CONCORD, N. C., SEPT. 22 1900.

The Press-Visitor claims that Raleigh has the largest and best equipped cotton gin in the State. Its capacity is a bale to every 15 minutes. That's something of which to boast, but then it is to have Marion Butler. We'd rather sit on the lever and drive horses round in a ring ginning three or four bales a day.

Our friend, the Stanly Enterprise says the fatalities at the Johnstown flood on August 31, 1889, were 2,142. We read in Spofford's Cyclopaedia 9,000—pretty big difference. Will the Enterprise please give us the author of statistics on which it draws.

The Retail Grocers' Union of Charlotte petition for the co-operation of employes for the collection of bills made on promise of settlement on pay-day, which promises are so often ignored and the money is paid to another. If this iniquitous homestead were removed there would be no such dodges thought of.

The days and nights are now equal. The provision seems to give a fellow as much time to rest and sleep as to work. It doesn't provide, however, for a full dinner pail.

Bryan and frying are words less suited for rhyme than watchwords for the two great opposing parties.

With eleven Presidential tickets in the field, the man who can't make up his mind how to vote might draw lots.—Morning Star.

If troubled with rheumatism, give Chamberlain's Pain-Balm a trial. It will not cost you a cent if it does no good. One application will relieve the pain. It also cures sprains and bruises in one-third time required by any other treatment. Cuts, burns, frostbites, quinsy, pains in the side and chest, glandular and other swellings are quickly cured by applying it. Every bottle warranted. Price 25c. and 50c. For sale at Marsh's drug store.

WELL ENOUGH PUT.

Atlanta Veterans to the G. O. P. An Associated Press Dispatch of the 19th from Atlanta says: "Atlanta Camp 159, United Confederate Veterans, at its last meeting, adopted a resolution couched in strong language, taking exception to a resolution passed at the recent encampment at Chicago, of the G. A. R., relative to Southern school histories. It was held by the G. A. R. resolution that many of the histories used by Southern school children gave a partisan view of the historical facts of the Civil War.

After giving briefly several incidents in the war the resolution adopted by the Atlanta camp concludes:

"In the language of the resolutions of the Grand Army, we of the South also call upon all patriotic citizens to aid in banishing from our school all books and teachings of a partisan, sectional or disloyal character, but we remind our fellow citizens of the Grand Army of the Republic, that so long as the Northern schools are supplied with books that teach that the war between the States was organized rebellion designed to destroy the Union, that Jefferson Davis was the arch traitor (while John Brown was a hero and martyr) that Robert E. Lee, Albert S. Johnston and Stonewall Jackson were guilty of treason; that Semmes, Tattnall, Buchanan and Waddell were wicked pirates, and the Southern armies were bands of rebels, the adoption of these resolutions by the Grand Army of the Republic is but a hollow farce. "The resolutions themselves teem with partisan anger and misrepresentation. Whenever the unfair partisan books of the North are corrected and all evidences of hatred to the South eliminated therefrom, it will then be time enough for our Grand Army friends to call for reform in the matter of Southern histories."

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. Curtis Baker, Bookwalter, Ohio. For sale at Marsh's drug store.

While digging in phosphate mines near White Springs, Fla., Friday the earth suddenly caved in and a big underground cave was revealed. In it were skulls and human remains and parts of pottery and cooking utensils. Among them were found the head of an immense serpent and in a phosphate bed later were found his bones and form petrified. Experts who investigated claim it was fully 74 feet long when alive and very powerful. The human remains are supposed to be those of Seminoles.—Greensboro Patriot.

Endured Death's Agonies.

Only a roaring fire enabled J. M. Garretson, of San Antonio, Tex., to lie down when attacked with asthma, from which he suffered for years. He writes his misery was often so great that it seemed he endured the agonies of death; but Dr. King's New Discovery for consumption wholly cured him. This marvelous medicine is the only known cure for asthma as well as consumption, coughs and colds, and all throat, chest and lung troubles. Price 50c and \$1.00. Guaranteed. Trial bottles free at Fetzler's drug store.

DR. HUMER McGUIRE DEAD.

Was Stonewall Jackson's Physician—Eminent Surgeon and Author.

Dr. Hunter McGuire, who was Stonewall Jackson's medical director, died at his country house near this city this morning from the effects of a stroke of paralysis six months ago.

He was one of the most eminent surgeons in the South. He was born in Winchester, October 11th, 1836, and received his medical education there and at Philadelphia. He headed the movement which brought from Philadelphia to Richmond some 300 Southern medical students during the excitement incident to the John Brown raid. He had filled the chair of surgery in the Medical College of Virginia, and founded the University College of Medicine here.

He was the author of several important medical works, has served in leading positions in medical and surgical organizations of the country, and was chairman of the History committee of the Grand Camp of Virginia, Confederate veterans.—Richmond Dispatch of 19th.

Barrel of Apples for Each.

This year's apple crop in North America is expected to be the largest ever known. The horticultural experts predict from 80,000,000 to 100,000,000 barrels, which will be a supply of more than a barrel for every inhabitant of the United States.—Daily Record.

The Best Prescription for Chills
 And fever is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

Does capital punishment lessen crime? This is the reflection of more than one man since Sunday's horror in our city. Less than three weeks since Tom Jones perished on the scaffold Boot Brown commits a murder almost as atrocious.—Raleigh Press-Visitor.

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Halloway, of French Camp, Miss. "I spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale at Marsh's drug store.

The Bravery of Woman

Was grandly shown by Mrs. John Dowling, of Butler, Pa., in a three years' struggle with a malignant stomach trouble that caused distressing attacks of nausea and indigestion. All remedies failed to relieve her until she tried Electric Bitters. After taking it two months, she wrote: "I am now wholly cured and can eat anything. It is truly a grand tonic for the whole system as I gained in weight and feel much stronger since using it." It aids digestion, cures dyspepsia, improves appetite, gives new life. Only 50c. Guaranteed at Fetzler's drug store.

Mr. Sousa says that his band played to over 100,000 people in Europe; that the cash receipts were \$100,000; and that he is going again in August 1901, to tour in Scotland and England. He had one audience of 6,500 people, he says, in Berlin, where he gave concerts on seventeen days. In Paris he twice had an audience of 100,000 persons.—Durham Sun.
