GREAT OPPORTUNITIES WASTED.

The truth is not very complimentary to our people that the announcement of a lecture by some great and leading thinker like Dr. Henry Louis Smith is received with indifference and that so few will attend. An ordinary minstrel or practitioner of legerdemain will draw a better crowd any time. Yet what is there in either to satisfy the inquiring mind, the thirst for knowledge? What is there in these things to develop the image of the Creator in man? How unfortunate that for a little light gratification, that furnishes not a single morsel for the growth and development of the soul of man, is sought and great costs are paid for it, while towering minds may offer to tell us the results of their researches into the mysteries of a great and mighty Creator and we turn away with indifference, when, too, for a small outlay we can gain in an hour more knowledge and mental expansion than the ordinary person can search out within a life time.

It may be said that these lectures cost. So they do, but any thing else costs. Some things cost more than they are worth, but a good lecture, never.

Let us consider the dance for instance. It is more costly to the young man than the lecture. It is very sweet, of course, to swing a young lady to musical time and educate the heel and toe to graceful movements while the natural gratification of touch on these, we admire or love, makes a sweet song of delight, but how quickly these accomplishments and these senses of gratification pass away when the sterner realities of life are to be encountered; while a lecture which educates the head and heart of men and women instead of the pedal extremities, develops the Godlikeness that lifts one over the trivial obstructions at which the undeveloped will always stumble in life.

In this great educational movement that we are whooping up it would seem that we would crowd into the halls to hear a good lecture.

We think there is a mistake made along this line and that figuratively we would better throw golden grains away than to refuse the wealth of intellect when offered us in lectures by men of ability.

The program is fixed for the inauguration of President Palma over the Cuban Republic on May first when Gen. Wood will turn over Cuban affairs and will withdraw United States control in the Island. Somebody that is good at figuring might make a calculation what yellow fever has cost us in the past and what it would most probably be costing us for years to come if we had not gone into Cuba, and compare that with the cost of the war. The number of human lives saved, too, might be calculated and dropped into the scales on the side of intervention. Beside being a kind of predestined affair it would not surprise one to find it a paying operation.

Practically Starving.

"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest what you eat.—Gibson Drug Store.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw, he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by Fetzler's Drug Store Druggist.

"It is well to be absent minded if you can only forget your troubles."

For the Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Never gripe or distress. Safe, thorough and gentle. The very best pills.—Gibson Drug Store.

"Some people are naturally polite and others have favors to ask."
