THE STANDARD, Concord, N. C.
TELEPHONE NO. 71.

CONCORD, N. C., March 3, 1902.

Beside the Charleston Exposition Committee's repudiation of Lieutenant Governor Tillman's ill-advised act in resentment to President Roosevelt's very justifiable act, the South Carolina press pretty generally scores him, we believe, and Lieutenant Jenkins declines to accept the sword. The Lieut. probably acted on the suggestion or pressure of his bellicose uncle and there's where he made a big blunder.

Professors Bowers and Johnson, of North Carolina College, were in our city Saturday and from them we learned to our great chagrin that we were in error in saying in the Standard that the entire faculty of the College had resigned. We rarely ever make a mistake more regrettable than this and only have to say that we saw it first stated in the Salisbury Sun, a most creditable source. We heard the same in an indirect way from what we thought was an entire confirmation. Further we saw a member of the board who assented to question of its reality. We talked to another member of the board since, who was of the same impression. It left no question in our mind as to its incorrectness. We are sorry indeed that we were misled and are glad to have the opportunity to correct the unaccountable mistake.

Cotton Goes Up.

The farmers who have cotton were wearing a smile today and the chief regret is that they have not more. This morning cotton sold on the market here for nearly nine cents, 8 1/2 the best price of the season. However, there was not much on the market, and those who are well posted do not believe that it is in the country.

Last year up to March first 15,109 bales had been bought on the Raleigh market; this year only 8,700 have been bought to date. Besides the price was better last year than this season, but today the price was exactly the same it was first, 1901, which is quite remarkable.—Raleigh Times.

Surgeon's Knife Not Needed.

Surgery is no longer necessary to cure piles. DeWitt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeits.—Gibson Drug Store.

A Woman Who Never Laughed.
There lives in Philadelphia a young woman, twenty-two years old, who never laughed. It isn't because she is a melancholy person. Not at all. On the contrary, she finds the world a merry place and devours funny books and the jokes in the newspapers, but she never laughs over them. This alarmed her parents after awhile, and they consulted eminent specialists, for such a case as this had never been heard of before. But all the physicians could do was to assure them that Susie—Susie Jenkins is her name—was a perfectly normal and healthy young person and that her only blemish was the seeming powerlessness to laugh.—March Woman's Home Companion.

Barn Burned by Lightning.

The barn of Mr. T. W. Mann, a well known farmer of Morning Star township, was struck by lightning Thursday night and the building and all its contents, except six bales of cotton, were destroyed. The fire was not discovered until about 3 o'clock Friday morning, when it was too late to save anything except the cotton. The loss includes 250 bushels of corn, 100 bushels of wheat and all of Mr. Mann's farming implements, and is estimated at \$900. The insurance amounts to only \$350.—Charlotte Observer.

Mrs. C. E. VanDeusen, of Kilbourn, Wis., was afflicted with stomach trouble and constipation for a long time. She says, "I have tried many preparations but none have done me the good that Chamberlain's Stomach and Liver Tablets have." These Tablets are for sale at M. L. Marsh's drug store. Price, 25 cents. Samples free.

February Storms Destructive.

February storms have cost telephone, telegraph and electric companies hundreds of thousands of dollars by wrecking wires. They have been the worst in many years.—Daily Reflector.

Kindly Take Notice that Ely's Liquid Cream Balm is of great benefit to those sufferers from nasal catarrh who cannot inhale freely through the nose, but must treat themselves by spraying. Liquid Cream Balm differs in form, but not medicinally from the Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. The price, including spraying tube, is 75 cts. Sold by druggists and mailed by Ely Brothers, 56 Warren Street, New York.

The librarian of the Congressional library was astonished a few days ago by a request from Senator Gallinger for a Bible. In forty-two years that is the second time that a request of that kind has come from either branch of Congress.—Morning Star.

Nasal CATARRH

In all its stages.
Ely's Cream Balm
cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents.
ELY BROTHERS, 56 Warren Street, New York

HOW TO CLEAN LACES.

And a Few Hints on the Washing of Delicate Embroideries.

How to "launder" delicate fabrics is an art that many a housewife at some time finds cause to learn. There is scarcely a woman but can tell a sad tale of dainty linens and costly laces ruined at the laundry to which they were sent, says the Philadelphia North American. The only safe way is to have such things done at home by women under your direct supervision or by yourself.

Such clothes, for instance, elaborately embroidered, can be washed so that they will lose none of their beauty if it is done in the right way.

Make a foaming suds of pure castle soap in a bowl of water. Wash the fabric carefully in this, using no borax or ammonia on bluing. Rinse in warm water and finally clap the article vigorously in your hands to partially dry it. Iron it at once on the wrong side, using for the ironing sheet beneath it an old blanket covered with a white cloth. The value of the woolen sheet is that it allows the embroidery to press into its soft surface, and when the process is completed the design will stand out in raised effect.

Fine laces, too, are invariably endangered when you send them to the cleaners. If they are not very badly soiled, they may be easily cleaned at home with calcined magnesia. Spread the lace on a white sheet of paper, sprinkle with the magnesia powder, put another paper on top and press between the leaves of a book. Leave it for several days, and then shake out the magnesia, which will have absorbed the dirt, and the lace will be found fresh and clean.

How to Care For "Dick."

An equable temperature and immunity from drafts, with proper food, will insure the health of a canary. A cuttlebone upon which to sharpen the bill and keep it from getting too long and plenty of gravel are essentials. The red gravel, because of the tonic property of the iron in it, is considered best. Besides the proper mixture of seed, which should not contain hemp, there should be variations of diet in the way of a yolk of a hard-boiled egg, chickweed, watercress, lettuce, etc. A dash of cayenne pepper blended with the egg will please the little creature. Apples and figs are excellent occasionally, but if there is evidence that too much of these has been given their effect may be counteracted by bread or cracker dipped in hot water which has been poured over black pepper. The cage should be partially covered every night to provide against a fall of temperature, and it is not well to hang canaries out of doors and thus subject them to the sun and wind. Between August and November is molting time, and the birds are particularly subject to asthma and colds then, although throughout the year these are the chief ailments to which they succumb.

How to Clean the Bath Sponge.

Before using a sponge beat it and shake it well; then let it lie in cold water all night. Next day rinse it through two or three fresh waters to remove all sand and dust. When, after using some time, it becomes sticky and slimy, soak it in warm water with ammonia in it, a tablespoonful of liquid ammonia to a pint of water being the correct quantity. Let it lie in this an hour; then rinse in warm and then in cold water. Set it in a current of air to dry. A sponge should always be set where it will dry thoroughly. It is a good plan to hang it in a large meshed net or in one of the netted sponge baskets that are made to fit on the washstand.

How to Make Graham Puffs.

Graham puffs are delicious for breakfast, luncheon or supper. To make them beat the yolk of one large egg, add to it one cupful of milk and two tablespoonfuls of salt, mixing them thoroughly, and then beat in, gradually three-quarters of a cupful of graham and the same amount of wheat flour. When the mixture is smooth and foamy, fold in the stiffly beaten white of the egg. Fill hot muffin irons about one-third full of the batter and bake for about twenty-five minutes.

How to Make Chicken Soup.

Cut a small chicken into pieces and fry a little in a saucepan with an onion, a chopped green pepper, an ounce of lean raw ham cut in dice shapes and a tomato or two. Let this stand covered tightly for about fifteen minutes, then add two quarts of water and boil for three hours. About an hour before it is done add three tablespoonfuls of rice. Remove the chicken from the soup and serve. This is creole style.

Headache often results from a disordered condition of the stomach and constipation of the bowels. A dose or two of Chamberlain's Stomach and Liver Tablets will correct these disorders and cure the headache. Sold by M. L. Marsh, druggist.

The Racket!

Concord's Cheap Store.

Thousands Sent Into Exile.
Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. Don't be an exile when Dr. King's New Discovery for Consumption will cure you at home. It's the most infallible medicine for Coughs, Colds, and all Throat and Lung diseases on earth. The first dose brings relief. Astounding cures result from persistent use. Trial bottles free at Fetzer's Drug Store. Price 50c and \$1.00 Every bottle guaranteed.

M. L. BROWN & BRO
LIVERY, FEED AND SALE
STABLES.

Just in rear of St. Cloud Hotel. Omnibuses meet all passenger trains. Outfits of all kinds furnished promptly and at reasonable prices. Horses and mules always on hand for sale. Breeders of thoroughbred Poland China Horses.

Wood's Seeds.

Va. Second Crop Seed Potatoes.

These are the result of growing two crops in the same year, the first being planted from select Maine Seed Potatoes, and the seed selected from this crop planted again in July or August. They not only make their crop earlier, but they also make a larger yield and much surer crop than Maine or Northern-grown seed.

Our stock is very superior and we always ship in full-sized double-head barrels. Wood's 1902 Descriptive Catalogue gives very interesting information about Potatoes. Mailed upon request.

We have also large stocks of the best MAINE and NORTHERN-GROWN SEED. Write for special Potato price-list.
