TELEPHONE NO. 71.

CONCORD, N. C., March 28 1902.

DON'T BUY THAT FERTILIZER PATENT.

State Chemist Kilgore has an article in the Bulletin and is sending out circulars warning farmers against being swindled in buying Lipps' Patent Process of Manufacturing Compost Fertilizers. It purports to be a patent process and a secret which is sold at \$3.00 a farm right. The thing is a splendid fake. Two ingredients enter into it that catch the uninformed. One is salt which is not a plant food at all and the other is lime which is injurious as it frees the ammonia which then escapes.

To say the least, farmers should not be duped into buying the thing. Close attention to the reports from our Agricultural Experiment station would be wisdom in our farmers.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W K Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advance stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by Fetzler's Drug Store. Trial bottles free.

Cabarrus Man's Vegetable Garden in Florida.

We note with pleasure that the fine early garden vegetables, beets especially, that you see at Doves & Bost's are raised by a Cabarrus man. He is Mr. L P Klutz now residing in St. Petersburg, Fla.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw, he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by Fetzler's Drug Store Druggist.

Race Riot in Alabama.

A more or less serious race riot is reported from Jasper, Ala. One hundred and fifty shots were fired on Wednesday and new supplies of ammunition were secured. The casualties are not reported.

Diplomats for Cuba.

In pursuance of the plan to set Cuba on her feet for self government on the 20th of May President Roosevelt sent a message to Congress on the 27th, asking it to make the following appropriations for diplomatic officers:

"Envoy extraordinary and minister plenipotentiary to the republic of Cuba, \$10,000.

"Secretary of the legation, \$2,000.

"Second secretary of the legation, \$1,500.

"Consul general at Havana, \$5,000.

"Consul at Cienfuegos \$3,000; consul at Santiago de Cuba, \$3,000."

Queer Law of Vibration.

A dog is not allowed to trot across some of the strongest suspension bridges in the world. The vibration which his motion produces is dangerous to the structure. The dogs are carried over in vehicles. A cat walking across a floor of a brick building shakes it more than many people.—Anderson Intelligencer.

Mrs. John Fisher, of Hickory, Dead.

Mr. M J Freeman received a telegram today (Friday) from Hickory saying that Mrs. John Fisher died last night and that the remains will be buried tomorrow at Poplar Tent church. Mrs. Fisher is a niece of Mrs. Hettie Winecoff.

Live Wire Victim Dies.

Winston Salem, N. C., March 27.—John Julian, the young man who was badly shocked and burned last Sunday while working on an electric wire, died at the hospital this evening.

To the Democrats of the State: Be up and doing. Form committees at every precinct who will see every white voter who has not paid his poll tax and urge him to pay before May 1st., and thereby save his vote. It must be paid anyhow, and will be collected later, but unless paid by May 1st, nobody failing to pay will be permitted to vote in November.—News and Observer.

An Egg Hunt.

Miss Jennie Smith will give an egg hunt tomorrow evening at 4 o'clock to her Sunday school class.

Mrs. C E VanDeusen, of Kilbourn, Wis., was afflicted with stomach trouble and constipation for a long time. She says, "I have tried many preparations but none have done me the good that Chamberlain's Stomach and Liver Tablets have." These Tablets are for sale at M. L. Marsh's drug store. Price, 25 cents. Samples free.

An Honest Medicine for La Grippe.

George W Waitt, of South Gardner, Me., says: "I have had the worst cough, cold chills and grip and taken lots of trash of no account but to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one bottle of it and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by M. L Marsh druggist.

Barefooted kids are seen. Soon there will be plenty of 'undressed kids' along the river bank.—Ex.

A Fossil Quarry.

One of the strangest quarries in the world exists near the town of Kemmerer, Wyo., at an elevation of 8,200 feet above sea level. This quarry is worked by hand, no blasting being permitted, owing to the fragile nature of its output. The latter consists solely of fossils, mostly those of a few varieties of fish. In operation the shale is split into slabs, broken with sledge hammers and thrown over the bank by hand. When slabs containing the specimens are cut and taken out, they are very moist and have to be dried out to about one-third of their original weight. After the drying has proceeded far enough to permit of the easy manipulation of the material the fossils are carefully cleaned by means of special tools devised for the purpose. Many of these fish fossils are exceedingly beautiful, every bone being plainly shown in the outline. They rank as the finest specimens of fossil fishes yet discovered.

Don't Be a Knocker.

The following is going the rounds in the Kansas newspapers. It is good advice anywhere. Read it and see:

If there is any chance to boom business, boom it. Don't be a knocker. Don't pull a long face and get sour in your stomach. Get a smile on you. Hold up your head. Get a hold with both hands. Then pall. Bury your hatchet. Drop your tomahawk. Hide your little hammer. When a stranger drops in, jolly him. Tell him this is the greatest town on earth. It is. Don't get mulish. Don't roast. Just jolly. No man ever helped himself by knocking other people down. No man ever got rich trying to make people believe that he was the only good man on earth. You can't climb the ladder of fame by stepping on other people's corns. They are their corns, not yours, and they're tender. Keep off the corns.

Ancient Works of Bronze.

The use and application of metal work and decoration, both as fixtures for appliances and useful domestic articles, are very ancient. We find records of bronze being extensively used by the Greeks and Romans, Greece especially bringing the arts of working bronze to perfection. Not only are works of colossal form produced by them in this metal, but the ornaments of their temples, doors, weapons, armor and the prows of their galleys were made of it. They had also a process of hardening and tempering bronze which enabled them to make this metal into many implements requiring a keen edge, such as axes, saws, and so on.

A Pearl Famine.

A pearl famine is the latest cry in the jewelry market, and Paris especially is the city in which it is raging at the present time. The supply does not nearly equal the demand, and the higher prices go the more call there is for the precious gems. Already they are worth from three to four times what they were fetching ten years ago, and the price is still rising. The cause for this abnormal state of affairs is, it is declared, that large numbers of rich Americans have been buying up the gems, especially during the last few months.

Unconscious Humor.

An Iowa man has written to his representative for volumes of The Congressional Record containing obituaries, saying, "There is nothing I read with so much pleasure as obituaries of dead congressmen." The best humor is unconscious.

Reduced Rates.

On account of the following occasions the Southern Railway will make reduced rates:

North Carolina Week at Charleston Exposition, April 7 to 14. Tickets to be sold April 6 to 8 with final limit 10 days from date of sale. Round trip \$4.80.

On account of meeting North Carolina Music Teachers' Association, Raleigh, N. C., March 31. Tickets to be sold March 29, 30 and 31 with final limit April 4.
