WE WERE DEFEATED.

In the Tenth Inning Mountain Island Scores the Run That Puts the Islanders Ahead For the Season—The Score Tied from the Eighth to the Tenth.

"We lost the game!" That's what we had on our lips Friday night when we returned from the baseball game in Charlotte after playing a tight game with the Mountain Island boys. This was the third game this season with the Islanders and this game makes them two to our one in victories.

This was the last game of the season and an unusually large crowd from here and Mountain Island, assisted by Charlotte, attended the game. It was, as the score will tell you, a close game and good ball was played.

Neither team scored until the fourth inning when Reed came marching him. This was when the grand stand, Concord's part at least, went wild and when Iceman opened not that mouth of his. The Islanders had yet failed to make a straight line and our boys held them down until the eighth inning when Fox, cunning-like, slipped home. Then we were one and one. Now was the time when excitement reigned and all wondered "what will the harvest be." Like billows the roar was incessant in the ninth and yet there was no deciding vote cast. On they went over into the tenth and this step proved fatal to us for Meade in the tenth scored, after making a hit to first, stealing second and third, made home on a pass ball.

The following is the summary of the game:

CONCORD	R.	H.	PO.	AS.	E.

EXCITEMENT PREVAILS IN DARIEN.

Negro Kills a Deputy and Wounds Another—Assembled in Swamp—Will Be Attacked.

Intense excitement prevails at Darien, Georgia, some 30 miles south of Savannah, on the coast. John Delagel, a negro, shot and killed Deputy Sheriff Joseph Townsend and severely wounded Deputy Hopkins, who went to arrest him for some breach of the peace.

The negro escaped but much bad spirit prevails and the negroes left the town and assembled in the swamp twelve miles away, armed and in defiance of law.

The militia was called out and the swamp guarded. It is the purpose to advance on them and disarm and arrest them. The outcome will doubtless be most serious if they continue to defy the law.

A Recapitulation of the Baseball Season.

The baseball season has now closed and the scorer's book is laid away until next year when it now seems there will be a league formed between our teams which have this season so well managed their games both as to finances, good behavior, and good will.

We have during this season had some fine ball playing and it has been not only one of the best advertisements for our town but has been a source of gratification to our baseball lovers.

Our team this season played thirty games. Two games were tie games, giving us twenty-eight games to get our percentage from. Concord's amount of games for the season was 58 1/2 per cent. The resume is as follows:

With Statesville we tied once and our score with them is 1 and 1. With Cheraw we beat 3 out of 4 games. With the Greensboro team we beat 2 out of 3. With Charlotte we tied once and also beat them 2 out of 3. The Kings Mountain boys lost 4 games out of 6 to us. We lost three straight games with the Union team. We lost 2 out of 3 games with the Mountain Island boys, and out of 4 games with the Tarboro boys we lost 3 games.

A Meeting of the Stockholders.

A called meeting of the stockholders of the Lippards & Shealy mill was held Friday night. Nothing of special interest was done as a part of the business intended to be transacted was not ready to be taken up. A meeting will very probably be called soon again. Dr. L N Burleyson is now president of the company in place of Mr. D B Coltrane who resigned. Dr. W C Houston is a director in place of Mr. W P Shealy. The other four directors are Messrs. J C Lippard, R T Lippard, Dr. L N Burleyson, and Geo. B Hiss, of Charlotte.

A Death at Cannonville.

On Friday night death robbed Mr. and Mrs. Moses Cline, of Cannonville, of their two year old child. The remains will be interred at Ebenezer Sunday.

During the civil war, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases the army had to contend with. In many instances it became chronic and the old soldiers still suffer from it. Mr. David Taylor, of Wind Ridge, Greene county, Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by M. L. Marsh & Co., Druggist

Patriotic Miss Wanamaker.

Miss Lillian Wanamaker is the youngest child of the ex-Postmaster-General, John Wanamaker, of Philadelphia, whose large shops are famous, and who is noted for his religious tendencies. Miss Wanamaker is a beautiful society belle, attending balls and dinners, and wearing the costliest gowns. She spends her time both in this country and Europe. She visits her brother, Rodman Wanamaker, in Paris part of the year. Mr. Rodman Wanamaker married a beautiful French girl, and has lived so long abroad that he is almost a Frenchman. Miss Wanamaker came into prominence a year or two ago through her acquaintance with her brother of the Khedive of Egypt, Prince Mehemet Ali. The prince, who is a strikingly handsome fellow, educated in England, fell deeply in love with Miss Wanamaker, according to the story, and proposed for her hand. Miss Wanamaker has always declared she would marry none but an American, and she refused the Prince, like a patriotic girl—The Independent.

The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and permanent cures have made it a great favorite with the people everywhere. For sale by M. L. Marsh & Co., Druggists.

The Cheekiest Man.

The cheekiest man on record has been located "out West." The Chenoa (Ill.) Gazette office was recently destroyed by fire. Editor Hedge recouped himself and started again. Then he advertised for copies of the paper to replace the ones which were lost. The story is thus told by the Gazette: "A subscriber took the paper, took it for five years without paying for it, and then offered to sell the old papers back to the editor for cash when the latter's file had been destroyed by fire." And yet there are people who profess to believe "Bob" Ingersoll was right when he said there is no h—hereafter.—Ex.
