CONCORD, N. C. THURSDAY, SEPTEMBER 27 1900.

—SINGLE COPY 5 CENTS.

STRIKE HAS TWO GLASSES.

Ten Days on—Italians Fight Among Themselves.

The strike has been on for ten days. The strikers have succeeded in closing a number of mines and their numbers have grown.

Two instances of bloodshed have occurred, that at Shenandoah wherein the sheriff's posse killed a man and wounded a girl and a battle that occurred among some Italian miners at Scranton on the 26th in which 20 pistol shots were fired and three men fell, one very seriously wounded.

The Democratic Clubs' Meeting in Raleigh.

According to call the Bryan-Stevenson Clubs of North Carolina met in Raleigh Wednesday and formed the State clubs into a State association, which will be a part of the national association. Hon. F. D. Winston was elected president of the association and Elihu B. Lewis of Kinston secretary. Eleven delegates were elected to represent North Carolina at the national meeting of Democratic clubs in Indianapolis, Indiana. One delegate was elected from each congressional district with an alternate, and two delegates at large with alternates. Mr. James P. Cook was elected to represent the 7th district, with Mr. A. H. Boyden, of Rowan, as his alternate. Delegates at large are John H. Cunningham and Hon. R. A. Doughton. After the appointment of an executive committee the meeting adjourned. The following were appointed on this committee: H. A. London, chairman, W. R. Allen, H. A. Fousher, W. B. Snow and F. H. Studmore.

Mr. Chas. Hislop to Leave the State.

Mr. Chas. Hislop, who was superintendent of the Buffalo Cotton Mills here for four years, and for the last two years has been superintendent of the Bynum Cotton Mills at Bynum, N. C., which mill is under the management of the Odell's, is to move with his family on October 1st, to Opelika, Ala. Mr. Hislop will superintend the Opelika Cotton Mills, which operates 15,000 spindles. He has many friends in Concord and other parts of the State who will be sorry to hear of his departure.

A Lamp Explodes.

There came near being a serious fire at Mr. John Smith's home last night. The swinging lamp in the hall exploded and threw fire and oil in every direction. The carpet was in a flame when the neighbors passing by saw it, and extinguished the fire and averted a conflagration.

JIM HOWARD TO HANG.

So Says the Jury to the Man that Killed Goebel.

James R. Howard was convicted at Frankfort, Ky., on the 26th, of murder in the first degree, and the jury fixed the death penalty. It was feared at first that a mistrial would result, but it was too clear that he was the man who fired the shot that killed Goebel.

He listened to the verdict with perfect composure, but when he was taken to his cell he called for pen, paper and ink and amid trickling tears wrote to his wife.

There will be a motion for a new trial.

MR. RYAN AT NEBRASKA.

Scores the Starch Trust and Takes the Starch Out of a Contemplated Mob.

Mr. Bryan spoke at Nebraska City, Kansas, on the night of the 26th and directed his remarks chiefly against trusts, and particularly the Starch Trust, which has a plant there. There were threats of violence against him if he should speak against the trust, inasmuch as there was an intimation that the plant might be moved elsewhere. He waded into the situation so boldly and convincingly that there were no bad eggs for him. He showed them that while that starch manufactory was not in any trust it thrived and was owned by the people there but that within a trust it was liable to be moved or closed down or wages reduced or anything else that a man in New York might dictate without reference to local interest. His speech was well calculated to disarm all hostility toward him or Attorney Gen. Smith, whom they disliked for prosecuting the starch trust.

A new fakir is abroad in the rural regions. He drives through the country and sells soap at five dollars a box, which sum includes the price of forty yards of carpet, selected from samples which he has in his wagon. He takes the five dollars, leaves the box of soap, promises to deliver the carpet of the selected sample within a week, and drives away. The soap is worth probably 50 cents. It stays with the purchaser. The carpet is probably worth fifteen dollars, but it stays with the fakir and has not yet been delivered to a single victim. Farm families should be on their guard against this new fakir and against other fakirs.—Durham Daily Sun.

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Halloway, of French Camp, Miss. "I spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale at Marshall's drug store.

A SEVERE STORM AT NOME.

Many People Rendered Homeless—Property Damage Estimate at \$500,000.

Seattle, Wash., Sept. 25.—The steamer Roanoke brings news of a most disastrous storm at Nome. It raged with unusual violence for nearly two days, up to the evening of September 13th, and was the severest that ever visited northwestern Alaska.

A number of barges and lighters were driven ashore and totally wrecked. All along the beach for miles, both east and west of Nome, the wind and water have created havoc with tents and mining machinery. A number of lives are believed to have been lost. It is known that A. A. Ryan, of Los Angeles, was drowned. Several captains and seamen on small tugs are missing, and it is thought they are lost. Fully 500 people are homeless, while the loss to property and supplies is over \$500,000. There is not an alley leading to the beach that is not filled with debris. Many of front street buildings abutting on the beach have been damaged. Numerous small buildings were swept completely away.

The heaviest losers are probably the Alaska Commercial Company and the Wild Goose Mining and Trading Company.

Reports from various sections in this county indicate that the tobacco crop is a sorry one. A gentleman says that in the neighborhood in which he lives the crop is worse than sorry, and that he honestly believes it will not average \$3 per hundred pounds. All through the tobacco growing section the seriousness of this year's crop is reported.—Durham Sun.

Questions Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by all dealers in civilized countries.

A FRESH LINE OF NICE CANDIES, ALSO NICE FRESH SUMMER CHEESE AT S. J. ERVIN'S
