## SENATOR DAVIS DEAD.

Bright Disease Does its Rapid Work  
With the Chairman of Committee on  
Foreign Relations.

United States Senator C K Davis, of Minnesota, died at his home in St. Paul at 8:48 Tuesday night.

The Senator has been hanging between life and death for several days. He was active in the late campaign but became afflicted with something like blood poison affecting his foot. It developed symptoms of acute kidney disease which dragged him rapidly down.

He was chairman of the committee on foreign relations and his death will be recognized as a material loss to Congress and the nation.

To Whom it May Concern:

On Oct. 13th I with my wife and family joined the North Carolina Burial Association and on Sunday Nov. 25th, my wife died. The Association fulfilled its contract in every respect, meeting every expense of the funeral. I can most heartily recommend the Association to my friends in Concord and to working people everywhere.

Very respectfully,  
Henderson Rowe.

## SUSPECTED MURDERER.

Jake Eller—Arrested Near Gold Hill Under  
Suspicion.

The Salisbury Truth-Index of the 25th says Jake Eller was arrested Tuesday suspected of being the murderer of the two old ladies near Charlotte. A paper found in the house that seems to have been dropped by him gives the clew. He is taken to Charlotte jail.

Lloyd & Genter's Show.

Lloyd & Genter's Eclipse Stock Company, the first show in the history of repertoire world under canvas, which is giving nightly performances on the Dummy lot to the best of satisfaction, will show the balance of the week. The company carries its own band and orchestra. The show is new and novel and the many friends of Mr. West wish the company success in their new enterprise on their trip South. Royal Arcanum Pays Promptly.

The late Dr. S L Montgomery was a member of the Royal Arcanum fraternity. He had paid \$305 on a \$3,000 policy. He died on Oct. 26th, 1900, and on Nov. 27th, just one month and one day after his death the order paid to the family the benefit sum of \$3,000.

This council was organized in Nov. 1889 and has a membership of 42. Dr. Montgomery's was the first death that has occurred in the ranks of our order in Concord.

The Calf Takes Hydrophobia.

Mr. O V Mauney had a yearling calf dog bitten last Friday. The calf was taken to his son's near Georgeville and just two weeks from the time it was bitten it developed hydrophobia and became ferocious to a terrible degree. It was killed and the carcass was burned.

The dog was killed before he did much harm.

Prof. Ingram Heard from Again.

Our cosmopolitan Cabarrusite is again heard from. The Arkansas Democrat, of Little Rock, under date of 13th, referring to emigration to Indian Territory says:

"Prof. J N Ingram, lately from the Territory, says that he thinks the Five Nations now offer the best inducements to poor men who wish to secure homes of any section in the Union. By the last census the Territory has 447,993 people, including 56,033 untaxed Indians."

## NORTHERN HUNTER KILLED.

Mr. Geo. F. Nesbitt's Gun Fires and  
Kills Him Near Mebane.

A wealthy gentleman from Kingston, Pa., Mr. Geo. F Nesbitt who had come south last Friday for the hunting season was found dead in the fields three miles from Mebane Tuesday with his two faithful dogs by him. His gun had fired by some accident and driven the whole load of shot into his head.

There's Something in It.

A man in Baltimore laid up with rheumatism which proved too much for the doctors had it scared out of him by a nocturnal visit from a burglar man. The rheumatism left the same time the burglar did, and neither came back. He says he prayed to the Lord to be cured and had faith. It is a pretty strong faith that combines the Lord and the burglar to answer supplications of that kind and to effect cures.—Morning Star.

There's something in the scare remedy. On the Rapidan River in 1863 the enemy took advantage of a bend in the river to get on the blind side of Godwin's brigade and we had to skedaddle out of there p.d.q. Our worst afflicted rheumatic, who was little more than a camp follower, led the retreat and came out completely limbered up. He didn't say anything about the Lord's having any part in the cure.

Marconi to Telegraph Across the Atlant  
Without Wires.

London, Nov. 28.—Signor Marconi, according to The Daily Express, has practically solved the question of ocean transmission by wireless telegraphy and will soon be able to use this system across the Atlantic.

Be King In Your Line.

Be king in your line. The world does not demand that you be a physician, a lawyer, a farmer or a merchant; but it does demand that, whatever you do undertake, you will do it with all your might and with all the ability you possess. It demands that you be a master in your line.

The world does protest against a good shoemaker doing bad cobbling in a legislature; it does protest that a farmer shall not still do farming while in the pulpit; that a dry goods clerk who would make a good engineer shall not continue to handle the yardstick.—Success.

The most venerable authenticated tree in the world is a fig tree on the island of Ceylon which is said to have been planted 2,200 years ago. It bears leaves every year, but went out of the fruit business some time ago.—Daily Record.
