A HEAVY RAIN AT GLASS.

A Suitable Place for North Carolina College—Miss Winecoff Goes to Davidson College—Of Personal Interest.

Written for The Standard:
Glass, Aug. 29.—Mr. F W Glass beautified his residence last week with a fresh coat of paint.

Miss Mary Winecoff, a trained nurse, is resting a while at W D Gillon's. She is spending a few days this week in Concord. She expects to take work with Dr. Monroe at Davidson College the first of October.

The advertisement in The Standard last week of a mare Mr. James Ashby had found brought Mr. John Harrill, of Charlotte, here last night. He got his mare and returned to Charlotte today.

Mr. S W Winecoff's son, who is sick with the fever, is improving. Mr. Geneva Cline, of this place, left last night for Concord to take work in the bleachery.

We had a heavy rain here Sunday morning, so much so that there was no preaching in the vicinity.

Why not build the North Carolina College at Glass. We have the healthiest and most suitable place in the State.

Mr. Marion Pethel and family, of Cannonville, are visiting relatives at this place.

Mr. John Freeze, of Cannonville, spent Sunday and Monday with his daughter, Mrs. John Sims.

There is some talk of running a private school here this winter.

Mr. Abner Walter, one of our oldest citizens, spent one day last week with T A Rogers. It was pleasant to hear them talk of old times.

Mr. Charlie Murph's residence a mile above this place was built in 1830. It has its first roof on it yet and does not leak. Good material will tell.

Mr. Ed. Winecoff, of Vera Cruse, Mexico, has been visiting his mother for some months. He leaves this week for New York.

Walked from New York Here.

Late Monday afternoon a man having the appearance of a tramp struck town and went to the town hall. Above each knee he had handkerchiefs tied tightly and his walk seemed burdensome. He was quartered at the Morris hotel that night by Mr. Pharr. The man states that he was a paralytic and recovered after staying in the hospital some time in New York. As soon as cured he started for his home in Savannah and has come thus far from New York on foot. He left New York on the 5th day of July. He intends to keep going until he is completely exhausted or else reach home. Near the depot some negroes threw stones at him, he said, on account of his uninviting appearance.

An Electrical Storm at China Grove.

On last Sunday morning quite an electrical storm visited China Grove, making it for a while quite dangerous. The lightning struck four different buildings in the town. A few brick were knocked off of the smokestack of the cotton mill and some damage done to machinery in the building. A barn was also struck and the horse of Mr. Dan Archey killed.

Will Go to Henrietta.

On Thursday of this week Mr. L D Duval's resignation takes effect as superintendent of the Cannon mills. As before stated it was Mr. Duval's intention to take part in a mill in Georgia, but he has since accepted a position as superintendent of one of the mills at Henrietta.

WILMINGTON CASHIER LEAVES.

The Savings and Trust Company Solid—No Loss to Depositors—Stock Worth \$160.

Mr. George Sloan, cashier of the Wilmington Savings & Trust Company left the city on Sunday evening and his whereabouts is not definitely known, though thought to be in Baltimore.

It appears that there is a small defalcation but the bank is in no danger of trouble. There will be no loss by depositors, who are offered their money at once if they want it, and \$160 per share is offered for the stock if there is any on the market. So there is no danger of a stampede.

It is surmised that cashier Sloan may have become mentally disordered through oppressive duties.

Off On a Furlough.

Columbus Hartsell, son of Mr. Jonah M Hartsell, spent Monday night here on his way to visit his parents at Leo in Stanly county. This young man belongs to the cavalry and is stationed at Washington. For some time he has been sick with fever and is recuperating now. He is on a twenty days furlough. Had he not had the fever he would have been in service in the Philippines.

The Shkel Earned.

That which we work for and win by earnest effort is doubly our own and carries with it its wisdom. Thus a man who inherits a fortune seldom puts it to the best or wisest uses. In order to learn the wise and beneficent use of money one must have toiled for it coin by coin, must have some times suffered the want of it. A man born with a golden spoon in his mouth never tastes either pain or happiness as these are known to the common man. He has not felt the great danger of desires which gives to fulfillment its exquisite flavor. Not having struggled in the fight, he knows nothing of the joy of victory.—Woman's Home Companion.

After the First Quarrel.

"Go," she exclaimed, "and never speak to me again!"

He passed out into the unsympathetic night, but paused when he reached the sidewalk and drew something from one of his inside pockets. As he did so the beautiful girl, who was watching him from the vestibule, uttered a shrill scream and ran toward him.

"Albert," she cried, "what would you do? Pray, do not kill yourself! Throw your revolver away and let us forget our quarrel."

"It isn't a revolver," he replied as he caught her in his arms. "It's a monkey wrench I borrowed from you that day my wheel broke down. I have been wearing it next to my heart ever since."

Then they returned to the parlor and took up the thread of love's young dream where it had been broken.—Chicago News.

Another Contract for Cutting Timber.

Messrs. Davis Barrier and Lewis Misenheimer, of Rimer, who devote most of their time to cutting timber, have started on a contract of cutting near Elmwood on the Western railroad. The land belongs to Mr. Will Day-vault, of this place. There is about three hundred acres of timber land there. They only contract to cut it into lumber and put it to the railroad. The lumber will be shipped to High Point.

Negro Trusty Commits a Foul Rape.

A negro trusty, named Melville Parker, of the chaingang of Durham, committed a rape late Monday evening on a little white girl, the 8-year-old daughter of Wm. Hurdleston, a respectable farmer. The indignation ran high and he may be lynched. He did not escape the guards.

Fined for Trespassing.

On Monday morning a white man named Will Smith, of near the Bala mill, was brought before Esq. Pitts for trespassing. It seems that Mr. Smith had been ordered out of the mill and did not heed the order and hence he had to be fined ten dollars besides several dollars of costs.

A Laudable Work.

In our issue of Friday last we gave an account of the burning of the home of W W Townsend near Patterson's Mill. The aged couple were thus left entirely destitute of every necessity of life, but the neighbors and friends have already taken in hand the work to rebuild the home and replace what furniture may be needed. Already the people of the county have done their best, and now they ask friends to aid in purchasing the lumber, nails, locks, and other things. They will do all the work. Send cash or checks to

Home For Waifs Burned.

New York, August 28.—St. Agnes' Roman Catholic convent, at Sparkill, near Nyack, the home for waifs, was burned early this morning. Three children and one servant perished in the flames. Three Sisters of Mercy were fatally injured and four Sisters were injured more or less severely. Many nuns and citizens made heroic rescues.

The inmates were aroused from slumbers by the flames. One sister saw the flames start in the dormitory, simultaneously with the chapel and boiler room.

Three hundred children were sleeping in the dormitory. The dormitory infants were saved first.

During the civil war, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases the army had to contend with. In many instances it became chronic and the old soldiers still suffer from it. Mr. David Taylor, of Wind Ridge, Greene county, Pa, is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by M. L. Marsh & Co., Druggist

He Is Wanted In South Carolina.

On Monday Deputy Sheriff Townsend received papers from South Carolina asking him to look out for a white fellow named Henry McGraw, who on the 13th of this month cut a man named McKibben at Rock Hill. Officer Townsend spied the man Monday evening but while McGraw was eating early breakfast today (Tuesday) at Marion Dulin's home out near the Bala mills Mr. Townsend approached the house. McGraw saw him coming and didn't take time to tell Mr. Dulin good-bye and started across the cotton patch. Mr. Townsend's pistol was leveled on the fellow just as he was looking back and it had the desired effect for the fellow called out for him not to shoot. He was brought here to jail and will be taken back to Rock Hill.

Foul Assassin's Work.

Capt. Calvin Barnes while traveling homeward from his farm near Wilsoa with two little grand-children Monday evening about dusk was foully shot in the back by an unknown assassin. His survival is very doubtful. Bloodhounds were sent for and a white man is suspected.
