

1,000,000 WOMEN RELIEVED

Reports received show that Wine of Cardui has brought permanent relief to 1,000,000 suffering women in the last few years. Because of Wine of Cardui, thousands of sufferers, seemingly on the way to premature graves, are now healthy women taking an active interest in the duties of life. Mrs. Mitchell was declining in health when Wine of Cardui "performed a miraculous cure" in her case. She suffered terribly with the agonies of falling of the womb, leucorrhoea and profuse menstruation. The weekly appearance of the menses for two months sapped her vitality until she was little better than a physical wreck. Her nervous system gave way under the terrible pain and aggravation. Then came the trial of Wine of Cardui and the cure. Mrs. Mitchell's experience ought to commend Wine of Cardui to suffering women in words of burning eloquence. The Wine is within the reach of all. Woman who try it are relieved. You can get as much benefit as Mrs. Mitchell received. Ask your druggist for Wine of Cardui. Send to the laboratory for the medicine if he tenders you a substitute.

WINE OF CARDUI

South Gaston, N. C., May 29, 1900.
Wine of Cardui and Thedford's Black-Draught have been a great sufferer from falling of the womb and leucorrhoea, and my menses came every week for two months and became very painful. I was in a bad condition. My husband induced me to try Wine of Cardui and Black-Draught, and now I have no pain. The leucorrhoea has disappeared and now I am in perfect health. Mrs. WILLIE MITCHELL.

A Village Blacksmith Saved His Little Son's Life.

Mr. H. H. Black, the well known village blacksmith at Grahamsville, Sullivan Co., N. Y., says: "Our little son, five years old, has always been subject to croup, and so bad have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled. There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale at Marsh's drug store."

INAUGURAL ADDRESS

By Rev. W. A. Lutz, President of North Carolina College.

[This address was delivered before a large audience on the 24th day of October, 1900. The entire student body then sang, "Stand up, Stand up, for Jesus," and the President took the solemn inauguration vow. At a meeting of the Board of Trustees, following they unanimously resolved to have the address published in pamphlet form for general distribution.]

Mr. President, Members of the Board of Trustees and Friends of Education:

As you have gathered for the purpose of inaugurating a man of your choice president of this college, it is fitting that you should know my views and plans for conducting and building up this institution of the church.

NEED OF THE N. C. SYNOD.

The Evangelical Lutheran Synod of North Carolina having been intrusted with the care and cultivation of this part of God's vineyard, and having His command, "Get wisdom which is the principal thing," and being assured that "They who do not provide for their own households have denied the faith and are worse than an infidel," decided early to try to educate her sons and daughters on her own territory. To this end she encouraged the building of academies, and nearly half a century ago established one college, which was intended to be the only male college rightfully and loyally fostered by the Lutheran church in North Carolina especially by the members of the North Carolina Synod. Locating a college and erecting suitable buildings is a very necessary part in the life of a college, but not the essential part. Money can, and usually does, locate the institution and buildings. But consecrated men of God, men ready to serve God and His church, men who love God supremely, and love their neighbors as themselves, men who have deep convictions and have

the courage of their convictions,

are needed to take the institution in trust and administer it for the sole end for which it was established.

DUTY OF THE TRUSTEES.

The duties of trustees of a Lutheran College are the most responsible, far-reaching and fruitful of any of the duties of the servants of the church. To them is entrusted the selection of a faculty, who shall shape the education, and we may say the lives, of the sons of the church; the providing of ways and means by which all the boys in the Synod, regardless of poverty, social standing, affliction or timidity, may get an education if they so desire. This implies that they must provide ways by which the poorest son in the church may get an education alongside the wealthiest, and that the institution should be administered in the interest of the boy with a will, rather than in the interest of the boy with money. If you accept the foregoing as true, then it follows that the success of a college depends entirely upon the character, wisdom and action of her trustees. After they have suitable buildings, a strong faculty and right prices, yet, if they fail to get the boys of the Synod and contiguous territory to become students of this institution, they are a failure.

HOW TO GET STUDENTS.

Some seem to think that, after what has been above mentioned has been provided, boys will come flocking to the institution like doves to their cote. This is a great mistake. Others act as though they believed that boys must be baited with scholarships, like rats are baited with cheese, in order to secure them as students. We disagree with either of these methods. They savor not of God but of men.

Christ having made salvation easy, cheap and secure, yet commanded that He be lifted up before the people to draw them, and that we "Go out into the streets and lanes and bring in the poor, the halt, the maimed and the blind, that his school be full." Thus we, having made education easy, cheap and secure to all, must then lift the College up before all of our people in order to draw them, and then go out into the streets and lanes and gather in all who will, that the school may be full.

The proper inducements in accommodation, tuition and thorough teaching, seasoned with wholesome discipline, is a sine qua non, but all business men know that no matter how good the goods, or how cheap the price, good and faithful drumming is indispensable to real success. A word to the wise is sufficient.

Questions Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower, to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by all dealers in civilized countries.
