Man was built after all other things had been made and pronounced good. If not, he would have insisted on giving his orders as to the rest of the job.—Josh Billings.

Brave Explorers

Lake Stanley and Livingstone found it harder to overcome malaria, fever and ague, and typhoid disease germs than savage cannibals; but thousands have found that Electric Bitters is a wonderful cure for all malarial diseases. If you have chills with fever, aches in back of neck and head, and tired, worn-out feeling, a trial will convince you of their merit. W. A. Null, of Webb, Ill., writes: "My children suffered for more than a year with chills and fever; then two bottles of Electric Bitters cured them." Only 50 cents. Try them. Guaranteed. Sold by P. B. Fetzer, Druggist.

In North Carolina Tuesday many swapped votes. Some of the voters got as much as 30 cents to boot.—Richmond Times.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Poteau, Ark. "It cured me of bloody flux. I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale at Marsh's drug store.

Everybody Read the "Ad."

Another evidence that newspaper "ads" are widely read comes from Boston's "Twentieth Century Exposition." In the newspapers was a small announcement that at one of the booths prints of a popular picture would be given away on a certain day only. Long before the closing hour the supply of prints was exhausted. The unusual crowds as they came in sought the picture distributing booth which was in a remote corner of the building. The excursionist from the country towns were almost as much in evidence as were the city people. The manager said that it seemed as if everybody in the city and its suburbs had studied his small "ad."—Charlotte News.

Mr. Bryan Takes It Well.

Mr. Bryan takes his defeat philosophically, saying that he did all he could and gives Mr. Stevenson, Chairman Jones, the orators, newspapers and everybody else due credit for doing the same. He will not bear to being in the way of avowed candidates for the Senate. He will remain active in politics and grateful to friends.

Jersey Cattle at Ordinary Prices.

Fifty head of thoroughbred Jersey cows from Occochee farm were sold in Greensboro Thursday at auction. The Telegram says they sold for only a little more than the price of ordinary stock. It seems to have been a fine chance that people missed who want high grade milk cows.

Say, Duck!
What luck?
Did Grover C.
Leave you to be
A unit in the plurality?
Or will he yet
Refuse to let
The public know
Which one would get
His large, fat vote?
It is hard luck
To be a duck.
The interview,
O, Duck! that you
Would have for sale
Would make us pale,
And Willy Hearst
With pride of scoops would burst.
But then the World would fake
A story, too, of their own make,
And you would roast
On toast.
So don't you speak,
Or even squeak.
At least this week!

The announcement that peace negotiations in the East are progressing satisfactorily, reminds us of the fellow who complained when he was arrested in Charlottesville, adding that he could go down to Louisa Court House and fight, all day long in peace and quiet.—Richmond Times.

To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. Chinese Problem Being Solved.

The political campaign in this country has entirely sidetracked interest in foreign affairs. But very little worthy of note has happened in China, the Philippines or South Africa, whence, until quite recently, the most interesting dispatches making up each day's news was received. As to China, England and Germany have formed an alliance and promulgated a plan by which they propose to settle the Chinese puzzle. The most important section in this plan is the one providing for the "open door in China." In other words it guarantees that the Chinese ports shall be kept open to the importation of goods from all countries on equal terms. In this respect it is entirely satisfactory to the United States. In fact, this country was the originator of the "open door" policy and the fact that the two nations which have undertaken to establish a basis of settlement have given prominence to this demand, shows the importance they attach to the United States as a "world power," and the necessity of having our approval of their plan of settlement. As this section precludes slicing up of Chinese territory and appropriating it by the land grabbing European powers, the prescribing a course of procedure in case any nation attempts to acquire territory in China, is of minor importance. The State Department is to be congratulated on its diplomatic success in the dealing with the Chinese problem. We wish the same could be said about its Philippine policy.—Newton Enterprise.

Mrs. R King is the owner of a courageous and capable old hen, of nondescript breed, that she wouldn't trade for a whole flock of blooded poultry. It is the only hen in Oregon, perhaps in the United States, that ever fought and killed a hawk. The battle occurred a few days ago, when a chicken hawk swooped down upon a band of baby fowls of which the old hen was the mother. The hen didn't squawk and run, calling upon her offspring to follow her, but with a fierce and well directed peck buried her bill beneath the hawk's left wing. It was a solar plexus blow and a clean knockout. The hawk seemed surprised and dazed. It leebly arose, flew aimlessly against a clothesline and then dropped in the garden, stone dead. The hen will be queen of Mrs. King's poultry yard on Wild Horse creek as long as she survives.—Western Leader.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., N. Y.

A Village Blacksmith Saved His Little Son's Life.

Mr. H. H. Black, the well known village blacksmith at Grahamsville, Sullivan Co., N. Y., says: "Our little son, five years old, has always been subject to croup, and so bad have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croup symptoms appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale at Marsh's drug store.

Six Frightful Failures.
Six terrible failures of six different doctors nearly sent Wm. H. Mullen, of Lockland, O., to an early grave. All said he had a fatal lung trouble and that he must soon die. But he was urged to try Dr. King's New Discovery for Consumption. After taking five bottles he was entirely cured. It is positively guaranteed to cure all diseases of throat, chest and lungs, including coughs, colds, lagrippe, pneumonia, bronchitis, asthma, hay fever, croup, whooping cough. 50c and \$1. Trial bottles free at Fetzer's drug store.

Questions Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by all dealers in civilized countries.
