Hobson Explains That He Had No Intention of Reflecting on Dewey.

Montreal, Quebec, dispatch of the 23rd says:

Lieutenant Hobson, of Santiago fame, was a passenger on the Imperial Limited which reached here tonight from Vancouver. He will leave for New York tomorrow.

Lieut. Hobson expressed himself as very much annoyed at the construction put upon the interview sent from Vancouver and stated that he had not the slightest intention of reflecting upon Admiral Dewey, in fact, he was a warm admirer of the admiral and believed that he had done great work. His statement was that the ships had not been sunk by the guns of Admiral Dewey's ships, but that Admiral Dewey had compelled the Spaniards to sink the ships, an action for which he was entitled to the highest praise.

Drying Preparations simply develop dry catarrh; they dry up the secretions which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh of cold in the head easily and pleasantly. All druggists sell it at 50 cents or it will be mailed by Ely Brothers, 56 Warren St., New York.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. Curtis Baker, Bookwalter, Ohio.
