## PRESIDENT'S SON SERIOUSLY ILL.

Has Pneumonia at Groton College—The Charleston Trip May Be Abandoned.

Theodore Roosevelt, Jr., is seriously ill of acute pneumonia at Groton College, Mass.

The President and Mrs. Roosevelt were to have started to Charleston Monday but Mrs. Roosevelt will be at the bedside of her son and unless symptoms are somewhat assuring the President will cancel the engagement.

It is not definitely stated that there is local cause but there are several cases beside that of young Roosevelt and the students have stampeded for home and the school is suspended for two weeks.

## Entertained at Tea.

Mrs. P B Fetzer entertained a circle of friends Friday evening at tea in honor of her visiting guest, Miss Bessie Wharey, of Mooresville.

## Wouldn't Have a Man Until They Could Get one.

Kalamazoo, Mich., Feb. 7.—By the marriage of Miss Mabel Clare Mills, of this city, daughter of Mayor and Mrs. A J Mills, to Edmund W Chase, a young business man, the Tattlers' Club, losses its president and prime mover.

The organization was formed three years ago by twenty society girls of the city, who decided to play pedro all alone and do without the attention of men. Six of the members, however already married, and the others have made merry at their expense. Miss Mills's loss will be a hard blow, and the club may now go to pieces. Miss Mills invited all the members of the club to act as bridesmaids at the ceremony, which was one of the most elaborate events in Kalamazoo for several years.

## Killed by Train.

Mrs. Mary Lee Wilson, aged about 25, operative in Edna Cotton Mills, at Reidsville, was instantly killed by a southbound passenger train Tuesday evening, while crossing the railroad near the mills. She was a widow and leaves one child.—Durham Sun.

It is said that the old-time tradition that women must wait for matrimonial proposal is to be relegated to the attic. A western movement by a St. Louis clergyman favors proposals by women. Many women support themselves and a husband, and if a woman is able to support a husband, she should certainly have something to say, in fact everything to say, in the selection of one.—Anderson Intelligence.

## TWO GIRLS KILLED BY TRAIN.

Thomas Wilson Drives too Near Crossing to Stop and Train Strikes Sleigh With Dreadful Results.

Mr. Thomas Wilson, a farmer near Middletown, N. Y., was driving briskly Friday with his daughter, Miss Dora, aged 13, and her friend, Miss Inez Smith, aged 15, and coming to the railroad failed to see the fast train in time to stop and save themselves. He whipped up but the train struck the rear of the sleigh and threw the girls fifty feet away, killing Miss Wilson instantly and fatally injuring Miss Smith. Mr. Wilson and the team escaped uninjured.

## Clark Not the Right Man.

Judge Clark is not responsible for all the wrong done by the present body of judges, but his character and qualifications have been made manifest to all, and no lover of true justice feels safe with such a man at the head of our highest State court. Wavering in politics, scheming in tactics, prejudiced in his opinions, he is clearly not a man for the people. Brilliant as a lawyer, brimful of intelligence, pleasant as an acquaintance, it is to be regretted that Judge Clark is not the man he might be. It remains to be seen whether the Democrats of the State will sit by and let him ride over their inert opposition into office. \* \* \* Mr. Shepherd could easily secure the nomination if the right efforts were put forward. His large experience and deep learning equip him for the place, and we fondly cling to the hope that something may yet arise that will give him the chief justiceship. But, by all means, let it not be Clark.—Sianly Enterprise.

## Hicks says Bad Weather.

Rev. Irl R Hicks, the long range weather prophet, predicts unpleasant, wintry weather for February and March. He advises farmers to exercise all reasonable and possible precautions for the sheltering and feeding of live stock, and suggests that wise planning for out-door work should be done. He believes that the months of April, May and June will be propitious above the average for agricultural and out-door avocations.—Anderson Intelligence.

## Worse Than a Blow

A hard fist is the buffet of cold wind upon a pair of improperly protected lungs. A few minutes exposure to cold may be the beginning of consumption. Lose neither time nor courage. Fight yourself against pulmonary troubles, including consumption, with Allen's Lung Balm. A few doses will loosen the cough and enable you to get rid of the phlegm that produces it. Cure soon follows.

## Sunday School Conference.

There will be a meeting at the First Presbyterian church next Tuesday and Wednesday pertaining to Sunday school work among the Presbyterians of Cabarrus.

Rev. A L Phillips, D. D., and Rev. John Wakefield will be present to assist the pastor in the work. Tuesday and Wednesday nights the services will consist of a popular nature. "The Bible in Modern Education" will be treated Tuesday night and "Missions in the Sabbath School and the Sabbath School in Missions" will be treated Wednesday night, each by Dr. Phillips.

The public is cordially invited to all the services and especially to the night services

## Theological Students Called.

The Salisbury correspondent of the 8th to the Charlotte Observer says:

A meeting of the executive committee of the North Carolina Lutheran Synod was held here yesterday and calls were extended to two theological students, who will finish their preparation within the next few months. The Chestnut Hill and Spencer pastorate was assigned to Rev. J L Morgan, of this county, and Rev. Edward Fulenwider, of Monroe, was called to St. Andrew's Concord.

[It is understood that Mr. Fulenwider will accept the call.]

## Hon. Cy. Watson Fined.

The case against Gerham and Brown, charged with embracery, is being tried at Iredell Superior court this week. The solicitor asked for postponement because of the absence of certain witnesses, but Judge Shaw declined to postpone. Hon. Crus B Watson, of Forsyth, who had been summoned as a witness, was fined \$80 because he was not present.—News and Observer.

## Jays of Illness.

There's nothing like a little fit of illness now and then.

It puts you back where you belong.

It rests you.

It convinces you afresh that failure to heed laws of sanity and sanitation means your undoing.

It shows you how necessary it is to "take your medicine like a little man," whether you want it or not.

It teaches you that, no matter what comes in the way of work or worry, you must never lose sight of the rules of health.

It gives you time to think.

It suggests renewing your acquaintance with loved books—between whose covers you never have time to look.—Selected.

### The Standard Job Office.

Life in every department of business is made up of successes and failures, of advances and retreats. The tide never flows long in one direction, and let us trust that the year before us has rich stores of blessings for all who honestly strive to better their condition.—Anderson Intelligence.

## The Last Heard of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F D Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it.—Cobson Drug Store.

## A Convincing Answer.

"I hobbled into Mr. Blackmon's drug store one evening," says Wesley Nelson, of Hamilton, Ga., "and he asked me to try Chamberlain's Pain Balm for rheumatism with which I had suffered for a long time. I told him I had no faith in any medicine as they all failed. He said, 'Well if Chamberlain's Pain Balm does not help you, you need not pay for it.' I took a bottle of it home and used it according to the directions and in one week I was cured, and have not since been troubled with rheumatism." Sold by M L Marsh's Drug Store.
