LYNCH TALK.

A Number of Men Met Near Salisbury Saturday Night With the Intention of Lynching Carr and Edwards—The Negroes Taken to Lexington and Jailed—No Demonstration Made.

A number of our citizens, said to be from Cabarrus, arranged plans and met on this side of Salisbury last Saturday night with the intention of organizing a mob and lynching Tom Carr and Will Edwards, the two negroes in jail at Salisbury, awaiting punishment for killing Policeman Kerns.

But Sheriff Monroe, of Salisbury, heard of the plans and had his negroes out of jail and in the railroad yard above the passenger depot some distance when the northbound passenger train came Saturday night. He boarded the train and took them to Lexington where they are confined in jail.

From the Salisbury Sun we learn that the plans did not after all bring a crowd as only a few strangers were to be seen on the streets that night after midnight. Probably the crowd learned of the vacancies in the jail and hence did not come into Salisbury.

SHE DROPPED DEAD.

The Wife of Mr. Reece Gourley Dies Suddenly—Heart Trouble the Cause of Her Death.

On Sunday afternoon before bidding her visiting daughters good-bye Mrs. Reece Gourley stepped into the house for some-thing and died in a very few minutes. She dropped down upon the floor and drew but a few breaths. Her death occurred about 1 o'clock. She was a stout lady and was apparently well. Heart trouble was the cause of her death. She and her husband lived on Mr. Will Morris' land near the line of Nos. 2 and 11 township.

She leaves a husband and six children—two married daughters and two single sons and daughters.

A Wreck Near Greensboro.

Sunday morning No. 33, the southbound passenger train which passes here at 7:19 a. m. struck the rear of a freight train on the other side of Greensboro, resulting in two men being injured. We learn that the fireman, a negro, on the passenger train, died from his injuries. One of the crew of the freight train was asleep in the caboose when the train struck it. He was knocked unconscious and hurt considerably. No train passed here Sunday until after 4 o'clock that afternoon.

The Kesler Mill Changes.

The Salisbury correspondent to the Charlotte Observer gives out the following concerning the deal of the Kesler mill at Salisbury. A transfer of a majority of the stock of the Kesler Manufacturing Company (cotton mill) took place today. The company was reorganized, with J W Cannon, of Concord, president and F L Robbins, recently of Goldsboro, secretary-treasurer and manager. John McGill, of Philadelphia; J W Cannon, D F Cannon and Dr. J P Gibson, of Concord, and F L Robbins constitute the new board of directors. It was decided to double the present issue of stock, making the total about \$80,000. This is to enable the indebtedness at present resting on the property to be paid off. Old stockholders have the privilege of taking their pro rata in new stock before the 15th, if they desire.

GLORIOUS NEWS

Comes from Dr. D. B. Cargile, of Washita, I T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows that thousands have proved that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, help digestion, builds up the strength. Only 50 cents. Sold at Fetzer's Drug Store.

NO CURE, NO PAY.

That is the way all druggists sell Grove's Tasteless Chill Tonic for chills and Malaria. It is simply Iron and Quinine in a tasteless form. Children love it. Adults refer to it as bitter, nauseating Tonic. Price, 50c.

Mr. White and His Salary.

Theophilus White, who again comes into the office of shell fish commissioner by a recent decision of the Supreme Court, is now in a quandary about his salary. White was shell fish commissioner under the act of 1897 at \$75 a month. The Legislature of 1899 attempted to abolish him and created seven oyster inspectors at a salary of \$400 a year each. Now White has been restored to his office but nobody seems to know whether he goes in on the old basis of \$75 a month or whether he gets the combined salaries of all seven of the oyster inspectors, which amounts to \$2,800 a year. In the absence of special information on the subject State Treasurer Worth has declined to pay White any salary at all and he will have to bring suit to find out where he is "at." He will bring suit at once, for an office is nothing to the average citizen without the salary attached, and will ask the court to give him the \$2,800 salary instead of the old pay of \$900 a year.—Statesville Landmark.
