Another Mail Bag Ground Up.

The train smashed up another mail bag for us today and we must take the chances of having gotten the things intended for us. The young folks at least think it a mighty shabby way of treating their photos and love letters. Isn't this thing growing rather monotonous, however? Anyhow we invite a change.

Two Capital Cases In Court.

It was not generally known that this court has on the docket two capital cases. They involve the colored people only and are for sexual assault. Two special venires were ordered by the court Tuesday evening. They are bad, indelicate cases.

Subscribe for the Standard.

Only \$633.25 Required.

The Standard has already published the fact that we will have a full four months public school in every district of Nos. 2, 4, 5, 7, 8, 10 and 12 townships in Cabarrus. Nos. 1, 3, 6 and 9 will need assistance. Supt. Chas. E. Roger and Chairman Jas. P. Cook, of the County Board of Education, have gathered and prepared information and statistics relative to the needy schools in these 4 townships. The amount is exactly \$633.25.

It is interesting to know that were this \$100,000 appropriated by the Legislature divided by simple division, Cabarrus' share would be over 1,000; if by per capita the county's share would reach over \$1,200. A still more interesting fact is revealed in answering the question of State Board whether or no there will be additional funds to apportion, by the reply of the above named officer: "No. The sheriff is required to settle school fund Jan. 1; a duty he promptly performed. We have no revenues from barrooms, dispensaries or license taxes from evil institutions; our schools do their best from their sole support from farms, factories and businesses of virtue in old Cabarrus. Give us just \$633.25, no more and no less, and we will provide every school of Cabarrus with 4 months school, clear of stumps and runoffs. And, by another year, when the plan of district consolidation reaches its legitimate conclusion, we will have four months terms in every district without State aid; and with State aid, our schools may reach five months."

Mrs. Boykin at the Reception.

The Washington correspondent of the Asheville Gazette says:

Miss May Boyden, of Salisbury, attended congressional reception given at the white house Thursday evening, in company with Congressman and Mrs. Klutz and Mrs. Boykin of Concord attended the reception with Senator Simmons.

Died at Sanitorium.

Mr. John F Veach, who was so painfully injured at Spencer yesterday, died at the Whitehead-Stokes sanitorium about 6 o'clock yesterday afternoon. The remains were prepared for burial and taken to his home at Spencer for interment.

Mr. Veach's death was due to a fearful mistake. He was a workman in the car department at the Spencer shops and was working with several other men on a car when a train hit the car on which he was working. The force of the collision knocked the car over on Mr. Veach and he was pinned down with this tremendous weight upon him until the car was jacked up and he was extricated.

Mr. Veach was a young man and generally esteemed. He leaves a family. —Salisbury Sun of 25th.
