MINERS CARRY THEIR POINT.

Demands Being Acceded to—Work Not Resumed Till All Operators Fall In.

The great coal strike seems at an end though the men have not gone to work. The Philadelphia and Reading Coal and Iron Company and the Lehigh Valley Company have now acceded to the miners demand, that is an advance of 10 per cent. in wages to continue till April, 1901 or longer and practically every demand made by the miners. Calvin, Pardee & Co., of Hazleton and a company of the Cranberry mines have made the same concessions. It is expected that there will be a general falling into line when work will be resumed. It is believed however that work will not begin until all the operators agree so that all the strikers shall have gained their point.

Looking to the South for Stock.

Soon after the war we looked to the North for improved stock and we got grand results, especially in the line of cattle and hogs, but the conditions are changing, it seems. Mr. G T Crowell, who is advertising pigs for sale, shipped three Wednesday night to Harrisburg, Pa.

October 27 to Be Made Memorable by Democratic Meetings.

Chicago, Oct. 15.—Every city and town in the United States will have from one to five Democratic meetings on the night of October 27. They have been ordered by the National Committee, and local party managers acting under instructions are attending to the arrangements. The only explanation obtainable at national headquarters is based on a determination to give the country a shaking up such as has never before been witnessed in a political campaign. On the date named William J Bryan will address a convention of national Democratic clubs in New York city. So far as it possibly can be done, the committee will supply speakers of more than local prominence. No such gigantic and wholesale demonstration has ever been attempted by any party in the country. If put through as proposed the number of Democratic sermons to be preached in that one night will stand without a parallel.

GREAT MAN FALLEN.

William L. Wilson Dies at Lexington, Va., of Congestion of the Lungs—Filled Conspicuous Positions.

The Hon. William L. Wilson died at 9:20 o'clock at his home in Lexington, Va., Wednesday morning of congestion of the lungs. His has been a battle for life for some time and the decline has been more rapid recently.

He succeeded Mr. Bissell as Postmaster General in President Cleveland's second administration, after which he became president of Washington and Lee University.

The body has lain in State at the president's house and will be taken to Charlestown (near Harper's Ferry) for burial at 10 o'clock Friday.
