## A WRECK ON THE SOUTHERN.

The Engineer and Fireman are Injured But No One Else is Hurt—Officials Believe the Train Was Wrecked.

At 10:30 o'clock yesterday the Southern's passenger train No. 39, southbound, came to signal grief at Clifton, eleven miles west side of Spartanburg, S. C. The engineer, C S Cauble, of Greenville, S. C., received a bad cut on the head and his colored fireman, Al Carter, also of Greenville, was painfully scalded on the leg; the engine was damaged beyond hope of repair, but beyond these casualties no one was injured nor was the damage material.

Statements made by Southern Railway officials last night indicated that they believed that the wreck was the result of a deliberate attempt to wreck the train. Engineer Cauble says that he was running at a pretty rapid rate of speed when he saw just ahead of the engine a pile of rocks and railroad spikes on the tracks. Before he could check the speed of the engine it had struck the spikes and the wheels of the front trucks had left the track. The engine ran for 500 feet on the cross-ties before it turned over, and the engineer and fireman pluckily stayed in their seats until the engine started to turn, when they jumped, escaping without serious injury.

The engine and tender, one combination baggage and passenger car and two passenger cars—first and second class—were derailed, but none of the occupants of the cars were at all hurt. The track was cleared in a short time and the passengers resumed their journey.—Charlotte Observer of 15th.

## Handsome Profit on Real Estate.

A few years ago Col. Andrews as president of the Southern Land Improvement Company sold two acres of land between the depot and the river at Asheville to Mr. J B Bostic. A few days ago the Colonel wanted the land for enlarging and improving the railroad equipments there. After much dickering the Colonel planked down \$2,750 and 10,000 miles transportation for the two acres.

## Liquor and Trouble.

W H Folger, who shot and killed Bob Moore at Spencer on the 27th of January, is on trial for his life at Salisbury. Thus far the evidence indicates that liquor was the only real cause. He is in trouble enough over the folly.

## Recovers From Appendicitis.

The little daughter of Mr. and Mrs. S J Lowe, of Charlotte, who was operated on for appendicitis at the Whitehead Stokes Sanitarium has recovered, and has returned home.

## MR. H. L. PROPST TO BE AGENT.

Cabarrus Man Takes Charge at High Point—Promotion That Testifies to Faithfulness.

Mr. H L Propst, who has been assistant agent of the Southern here for a number of years, has been appointed agent for the same road at High Point and will leave in a few days—probably tomorrow.

While all our people will regret to know that he is to leave all will rejoice with him in his promotion, which is a compliment to his ability as a railroad man. He has been in Durham for a long number of years—probably twelve or fifteen—and has been assistant agent for several years. By his close application to work he has won the highest confidence of those in authority over him. His promotion proves the position he holds with the road.—Durham Herald of 13th.

## Good Roads the Thing.

No tax is paid more cheerfully, if the money is wisely used, than a road tax. The results are felt by every one. Good roads into a city facilitate business for the merchant and business men and increase the value of farm lands. Good roads at the same time are the best feeders for the railroads and there is no line of endeavor which does not reap a benefit. We trust that the Good Roads Association so auspiciously begun will push forward the work and accomplish much good for North Carolina in the near future.—Raleigh Times.

## SEVEN KILLED BY A BOULDER.

The Fifteen Ton Mass Was Seen Coming Down But It Caught the Train.

A Little Rock, Ark., dispatch says a 15 ton boulder that rolled down from the mountain twenty miles below the city and struck the caboose of a freight train on the 14th, killed seven men and injured 14. The train was moving slowly when the engineer saw the danger and tried to avert it but failed.

## Fire at Hotel McAdoo.

A fire occurred at the McAdoo Hotel, in Greensboro, Friday about 4 o'clock. The fire is thought to have been caused by a defective flue. After hard and skillful work the flames were extinguished. The damage is likely not over \$500, covered by insurance.

## A Hurry-up Medicine.

Every housekeeper recognizes the need of effective remedies to be used in emergencies: when something must be done right away. Such a remedy is Perry Davis Painkiller, for sprains and bruises, for strained muscles and for the aches and pains resulting from blows and falls. Its mission of mercy began sixty years ago. It is used in all countries. There is but one Painkiller, Perry Davis.

## MISS STONE'S RANSOM PAID.

The Delivery of the Captives to the American Agents Hourly Expected.

Constantinople, Feb. 14: 4:15 p. m.—The ransom of Miss Ellen M Stone and her companion, Madame Tsilka, has been paid. The limit of time for the release of the captives has not yet expired, but their delivery to the American agents is hourly expected.

## Lexington Proud of Her New Depot.

The new depot is completed, and the agent, Capt. C W Trice, and the other employes of the road, will move into their handsome and commodious new quarters this week. The waiting rooms will also be opened to the public within a few days. Capt. Trice, Ticket Agent J L Gallimore and Mr. E B Craven, the telegraph operator, have been presented with nice new office chairs, by the Central Manufacturing Company, of this place. Lexington is justly proud of her new depot, for it is the handsomest between Greensboro and Atlanta.—Lexington correspondent to the Charlotte Observer.

## It Was Only a 'Possum.

It is going the rounds and we suppose the story will be staled by the Atlantic and Pacific waves that a baby was found in Mecklenburg the other day inclosed in a bag and submerged in a creek. Now it turns out that it was only a 'possum, not a baby at all. There is no explanation how some hunter lost his game but a murder trial is spoiled.

## Austin Case Postponed.

The case of State vs J F Austin was postponed yesterday until next Tuesday. A large number of witnesses have been summoned on this case and they were dismissed until next Tuesday morning.—Salisbury Sun of 14th.

"Cream is better and cheaper to use in mashed potatoes than butter."

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. C D Glass, an employe of Bartlett & Dennis Co., Gardiner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until on day I was in the drug store of Mr. Houlehan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy and have since always turned to it when I got a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." For sale by M L Marsh's Drug store.

# The Weather Man HAS US IN IT!

In what, eh! Why in Shoes, Leggings, Rubbers, Gloves, for Ladies', Men and Children. Our stock is complete, as we try to always be ready for emergencies. 'Phone 116 and have it sent up.
