THE ORPHANS IN DANGER.

Freight Cars Wrecked But Caboose Kept the Track and They Were Saved.

A freight train from Winston-Salem, bearing in the caboose 16 of the Oxford orphan singing class on their way to the Mocksville picnic, was partially wrecked on Wednesday. The rails spread and one freight car left the track. The train ran a quarter of a mile till stopped and nine cars had gone off in a mass. By miracle, it would seem, the caboose stayed on the track and the orphans were saved.

Miss Jennie Hurlocker has Money Stolen

Chief of Police Harris returned this (Thursday) morning from Reidsville with a white man, W. A. Henley whom he had gone for. Henley and family came here sometime ago from Reidsville. On Sunday evening Miss Jennie Hurlocker, who boards with a Mr. Hinson, was leaving for a visit to Stanly county and had placed her money away. Henley was at the same house and saw where the money was placed. During the evening while Mr. Hinson was sleeping it is supposed that Henley found the key and opened the drawer and took the pocket book which contained \$63.

He was arrested there Wednesday morning. Chief Harris was wired for and went down, and secured the man. The pocket book and \$53 was found. Henley was placed in jail here to await trial.

SENATORIAL PRIMARIES.

Provision in the Platform—Second to be Held if First is Indecisive—All Who Voted the State Democratic Ticket Admitted.

Mr. R. R. Clark of the Statesville Landmark, and member of the Democratic platform committee, gives the following information as to senatorial primaries:

"The platform committee of the last Democratic State convention, April 11, adopted the following in the platform, which was subsequently adopted by the convention:

"We hereby instruct the State executive committee to make provisions for the holding of a primary on the first Tuesday of next November for the selection of a United States Senator by the Democratic voters of the State, at which every elector who has voted the Democratic ticket in the State election shall be entitled to cast one vote for one man for United States Senator, and the candidate who receives the majority of the votes so cast in the whole State shall receive the support of the Democratic members of the Legislature; and if no candidate shall receive a majority then the committee shall hold a second primary at which only the two highest candidates shall be balloted for, and the one receiving a majority of the votes so cast shall receive the support of the Democratic members of the Legislature.

"Provided, That if any third candidate shall receive at the first primary so held within 2,500 votes of the second highest candidate, then in that event the three candidates shall be balloted for at the second primary, and the one of the three receiving the highest number of votes shall receive the support of the Democratic members of the Legislature for United States Senator."

"Every man, then, who voted the Democratic ticket in the August election is entitled to express his preference for Senator in the primary at the November election, no matter how he votes in November, or whether he votes at all.

"These are the facts as they were understood by the platform committee of the Democratic State convention."

As has been aptly said the man who sits on a limb and saws it off is a Solomon compared with the one who neglects newspaper advertising and yet thinks he can successfully compete with his more wide-awake and enterprising competitor in business who pins his faith to it.—Ex.

Limberger Cheese.

We most heartily agree with one of our exchanges which says: "Limberger cheese laid away in cupboards and refrigerators will drive away aunts." Yes, it will drive dogs out of a tan yard, drive a spike through a brick, a hobo from a meal of victuals, a mule through a barbed wire fence, a negro from a chicken roost; yes, it will drive a man into insanity who stays five minutes within ten feet of its unsavory presence. Yes, sir; it will drive away aunts and also uncles, and if we had any cousins that it wouldn't drive away we'd be tempted to disinherit them, and yet some men will eat the stuff and say it is not good.—Salisbury Sun.

Insane From a Stroke.

About a year ago Mr. J. A. Byrd, of Greensboro, was struck on the head by a falling hook and ladder truck. Since that time he has been disabled, and recently his mind has been affected. For the past few days he has been violently insane. He imagines that some one is constantly trying to kill him and requires constant watching.—Western Sentinel.

Questions Answered.
Yes, August Flower still has the largest sale of any medicine in the civilized world. You mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by all dealers in civilized countries.
