THE STANDARD, Concord, N. C.

TELEPHONE NO. 71.

CONCORD, N. C., April 26, 1902.

We have heard many commendable comments made on the excellent sermons preached yesterday by the several pastors of the white churches in Concord.

Now that the cement sidewalks in the business portion of the town will soon be finished, it is earnestly hoped, especially by the ladies, that our city fathers will pass necessary anti-spitting ordinances.

Mr. J. D. Barrier, editor and proprietor of The Standard, left Sunday morning for the Charleston Exposition. We know that the few days he will be away from his business will be for his good and hope our patrons will overlook all short comings in the paper until his return.

It is well-known that the Charlotte Observer is championing the flying machine, the Greensboro Telegram (under the former regime at least), perpetual motion and The Standard, wireless telegraphy. The latter is here and past the mere experiment stage. It is so well accomplished that the force has been sent across the ocean and recent developments mark its onward progress for certain practical purposes. Perpetual motion is no nearer than it ever was, and the Observer sees its best chance to fly in connection with The Standard's protegee, electrical energy transmitted by wireless means. We say The Standard's for it is not "wedded to any particular plan" but all electrical energy transmitted by ethereal waves is included in its metes and bounds. It is a decided pleasure to the Standard, however, to bestow something of an overplus of resources to hasten the Observer on its wings. Its advice to the Observer, however, is never to abandon gas entirely. It will always be a good thing to have on high flights. As to perpetual motion The Standard is going to have nothing to do with.

### A Fireman's Close Call.

"I stuck to my engine although every joint ached and every nerve was racked with pain," writes C. W. Bejlamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters and, after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by Fetzler's Drug Store. Price 50 cents.

### Address of the Secretary of the Treasury.

That was a well conceived and logically constructed address delivered by Hon. L. M. Shaw, Secretary of the Treasury, in response to the toast, "Governmental Evolution," at Pittsburg, Pa., on the 26th inst., upon the occasion of the sixteenth annual dinner of the American Republican Club, in commemoration of Gen. Grant's birthday.

It is not our purpose to review or even comment upon the speech further than to remark that the orator has raised the old question as to whether "is" or "are" should be used in speaking of the United States, by asserting that "Thomas Jefferson usually, if not always, referred to the United States in the plural numbers". The orator was too broad in his assertion, for Mr. Jefferson did what the Supreme Court of the United States has always done, used "is" with reference to the United States as a government, and "are" in speaking of the component parts or the several States constituting that government.

### Shot in His Left Leg.

For all kinds of sores, burns, bruises, or other wounds DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in cases of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years from a sore caused by a gun shot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me."—Gibson Drug Store.

### Fire Again Visits Charlotte.

Charlotte had another fire Sunday by which the factory of the Shaw Harness Company was completely destroyed and the Collar factory, recently erected, as well as a near-by tank, containing 10,000 gallons of water, came near meeting the same fate. They were saved only by the heroic efforts after the fire companies arrived on the ground late in consequence of the distance they had to travel.

The estimated loss is \$27,000, of which \$20,000 is covered by insurance on the factory and its contents.

### Wants to Help Others.

"I had stomach trouble all my life," says Edw. Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat.—Gibson's Drug Store.

### Working 24 Hours a Day.

There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing Torpid Liver, Jaundice, Biliousness, Fever and Ague. They banish Sick Headache, drive out Malaria. Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at Fetzler's Drug Store.

### Fire at High Point—Three Buildings Destroyed.

High Point April 26.—This morning at 5 o'clock fire was discovered in the grocery store of a Mr. Richardson, in the factory settlement next to the plant of the Victor Chair Company. It was first seen by a man living close by, but thinking it was a light from a lamp or lantern he went back to bed. Soon afterwards the store was in flames which spread to the office and oil houses of the Victor Chair Company, destroying all three buildings. The factory building was in danger for some time. It is thought the store was either set on fire or the fire was caused by carelessness, as it originated among some banana crates underneath the building.

### Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Fetzler's Drug Store.

### Boy Who Was Hypnotized is a Raving Maniac.

Edwin Reber, a 14-year-old boy, who was placed in a hypnotic trance Wednesday, with the result that his mind was unbalanced, today became so violently insane that it was necessary to remove him, in chains, to the Schuylkill County Hospital for the insane. The boy in his frenzy begs his hypnotizer to allow his mind to resume its normal sway. The attending physicians says the boy cannot recover unless the traveling salesman who hypnotized him can be found.—Pottsville, Pa., Dispatch to Philadelphia Record.

### Kicked His Mother-in-Law Down Stairs and Killed Her.

Pittsburg, April 27.—Michael Conley, a structural steel worker; this evening kicked his mother-in-law, Mrs. Catharine McGoldrick, down a flight of stairs, killing her almost instantly.

When arrested Conley said Mrs. McGoldrick came to his home just as he struck his wife in the face with his fist. The mother-in-law interfered in the quarrel and struck him on the head with a brick. She then left the room and as she stood at the head of the stairs, Conley kicked her. In the fall the woman's neck was broken.
