing the assertion of Professor Sanarelli, of Bologna, that the bacillus icthraides is the cause of yellow fever, and the conclusion drawn is that the Italian scientist is right. Of fourteen cases studied the commission isolated the bacillus icthraides from thirteen, and in the fourteenth case it was isolated by an independent observer. The identity of the bacillus icthraides of the southern states with that found in Cuba and that sent the commission by Sanarelli was established. It was also found that reasonable possibility exists of producing anti-serum more potent than Sanarelli's.

None the Worse of the Collision.

Sheriff Butler, of Columbus county, started to the penitentiary Friday with five convicts. One negro slipped his shackles and plunged through the car window hoping, to come out with equal advantage with mother earth in a collision between her bosom and his cranium. He was philosophically and practically correct and before the train could be stopped he was seen skeddaddling over the fields. It is not stated that he wrecked that part of the mundane sphere with which he came in contact.

Kicked By His Horse.

Mr. James L. Fisher, of No. 4 township, received a severe blow from his horse in Cannon & Fetzler's back lot about 10 o'clock today (Saturday). While hitching his horse another horse bit at it, which caused it to kick, landing its hoofs on Mr. Fisher's left knee, right thigh and right arm. The pain was sharp but no bones were broken and Mr. Fisher succeeded in walking with the aid of a staff.

—Messrs. Lawson Lentz and Luther Lentz, of Norwood, were here today.

The Excursionists Home.

The crowd of excursionists returned home today (Saturday) from Wilmington after spending Thursday and Friday there. It was rather unfortunate for the excursionists that the storm struck the beach just when they were there, making surf bathing scarcely a pleasure. The water was blown into the hotel on the beach considerably.

All Saints.

Rev. Dr. Davis having returned from his visit in the country, there will be the usual services on Sunday morning, with sermon at 11 o'clock, and evening prayer, with address at 8 o'clock.

Too Much Like his Mother.

A New England school teacher received the following note of caution from the anxious mother of one of her dear pupils: "Dear Miss, please do not push Johnny too hard for so much of his brain is intellect that he ought to be held back a good deal or he will run to intellect entirely and I do not desire this. So please hold him back so as to keep his intellect from getting bigger than his body and in joining him for life."—Harper's Bazaar.

Litigation.

Litigation—To the lawyers brings elation, To the clients consternation, To the counsel animation, To the "devil" reputation, To the usher agitation, To the jury aggravation, To the witness indignation, To the judge consideration, To reporters expectation, To the loser lamentation, To the winner exultation, To the public information.—London Punch.

PERSONAL POINTERS.

—Miss Lizzie Grier, of Rocky River, spent today here.

—Dr. Sam Montgomery returns home this afternoon from Rocky River springs.

—Miss Claude Fisher went to Bessemer this morning to visit her friend, Mrs. Garrison.

—Prof. and Mrs. Jas. P. Cook and Mr. Wm. Norfleet returned home this morning after spending a few days in Asheville.

—Mr. David Misenheimer, who is a conductor on the Western N. C. road, arrived here this morning to spend a few days.

—Misses Myrtice and Pearl Thompson, Pearl and Chassie Brown, and Messrs. Press Freeze and Ernest Fetzler are spending the afternoon in Charlotte.

—Mr. Jas. C. Fink went to Salisbury last night to attend the reception of Grand Chancellor Woodard of the Knights of Pythias lodge. He went over to Mt. Pleasant this afternoon to spend a few days.

Some years ago the question in Australia was how to get rid of the rabbits. Since 1873 they have got rid of 200,000,000 of them on the head, peeling the hide off and shipping them to Europe. Canning the meat has become an established industry. New Zealand alone ships over 15,000,000 a year.—Greensboro Record.

Bids Receivable for the Location of North Carolina College.

The committee whose names are subjoined was appointed by the Evangelical Lutheran Synod of North Carolina at its convention held at Salisbury, May 1899, to receive bids for the future location of North Carolina College, and in pursuance of its commission, makes announcement as follows:

Bids for the location of North Carolina College will be received and in due time, and in good faith will be referred for final discussion to the Evangelical Lutheran Synod of North Carolina, if filed with the chairman of this committee on or before the 15th day of November, 1899.

The committee hereby reserves for the said Synod the right to reject any and all bids. Said bids will be considered, however, carefully and in the light of the future welfare of the college.

This college is under the special care of the Evangelical Lutheran Synod of North Carolina and wherever located will command her loyal support, and the community securing the location may reasonably presume upon the Synod's hearty co-operation in securing the highest efficiency of the institution.

Cures Cuts, Bruises, Burns, Boils, Felons, Corns, Skin Eruptions. Best Best Pile cure on earth. 25c. a box. Cure guaranteed. Sold by P. B. Fetzler, Druggist.

During the civil war, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases the army had to contend with. In many instances it became chronic and the old soldiers still suffer from it. Mr. David Taylor, of Wind Ridge, Greene county, Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by M. L. Marsh & Co., Druggist.
