## ROUGH RIDER MOBBED.

**Boisterous Crowd at Cripple Creek Attacks Gov. Roosevelt—Exciting Experience but Nobody Hurt.**

Gov. Roosevelt had an experience at Cripple Creek, Colorado, on Wednesday that was about on a par with San Juan, Hill. He spoke at Armory Hall to a rather boisterous crowd. The ruder ones called out "What about rotten beef?" He replied in the rather irritating words, "I ate it and you will never get near enough to be hit with a bullet or within five miles of it."

He finished his speech, but on the way to the depot men and boys crowded around and began to throw sticks and stones. A group of Rough Riders encircled him. One of the mob succeeded in striking him with a stick, whereupon a rough rider knocked him down and there was no little fist-cuff fighting. The party reached the train without anything serious to either party.

### In Honor of Confederate Veterans.

We are glad to announce to all the surviving Confederate veterans that on the 11th of October at the Rowan reunion in Salisbury the local talent there that has made such a good reputation over the State with the play "Under the Southern Cross," will give this play in the afternoon free of charge to all the veterans. It is to be rendered especially for the pleasure of this class and in honor of those who wore the gray.

The reunion exercises will be held before noon, followed by a feast, and the play will take place as a matinee.

Remember that all are invited and it is a mark of special honor to the veterans.

### It Shows the Taking Off of Will Edwards.

Mr. Walter Pool, of Salisbury, made a model of the gallows on which Will Edwards was hanged with an effigy of the victim and all, and sent it to Concord. It can be seen at Yorke & Wadsworth's hardware store. It will be on exhibition too at the Carnival. It is quite complete and conveys the idea fully.

### Read The Standard On the Queen's Domains.

Our good friend Mr. A. Jones Yorke tells us that he had the pleasure on his late trip of reading The Standard on the Queen's domains.

He said it was like meeting an old familiar friend just on the border where he secured it, and he read it after arriving in Toronto, Canada, with the zest of a familiar chat with home folks.

## NEWS CUELINGS.

A Richmond grand jury has found bills against two of the guards, Michael J. Roach and William Collins, for the escape of Joseph Rapley, alias "Topeka Joe."

Judge Stewart, of York, Pa., recently put a striker under bond to keep the peace, and referring to the right of strikers to prevent men from going to work, Judge Stewart said: "The moment the Union crosses the line of persuasion it becomes a transgressor of the law. Anything that looks like threats or intimidation or irritation is going beyond the bonds of order and the law. I want to say further that I will consider the calling by Schott of any non-union workman a 'scab' as a breach of the peace within the meaning of the bond."

A train of ten car loads of bananas passed through on the Southern from Norfolk to Cincinnati on the 26th.

Special Representative D. M. Nesbit, of the United States Agricultural Department, arrived in Wilmington Tuesday on business connected with the department's experiment looking to the creation of a foreign demand for sweet potatoes, which are so largely grown in this State. He arranged recently for shipments from the eastern shore of Virginia and hopes to interest growers in Wilmington. He will confer with officials of the East Carolina Truck and Fruit Growers' Association.—Durham Sun.

The Seaboard Air Line has given a contract to a Richmond firm to bore eighteen artesian wells along its lines in this State. This company has now thirteen machines at work in North Carolina sinking wells. Its operatives say there are no flowing wells save on the immediate coast, and they do not expect to find any "gushers" anywhere else.—Greensboro Patriot.

The Chatham Manufacturing Company of Elkin gave \$100 worth of blankets and the people of Elkin \$30 in cash to the Galveston sufferers.

### Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Holloway, of French Camp, Miss. "I spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale at Marsh's drug store.

## Col. Bryan's Tour.

Dakota City, Neb., Sept. 27.—Wm. J. Bryan arrived here tonight and addressed a meeting in the court house yard. He made three speeches on the way during the day, traveling almost 40 miles by carriage and 150 by rail. In his speech at Blair he said that apparently Chairman Hanna and Governor Roosevelt were not harmonious on the trust question, for while Mr. Hanna was declaring that there were no trusts, the vice-presidential candidate was going about the country making complaints of an ice trust in his own State. As Governor of the State in which the trust was supposed to exist, Roosevelt was in a position to destroy it.

In his night speech at Dakota City, Mr. Bryan asserted that the Republican party did not dare take its full dinner pail argument into the anthracite coal regions of Pennsylvania.

### Calamity Howl From the Printshop.

The following is an extract from the obituary notice of a country newspaper, published in another paper of the same town: "The pen is silent; the office scissors have been laid away to rust. The stillness of death pervades the very atmosphere where once the hoarse voice of the devil, yelling 'Copy!' or 'Whatin thunder's this word?' was wont to resound. The paste has soured in its pot; the cockroach is eating the composition off the roller, and the bluebottle fly is dying in the rich and odorous folds of the printer's towel."—Ex.

### Questions Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by all dealers in civilized countries.
