WILLIAM GOEBEL DEAD.

End Came at 6.45 P. M. Saturday—
Beckham Sworn in—Taylor Resists
the Courts—Situation Impendent

William Goebel's sublime struggle for life, the splendid nerve which was the only real ground of hope for his recovery yielded on last Saturday and he realized that death was inevitable. The end came at 6.45 o'clock.

His brother, Justus Goebel, set out from Arizona at once when he was apprised of the tragedy and entered the room 40 minutes after death occurred.

A sister and brother who were present asked to be left alone with the dying man when the end came and were the only ones to know for some time that he was dead.

The doctor then made out a death certificate and Lieutenant Governor Beckham, who was in another room in the hotel, was promptly sworn in as governor. He as acting governor had peremptorily dismissed Adjutant General Collier. Soon after he was sworn in as governor he appointed a new adjutant general.

Taylor, in hiding behind his troops, has now resisted a writ of habeas corpus and an injunction against convening the legislature at London.

This seems the last step to anarchy and if persisted in there is no apparent way out of it but for the sheriff of the county to summon enough men to his aid to enforce respect to the mandates of the court, which seems the thing next to be listened for.

Will Foil, of Charlotte, Cut Considerably

On last Saturday night Will Foil, formerly of this place, son of Mr. Jeff Foil, the contractor, was aroused from his bed by some person continually knocking on the door. The stranger did not answer the question as to who it was so Mr. Foil, with a stick in his hand, went to the door. When he opened the door the man commenced to cut him with a knife, making several wounds in the face. Mr. Foil at last succeeded in knocking the fellow down with a stick. The fellow was taken to the police station and his name was Dover, an utter stranger to all. He was drinking but not drunk.

Gets Two Fingers Cut Off.

We are sorry to learn that Mr. Vic Caldwell met with quite a little accident on last Saturday. He got two fingers cut off by a feed cutter. He had hands running his feed cutter, and as he was in the act of pulling the feed from the machine, having leaned forward, his little son, who in play ran against him, overbalanced him. The accident is more easily conceived than described. The fingers were clipped in an acute angle. One bone was affected. He quickly took up the chipped off parts, replaced them and bandaged them with the hope of their healing.

—Mr. Jas. Wadsworth, of Charlotte, spent yesterday here with his brother, Mr. Jno. C. Wadsworth.

DEATH REAPS DOUBLY.

Two Deaths at Mr. Jno. Rimer's in Two Days—Another Member of the Family Very Low.

Sickness and death has visited the home of Mr. Jno. Rimer, who lives nearly three miles from Faith in Rowan county. On Thursday Nathan, the little son, died and on the next day Miss Polly Rimer, who lived in the same house, also died. She was about 65 or 70 years of age. One of Mr. Rimer's little girls is very ill and not expected to live.

A Bad Dog Fight.

Nothing is better to break the monotony sometimes in a town than a dog fight—it seems to cause some people to wake up and laugh, but when a full-blooded bull dog and a good hound come together as did Mr. Osmond Barringer's bull dog and a friendless hound today (Monday) it is not so amusing but brings sympathy for the under dog. It was a bad fight and for a while it seemed that the hound would do well to come out alive. The victorious one was scratched, somewhat but not badly.

At the Presbyterian Church Tonight.

Prof. H M Hamill, the noted Sunday school worker who is now visiting the principal towns and cities in the interest of this work, arrived here this morning. This afternoon he lectured at the Central Methodist church, and this evening at 7:30 o'clock he will give an address at the First Presbyterian church. Mr. Hamill's visit is to the interest of all Sunday school workers of all denominations.

Mrs. Lawson Bostian, Dead.

On last Friday death visited the home of Mr. Lawson Bostian who lives in Rowan county near our county line and robbed him of his wife, who was sick only about ten days with pneumonia. She was about 50 years of age. Four children are left motherless.

The remains were interred last Saturday after the funeral at Luther's chapel near China Grove.

Negro Found Prowling About the House.

On Sunday morning about 6 o'clock a negro was seen on the porch at Mr. G R P Miller's in the house near the graded school where Mr. Zeb Morris formerly lived. The negro also went around the house into the back yard even when he knew that he had been seen. It was a strange action on the part of the negro, but Mr. Cook who saw him says that he was not drunk. The negro stated that he had come after some money that he wanted to pay the expenses of burying a relative. A pistol was fired at him though and the negro made good speed down through the back yard.

Violators of the Law.

Monday morning found a crowd hovering about the mayor's office which always means that some trials are on the docket and the crowd awaits the fate of the law-breakers. Two white men from Cannonville were before Mayor Means—one for loud and profane swearing and the other for being drunk. Adam Morgan, a negro, was also arraigned for being drunk. The white men paid their fines and costs, and also the negro.

Smallpox in the State.

The January health Bulletin says the predicted prevalence of smallpox this winter has been realized. It numbers 162 cases and says it is in fifteen counties. It speaks of "a few" cases in Davidson county and this together with the great difficulty there is in getting a truthful report leads to the fair presumption that these figures are very conservative.

The causes of the great spread the Bulletin say are failure in previous cases to enforce proper disinfection of premises and personal effects of the patients, neglect of vaccination, and the "kicking doctor".

The Bulletin says the symptoms for the first 24 hours are headache, pain in the back and vomiting. These symptoms should be noted by any one and the doctor will be the best to follow up the rest.

Rock Hill Bank Closes.

On last Saturday the Commercial and Farmers Bank, of Rock Hill, closed its doors. It seems that there has been such a continual run on the bank for the last month or two that it was deemed advisable to close its doors. Mr. R Lee Kerr, the cashier, has stated that he does not think there will be any losers by this action.

A Prominent Chicago Woman Speaks.

Prof. Roxa Tyler, of Chicago, Vice President Illinois Woman's Alliance, in speaking of Chamberlain's Cough Remedy, says: "I suffered with a severe cold this winter which threatened to run into pneumonia. I tried different remedies but seemed to grow worse and the medicine upset my stomach. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and it relieved me at once. I am now entirely recovered, saved a doctor's bill time and suffering, and I will never be without this splendid medicine again.—For sale by M. L. Marsh & Co.
