Protracted Meeting Closed—Sermon by Rev. Mr. Pressley, Missionary from Mexico—Returned from the Regular Army.

Written for The Standard.
Glass, N. C., Aug. 13, 1900.—
The meeting that commenced at Bethpage Thursday closed Sunday evening.

Mr. Neal Pressley, of Mexico, favored us with a fine sermon Saturday.

Thos. Poteet, one of our boys who has been in the standing army for three years, returned home Saturday night.

Mr. Marion Pethel and Mrs. D. H. Winecoff are improving.

Robert Lafferty of China Grove is here today.

Miss Mary Winecoff is here for a week or two.

Everybody is getting ready for the convention that meets at Olivet next Wednesday.

Doesn't Suit for the Factory.

The Textile Excelsior, of this city, has an interesting editorial in its issue of the 11th, going to show the unsuitability of colored labor in cotton mills. It cites case of the Vesta Mill, of Charleston, and says this should be sufficient warning. The Observer has heard it said that the trouble with black people in cotton mills is that the monotonous whirr of the machinery adds to the natural tendency to go to sleep, and that this is the principal reason why they have proved failures in this capacity.

Whether this is the only reason or not, it appears clear, in the light of experience, that colored people will not do for factory hands. The conclusion reached by the Textile Excelsior seems, in the face of facts, irresistible.—Charlotte Observer.

Beauty is Private Property.

A handsome young lady of Rochester, N. Y., has won a suit for \$15,000 damages against the Franklin Mills company for using her portrait without permission as an advertisement of flour. The judge sustained the contention of the fair plaintiff that her "right of privacy" had been invaded.—Daily Reflector.

Terrible Retribution.

A Cleburne, Texas, dispatch of the 11th, says the proprietor of a melon patch split the stems of certain vines and placed strychnine in them. Six boys, who probably had driven him to desperation, made a raid and ate of a poisoned melon and all quickly died.

Robbers' Desperate Deed.

Near Columbus, Ohio, on last Saturday night, train robbers killed Charles Lane the express messenger and robbed the safe of what there was in it. The villains escaped.

TO TESTIFY IN CHARLOTTE.

Citizens Subpoenaed for Hearing Tuesday to be Taken up to Judge Simon-ton.

Messrs. John K. Patterson, Wm. Propst, W. F. Cannon, Z. A. Morris, H. C. Cook, James N. Brown and J. L. Erwin have been subpoenaed to go to Charlotte Tuesday to give testimony in the matter of the Southern Railway vs the Corporation Commission. This testimony is being taken to be presented to Judge Simon-ton.

Libel Suit in Salisbury.

We note that Dr. Stallings, of the Salisbury Truth-Index, has taken the initiatory steps to a suit for libel against Mr. T. P. Johnston, of that city. It is the outcome of a newspaper controversy that lost the sphere of beneficial discussion and drifted into the realm of stinging personalities. The sum asked for is \$10,000.

Wedding Bells For Concord.

Miss Fannie Sims went to Concord last night, to remain until after the wedding of her cousin, Miss Della Sims, to Mr. Paul Parks, both of Concord, which takes place Wednesday next.—Charlotte Observer of 12th.

Electric Cartridge.

An electric cartridge has been invented by an Italian electrician which is offered as a substitute for dynamite and smokeless powder in mining, rock blasting and for heavy ordnance. According to United States Consul Hughes, of Coburg, the composition used in the cartridge is made up of carbonates of potash and chloride of ammonia, the proportion varying according to the use. The discharge is effected by an electric spark, which produces electrolytic effects upon the chemicals. The inventor claims that the cartridges, until subjected to the effect of electricity, are entirely inoffensive and perfectly safe; so that there will be no necessity for isolating the magazines where they are stored.—Engineering News.

A Good Cough Medicine.

Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with any throat or lung trouble give it a trial for it is certain to prove beneficial. Coughs that have resisted all treatment for many years have yielded to this remedy and perfect health has been restored. Cases that seemed hopeless, that the climate of famous health resorts failed to benefit, have been permanently cured by its use. For sale a Marsh's drug store.

"The rich man has troubles of which the poor man knows nothing. We are willing to know, however.—Durham Sun."

There is nothing that so makes a man suspect much, as to know little.—Ex.

'CONDUCT INEXPLICABLE.'

South Carolina Complains of Governor's Failure to Honor Requisition.

The special correspondent of the Charleston News and Courier under date of August 9th, telegraphs from Columbia as follows:

"Governor Russell, Republican, of North Carolina, has persistently refused to honor requisitions from Governor McSweeney for the return of criminals to this State. No reason has been given for such action, except that the private secretary usually writes that the governor will investigate and act. But he has never done so, and one clear case of a horse thief from Spartanburg county has been investigated for three or four months, and yet nothing has been done about it. In this case the man who lost a horse and buggy, after the proper papers were received from Governor McSweeney, went to considerable trouble and expense to bring the criminal back to this State and to justice. But Governor Russell has not yet done a thing about it, and it is understood that the criminal is out on 'bond,' which will probably be the last heard of him.

"There was another case from this State, which met the same fate. There is still another and a requisition will be sent on for the return of the criminal. Russell will be given another trial, but from previous experience it is doubtful whether any attention will be paid to the requisition papers. The conduct of the North Carolina Governor is inexplicable, unless it be that he has been neglecting his duty and paying more attention to politics than to the gubernatorial office."

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Haggarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was yellow jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful stomach and Liver remedy, and he writes: "After using two bottles I was wholly cured." A trial proves its matchless merit for all stomach, liver and kidney trouble. Only 50c. Sold at Fetzner's drug Store.

Questions Answered.
Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by all dealers in civilized countries.
