THEIR ANNUAL REUNION.

Fifteen of the Surviving Members Answered to Their Names—A Basket Dinner Given Them—Thanks Voted Prof Ludwig—Local Happenings.
Written for The Standard.

Mt. Pleasant, August 22.—Messrs. Augustus James, Pose James, Lawson Odell and John Heintz have gone to the Yadkin river for a few days for a jolly good time.

Mrs. Jas. Misenheimer, who has been quite sick, is improving.

Mr. Hugh Barrier is confined to his bed with malarial fever.

We are glad to see Mr. Paul Nussman out after a long spell of sickness.

Miss Lula Gordon, of Gerrardstown, West Virginia, who is teaching a primary school here, has nineteen names enrolled.

This being the day appointed for a meeting of the remaining members of Co. H, 8th Regiment N. C. State Troops, we were greeted with many warm hand shakes and pleasant smiles from the "old fellows," who in defense of a just cause, so bravely volunteered their services in the 60's.

About 10:30 o'clock they assembled in the College chapel. The roll was called and only fifteen answered "here." There were ten visitors present. Prof. H T J Ludwig then read his historical sketch of the company and corrections were made. This occupied some time, and many were the jokes exposed on different members. The baskets were then brought forth—those good old country baskets filled to the brim. Suffice it to say that those baskets were a great deal lighter when "the boys" left them. Dinner over, they again assembled in the chapel. Prof. Ludwig then read his sketch of the Regiment and the same was approved.

Two committees were then appointed—one to see after and provide for the poor and needy members of the company; the other to make out a roll of the surviving members. Resolutions of thanks were then voted Prof. Ludwig for writing the sketch of the company.

They then adjourned to meet some time next year as appointed by the president and secretary, Capt. Jonas Cook and Prof. Ludwig. The president and secretary are also a committee to secure a speaker for the next meeting.

Meddling With Carbolic Acid.

On Tuesday about noon a serious accident came near befalling Laura, the oldest child of Mr. and Mrs. R E Ridenhour. The little girl took the bottle of carbolic acid from the medicine case and was playing with it. She spilled some on her hands and also had some in her mouth, though it is not thought that she swallowed any. Her lips and part of her face together with her hands are blistered somewhat. It was certainly fortunate that even after getting it in her mouth she did not swallow any of it, which would have proved serious if not fatal.

Mr. Archibald Rents It.

The house on South Main street new occupied by Rev. Cochran Preston has been rented by Mr. F A Archibald after October the first. It is now probable that Mr. Archibald will not move into the house until the first of the year. Before the first of October Rev. Preston hopes to be in the new house being built on Mill street by Mr. P B Fetzer.

CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

THEIR SCHOOL GOOD.

The Wheat Threshing Record of One Company—Some Sowing of Wild Oats There.

Written for The Standard:

Gladstone, Aug. 22.—Crops are looking well here now—needing some rain.

We are glad of our school at Gladstone. It numbers 50 students already and still they come in. Profs. Reynolds and Haltom are pleasing all in their teaching.

There is some sickness around here but not very much.

Master George Sell has had a very hard time with blood poison. He has been in bed some ten or twelve weeks. We hope he will get well yet.

Mr. R. T. Honeycutt & Co. threshed 7,265 bushels of grain this season—about 2,000 bushels of oats and the rest wheat. They threshed with horse power.

Hood & Co., from Harnett county are putting up a blacksmith shop here.

L. R. Wagoner has quit the mine to attend the school at Gladstone. We see where he is right. Some more would do well to follow him.

We are sorry that one or two of our young men, when they go off visiting and meet up with Mr. Corn Juice, come back topsy turby. We hope they will soon see the evil of it and quit.

We are going to have a mock trial in our Literary Society soon. It meets on Friday nights.

There will be a protracted meeting at Wesley's Chapel next Sunday. The meeting will be at Malton's Grove the third Sunday in September.

MILLIONS GIVEN AWAY.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colic, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on P. B. Fetzer, Druggist, and get a free trial bottle. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded.

The State Reimbursed.

A Washington dispatch says that \$12,327.05 has been allowed to reimburse the State for equipping the volunteers.

THE BEST PRESCRIPTION FOR CHILLS

He Is Confined Here in Jail.

The negro who stole Mr. Charlie Cline's mule from Glass, and who was arrested in China Grove, was tried Tuesday night before Esq. W L Kimball in No. 4 township. It was a plain case and in default of a bond the negro is here in jail. His name was reported from Glass and China Grove as Henry Patterson, but his name seems to be Henry Phifer. He is a boy about 14 years old.

Mrs. Cannon Hurt.

The Charlotte Observer says that Mrs. E C Cannon was painfully hurt Tuesday afternoon at Mrs. J W Wadsworth's by accidentally falling from her chair. Her arm was bruised but no bones were broken. She was resting easy Tuesday night.

A Merry Evening.

One of the largest crowds seen this summer was the one that turned out Tuesday evening just as day was ending bound for White Hall. Traps, buggies, surries, and other conveyances carried them over the beautiful two miles of road. At White Hall the ladies, fully prepared for the occasion, laid open their baskets of good things and bade all to partake. Several hours were spent in tete-a-tetes and other pleasures. The evening was taken in honor of Misses Pearl and Myrtice Thompson who are visiting the Misses Brown.

A Hot Game.

Some of our baseball boys, not the red, white and blue team though, played a game of baseball Tuesday afternoon around at the old Lutheran graveyard. It was a hotly contested game and the score stood 74 to 63. Two scorers were completely exhausted and the third one was greatly fatigued when the game was called off. About seven innings were played. Some grown boys were in the team.

Three Fingers Torn.

On Tuesday afternoon while cleaning his bicycle and while one of the wheels was running rapidly Ralph Cline got his hand caught in the wheel, resulting in three fingers being torn considerable. The end of the first finger was torn off but placed back on. The other two fingers have deep gashes cut in them by the spokes of the wheel.

A Mother-In-Law In It.

A rather shameful trial was before Mayor Means Tuesday afternoon when a white man was charged with some trouble with his mother-in-law. It cost the fellow one dollar and the costs. He succeeded in getting paid out of jail.

Soon to Enter College Again.

Ere many more weeks pass by a number of our young men will leave their homes bound for colleges where for the next ten months they will devote their time to their studies for the betterment of life's journey. John Kime, Fletcher Fink, Hugh Propst, and Ralph and Fred Odell will enter Trinity college. Richard and Will Gibson, Gaston Means, Joe Reed, and probably Aubrey Hoover will attend the University, while Morrison Fetzer, Morrison King and Morris Caldwell will be enrolled at Davidson college. Henry Craven will attend Wake Forest, and probably Hope Caldwell, son of Mr. Victor Caldwell, of Poplar Tent, and Lois Craven, of this place, will enter the A. & M. college.

It's Love Nevertheless.

It hardly seems credible to some that a love case is in progress in these parts between two parties of different postoffices and neither party knows "a" from "z" yet quite often do they hear from each other through the mail. Each one has a friend to read and write his or her letter and each enjoys the expressions of the other as much as if they were original thoughts yet they are coming from the mind of the middle party. The case is progressing satisfactorily and unless something comes in the way probably this form of courtship will cease for a better way.

—Mr. D J Bostian has returned home from Misenheimer's springs. There are thirteen at the springs now.

During the civil war, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases the army had to contend with. In many instances it became chronic and the old soldiers still suffer from it. Mr. David Taylor, of Wind Ridge, Greens county, Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by M. L. Marsh & Co., Druggist
