THE LUDWIG MEMORIAL HALL.

Movement on Foot to Erect a Building at North Carolina College in Memory of Dr. Ludwig.

DEAR SIR:—There being a strong desire among the Alumni and former students of North Carolina College to raise some memorial to the late Dr. H T J Ludwig, the undersigned have been appointed a committee by the Faculty to confer with the Alumni, former students and other friends in regard to erecting a building on the College Campus to be used for Assembly Hall, Library, Gymnasium and other purposes, and to be known as the Ludwig Memorial Hall.

As a testimonial to his life work and as a memorial to his devotion to the cause in which he labored so long and ably, such a monument must seem highly proper to every Alumnus, and to every student who received instruction from the sainted professor. Yet more fitting will the movement appear when it is remembered that such a building would supply a long-felt need of the College and fulfill an earnest wish which Dr. Ludwig so often expressed while living. Moreover, the increased patronage of the school renders an additional building even more necessary than formerly.

The North Carolina Synod has long desired a suitable place for preserving its archives, and has contemplated building a fire-proof vault for the purpose. It is believed that Synod would contribute liberally toward the erection of the proposed Hall, provided it contain such a vault.

It is thought proper that the Alumni assume the lead in this movement, and that they (through their organization) determine upon the most effective plan for collecting funds.

We shall expect to hear from you, and would be glad to have your opinion as to the best means for raising the necessary funds.

This is a worthy cause and one which appeals to noble sentiments, and we feel assured that his numerous friends as well as his many pupils will co-operate heartily in building this fitting memorial to the lamented Prof. Ludwig. Already a number have signified a desire to contribute toward it.

Lord, What a Combination!

The Charlotte Observer, which gave a very complimentary notice of Senator Pritchard's speech in that city, Friday night, concludes as follows:

"Mr. Pritchard is a good speaker and his speech last night, though delivered with considerable effort, because of a fearful cold and a sore throat, was well received. The audience was large, the criminal court room of the court house being packed and jammed. The audience was composed of white and colored people. Many of the leading business men of the town were there. It was not the regular old moss-back crowd that is generally found at Republican meetings in Charlotte. The only feature that marred the effect of the speech was the 'Amens,' 'Dats Sos,' 'Tell It,' that came from a well-known class of colored disturbers."

The Spark Goes Quickly Out.

Mr. C M Brown and wife, nee Miss Effie Barrier, of Salisbury, as previously noted, lost their only son, Charlie, on Wednesday. He was buried Thursday. By premature birth another son came to them on Friday evening and the little spark of life kindled the hope that the grievous vacancy in the family circle might be filled, but after ten hours existence it followed the first born. The mother, we are glad to say, bears up heroically and has cheerful prospects of restoration to health. Much sympathy and neighborly interest is well bestowed on these afflicted parents.

Malignant Prosecution.

The Stanly Enterprise says: Mr. Titus A Coble was indicted last week for perjury, under the Machinery Act of 1900, for not properly listing his property for taxes. Mr. Ashley Whitley was the complainant. The preliminary hearing before Esq. J W Boston developed the fact that malice figured largely in the prosecution and that Mr. Coble was not guilty under the charges. The case was dismissed, throwing costs on Mr. Whitley.

DEAR FATHER WORTH.

Always Having Trouble Even Though a Millionaire Is On His Bond.

The Raleigh correspondent of the Charlotte Observer tells this:

"Father Worth is in more trouble. He is ordered by the Supreme Court to pay Theophilus White, the fusion lord high admiral of the State's oyster navy, \$400 salary. As yet White's little bill is not in hand. Governor Russell's 'god in war,' J C L Harris, now in Washington, represents White, and when he returns, the bill will be duly sent in. A member of the Legislature declares if Father Worth pays the money he will certainly be impeached and ousted from office. He says there will be time enough between the day of the meeting of the Legislature and the expiration of Father Worth's term of office to handle his case; that the Legislature forbade the Treasurer to pay White and that now comes the Supreme Court and issues a mandamus ordering the Treasurer to pay him. It will not be forgotten there was plenty of talk about the Legislature's possible impeachment of the Supreme Court. Father Worth, when asked today what he would do, replied: 'Of course I shall pay. What, not obey the Supreme Court when it puts a regular mandamus on you?'"

Going Away.

Concord correspondent of the Charlotte Observer says: "Mr. Gowan Dusenbury, who has been for so many years in charge of the depot here, has been transferred to Durham and will soon leave for that place." Mr. Dusenbury has many friends here who regret losing him from the business of the depot and also Mrs. Dusenbury from the social life of the town, to which she has added so much pleasure.

We are authorized by Mr. Dusenbury to say that the change is not a certainty.

Fine Showing.

Being somewhat of an agriculturist ourselves we want to reproduce this from the Stanly Enterprise: Mr. J R Dunn, of Albemarle, raised 70 bushels of corn on 2½ acres of land on the Reid plantation just north of town. This is not so bad.

A girl admires a man's strong will before they are married, says the Chronic Bachelor, and afterward she calls it stubbornness.

At a college examination a professor asked: "Does any question embarrass you?"

"Not at all, sir," replied the student. "Not at all. The questions are quite clear. It is the answers that bother me."

Questions Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by all dealers in civilized countries.
