NO WEAR AND TEAR!
 Is the laundry hard on your goods? Some are. Examine your goods as carefully when you send them to us as when you receive them back again and you will find that we sew up many a rip, mend many a button hole, put new neck bands on shirts not too badly worn (when requested), and in many ways try to prolong the use of your linen. One trial is not a test. Often damage has been done in previous laundering and we get the blame. Give us your steady patronage and we will guarantee your lined to last longer than when done at many other laundries.
