Recipe For Courtship

Brother Manning of the Henderson Goldleaf is responsible for the following, which seems to entitle him to go up head:

To one piece of dark piazza, add a little moonlight. Take for granted two persons. Press, in two strong ones, one small soft hand. Sift lightly two ounces of romance; add a large measure of folly; stir in a floating ruffle and one or two whippers; dissolve a half dozen glances in a well of silence; dust in a small quantity of hesitation, one ounce of resistance, two of yielding; place the kisses on a flushed cheek, or two lips; flavor with a slight scream and set aside to cool.

This will succeed in any climate, if directions are carefully followed.

A negro child of George Harrison was left in the house near Charlotte Wednesday when the house took fire and was burned including the child.

Here's the way the Philadelphia Times sees it:

"Prosperity for the People?"

The phrase sounds very well; But the Trusts will take the oyster

While the workmen get the shell."

Brave Explorers

Lake Stanley and Livingstone found it harder to overcome malaria, fever and ague, and typhoid disease germs than savage cannibals; but thousands have found that Electric Bitters is a wonderful cure for all malarial diseases. If you have chills with fever, aches in back of neck and head, and tired, worn-out feeling, a trial will convince you of their merit. W. A. Null, of Webb, Ill., writes: "My children suffered for more than a year with chills and fever; then two bottles of Electric Bitters cured them." Only 50 cents. Try them. Guaranteed. Sold by P. B. Fetzer, Druggist.

"Before the breath has fairly left a woman's body the neighbors are saying that she would have recovered if her husband had become scared soon enough."
