Sad Results of Sunday Drinking. Mayor Stickley had a case before him this (Monday) morning

that was rather trying. It was that in which Henry Beck was arraigned for drunk and disorderly conduct, including abuse of his wife. Mrs. Beck testified that he is a good, kind husband when not under the influence of liquor. But it seems that Mr. Beck has some chums that gather in on Sundays and there is always on hand the material that makes monsters of husbands that imbibe too much of it, and the results have become rather habitual. Mayor Stickley, finding the repetition too frequent for further indulgence, passed judgment that he serve on the county roads for

30 days. It was a verdict painful to

pass over the tears and the pleadings of the wife and children. It is to be hoped that when Mr. Beck returns to his family he will cut loose from the crowd and the Sunday drinking.
