The Wickless Blue Flame Oil Stove is unquestionably the best solution of the summer cooking problem. Easily moved. Absolutely safe. Independent of gas pipes or coal man. The

Wickless Blue Flame Oil Stove

takes the place of the best coal or gas range. It will bake, broil, boil, roast or simmer. It never smokes or smells. Its cost of operation is but a fraction of that of a gas range or coal stove. Burns ordinary kerosene.

Sold wherever stoves are sold, but if your dealer does not carry them, write to

STANDARD OIL COMPANY.

Doodlebugs Take Notice.

"Don't ever again, unless you want me to cut you," said a club man, "wear suspenders and a belt at the same time. It is in very bad form, for you are wearing the belt for ornament only, or else you are wearing the suspenders for that purpose, and it is an axiom that any useless ornamentation of the male is wretched taste. Again, the exploiting of belt and suspenders together is a confession that your trousers are ill made. Trousers are cut for belt or for suspenders, whichever you prefer. If you care to wear a belt tell your tailor so, and if he knows his art, he will put belt-loops on your trousers, and cut them so that they will only come up to the waist, and so that the hip bones will support them. Suspenders then will be needless, except as I say, for ornament, and he who thinks suspenders an ornament is a fool."—Philadelphia Record.
