Gastonia is to have a daily paper. Why not have two or three? They're mighty nice things on which to display the brazenness of consciencelessness.

Ex President Cleveland has returned from his Southern duck hunting, and is somewhat improved. Probably the Sheriff love of such sports and his ability to take recreation from them may add years to his stay with us.

Mr. H B Varner returned this morning from a ten days business trip to New York City—Davidson Dispatch of the 30th.

Where in the world doesn't Henry go? Even getting married and running a newspaper does not buckle him down to one place.

Senator Simmons Fights the Bill.

A Washington special of the 29th to the Morning Post indicates that Senator Simmons is heartily in line that he could be expected to be fighting on. It says:

"Senator Simmons voiced the opinion of Democrats generally tonight in declaring unreservedly against the efforts of Southern Republicans to have passed a bill that will give the federal courts jurisdiction of features of State election laws. Such a measure is urged by Southern Republicans as a substitute against the Crumpacker bill for cutting down Southern representation. Senator Simmons said:

"The passage of such a bill means that elections in the South will be turned over to United States marshals and federal judges. It means that this class of officers will run elections. The measure proposed has the features of the Force bill and is little less obnoxious than the Lodge Force bill. I do not believe there is any sentiment here for the passage of such a law. I doubt very much whether any such measure will receive sufficient support to justify its introduction.

"Senator Simmons rightly sizes up the situation. The North Carolina Republicans will make a grave mistake if they give their aid and support to any such measure."

What the Looters Did Miss.

Before leaving their Sacred City at the approach of the foreigners upon the outbreak of the Boxer war the Chinese authorities buried over \$70,000,000 in gold and silver treasure, and it was so successfully hidden that the looters never found it. The American and Japanese soldiers who were placed on guard in the city, however, would not permit the looters to hunt for buried treasure. Since the return of the government to the city, the treasure has been dug up and restored to its place in the Chinese Treasury. This will help Mrs. Tsi Ann much in meeting the first installment of the iniquitous "damages" claimed of her government by the foreigners.—Morning Post.

Hearne—McCain

An Albemarle special of 30th to the Charlotte Observer, gives the following surprising turn in the life of that city's favorite bachelor.

Mr. Thomas G Harne and Miss Annie, daughter of Sheriff G R McCain, were married at the residence of the bride's father last night at 8 o'clock. Rev. C M Gentry, uncle of the bride, officiating. The marriage was a very quiet one and was witnessed by only a few intimate friends and relatives. The newly wedded pair went at once to the home of Mr. Hearne, where they will reside in the future.
