## OUR NEW CENTRAL BUILDING.

Capacity, Convenience, Comfort, Neatness, Ventilation, Health and Progress Studied in its Construction—Plan Accepted by Committee.

The Standard man has looked somewhat critically at the plan and appearance of the new central graded school building and feels decidedly proud of it.

To begin with, we will say that the old building will be torn away root and branch. The new will occupy practically the same ground.

We will ask the attentive reader to follow us as we attempt to lead him through its compartments.

Passing through the front entrance we find a hall or auditorium of 34x68 feet. On either side of this we find three school rooms. Between the first and second rooms we find side entrances.

Behind the auditorium there is a stage 15x24 and just in rear of this is the superintendent's room 12x18.

On either side of this room and stage there is a school room 21x28 making eight school rooms and Superintendent's room.

The two rooms, one to the right and the other to the left of the stage and next in front of it, will be provided with folding doors which may be thrown open to supplement the auditorium.

There are two entrances from the rear, making five in all.

From the rear is a partitioned covered way to the toilet rooms, one for each sex.

From the front of the auditorium the two stairways lead up to the second story.

There are six school rooms upstairs. The space over the auditorium will be chiefly open, containing balconies around. The auditorium must get its light chiefly from above which will be suitably constructed.

The Superintendent may touch an electric bell, calling the teacher from any upstairs room, and, he stepping out of his room upon the stage and she out of her room upon the balcony, may converse without having to pass up and down the stairs. The same provision is made for below.

There are four cloak rooms on each story.

It is contemplated that the walls of the auditorium will, at some time, contain cases of books and cabinets of mineral and coral and other instructive equipments.

The building will have a basement story for a furnace, and every room will be supplied with an influx of warm fresh air, entering above, and a vent for the cold air near the floor where this will be drawn out. There will

be no stoves at which the tots may burn their shoe soles. In each cloak room, however, there is a register at which the cold feet may be made comfortable before entering the school room.

The style of architecture is Old Flemish. It was furnished by Hook & Sawyer, of Charlotte, and was accepted by the building committee last Friday night. The next step will be to get the best bidder for the work.

Plans have been submitted for two four-room houses for other locations, but the lots are not yet secured and plans may be modified by the sites.

It is contemplated to have 22 rooms for the white children which ought not to be sufficient, but most probably will be for a good long while.

## YOUNG ROOSEVELT VERY SICK.

Disease Involves Both Lungs—Condition Evidently Alarming.

The condition of young Theodore Roosevelt has assumed alarming form. The disease of pneumonia has now involved both lungs and while nothing special is given out, there is no question but that his condition is very serious.

## Mr. Caleb Barrier Dead.

Mr. Caleb Barrier, son of Mr. John A. Barrier, of No. 8 township, died early this (Tuesday) morning of consumption.

He was 26 years old.

The funeral will be conducted tomorrow (Wednesday) at 11 o'clock at Bear Creek church.

Mr. Barrier was a quiet young man of good habits and was esteemed by those around him.

## Stockholders of the Gibson and Cannon Mills Meet.

The stockholders of the Gibson and Cannon mills met today. The Gibson mill officials were all re-elected and affairs declared in good shape. The Cannon mill declared the usual 5 per cent. semi-annual dividend and the old officers were elected. Mr. J. F. Cannon was made a member of the board of directors.

## Children Get Hold of Poison.

The infant child of Mr. and Mrs. Hector Williams died Monday evening.

Mr. William's daughter's child and his own child were playing with some bottles which contained poisonous medicine, and the children drank some of the acid.

Mr. William's child only lived a few minutes and the other child is not expected to live. The little remains were laid to rest this evening at the old Lutheran cemetery.

## Favorite Nearly Everywhere.

Constipation means dullness, depression, headache, generally disordered health. DeWitt's Little Early Risers stimulate the liver, open the bowels and relieve this condition. Safe, speedy and thorough. They never gripe. Favorite Pills.—Gibson Drug Store.

## SHOT BY HIS PRISONER.

Deputy Sheriff Klutz, of Stanly County, Wounded by Adam Brock, Wanted in Mecklenburg County—Improved Telephone Service for Albemarle.

Yesterday afternoon Deputy Sheriff D. C. Klutz went to arrest one Adam Brock, on a warrant sent here from Mecklenburg county, when Brock resisted arrest drawing a pistol on the deputy, and in the scuffle that ensued shot him. The ball from a .38-calibre pistol entered the fleshy part of the thigh. Klutz succeeded, however, in landing his man and brought him here, where he was placed in jail. The wound, while it is very painful, is not serious, and Mr. Klutz is resting easily today. The affair happened at Brock's home about three miles from here.

The Albemarle Telephone Company today began building a line to Big Lick, ten miles from here. When this is completed Albemarle will be in direct telephone communication with all the principal points in the county. The Stanly County Telephone Company, which owns a line from Norwood to Salisbury, via Albemarle and New London, has entered into an agreement with the exchange at this place so that their line is now connected with one, both of them using the same central office in Albemarle.—Albemarle special of 10th to The Observer.

## Handsome Donation of Books.

An Asheville special of the 8th to the News and Observer says:

Rutherford B. Haynes, son of former President Hayes, has donated a hundred volumes of choice books to the county schools of Buncombe.

## Mr. Klutz at Home.

Hon. Theo. F. Klutz came in yesterday morning from Washington. He will be here this week to attend to his cases in court.—Salisbury Sun of 10th.

## Little Fire at High Point.

The Jarrett Hotel at High Point came near being burned early Monday morning. It was saved by good fortune with losses not exceeding \$1,000.

## Child Burned to Death.

Thomas, the 4-year old son of Mr. and Mrs. William Lyerly, was burned to death to Saturday at the home of his parents in the Southward.—Salisbury Sun of 10th.

## Old Soldier's Experience.

M. M. Austin, a civil war veteran, of Winchester, Ind., writes: "My wife was sick a long time in spite of good doctor's treatment, but was wholly cured by Dr. King's New Life Pills, which worked wonders for her health." They always do. Try them. Only 25c at Fetzner's Drug Store.
