## AID FOR THE EXPOSITIONS.

**Congress Votes Appropriations—Charleston Gets \$160,000 and Buffalo \$200,000—Mr. Bailey Was Disposed to Give Trouble but Finally Withdrew His Opposition of the Understanding That the Action Was Not to be Taken as a Precedent.**

Washington, June 16.—During the comparatively brief time the Senate was in session to-day, Mr. Morgan, of Alabama, presented the conference report on the isthmian canal bill, the House conferees accepting the Senate substitutes. On motion of the Alabama Senator, the report was agreed to without comment.

The general deficiency bill, the last of the big supply measures, was passed practically without debate. A slight protest was made against the appropriations of \$200,000 for the Buffalo Exposition and \$160,000 for the Charleston Exposition, but finally they were included in the bill. The measure also carries \$45,000 for the payment of the expenses of the last illness and death of President McKinley that amount including the pay of the physicians. When the appropriations of \$200,000 for the Buffalo Pan-American Exposition and \$160,000 for the Charleston Exposition were reached, Mr. Bailey, of Texas, protested. He insisted that if Congress should meet the present demands, it would be called upon to meet a still greater deficiency in St. Louis Exposition. He thought it was a gross misapplication of public money.

Other Senators, Mr. Spooner and Mr. Teller, while they sympathized with Mr. Bailey's views, thought that the calamity which had befallen the people in Buffalo, in the assassination of President McKinley, had much to do with the deficiency and should be taken into consideration. Mr. Hale believed the example of these cities would be a means of stopping the mad rush of cities for expositions. He hoped that not again in a generation would the government extend financial aid to exposition enterprises.

With the understanding that the present appropriations were not to be considered as a precedent, Mr. Bailew withdrew his objection, and it was agreed to.

### Heroic Boy.

Apache Indians quarrelled with Thomas Page, owner of a goat ranch near Mesalero, New Mexico, recently. Next day they attacked the ranchman during the absence of his 12-year-old son, killing him and looting the house. The boy, hearing the disturbance, returned and with his rifle shot and killed the entire six before he could be dislodged from his position among the rocks.—Ex.

### \$714 Found in Pauper's Trunk.

Monroe, June 26.—About a year ago Sallie Smith, an old lady, who represented herself to be indigent, unable to work and without relatives, was taken to the county home. Yesterday she was seen to have some money and a search of her trunk was made. The search resulted in finding \$714, nearly all in gold. It was placed in the bank and the woman will remain at the home until the commissioners meet, when her case will be looked into. The woman came to Monroe about 15 years ago from Chatham county and had served as a cook and housekeeper.

### Pocahontas Situation Improved.

Roanoke, June 26.—The Norfolk & Western Railway officials are more encouraged today over the situation in the Pocahontas coal fields than they have been at any time since the strike was declared. The reports from the operators show that 400 cars of coal were loaded yesterday, which is 25 more than have been moved on any previous day. It is thought today's output will equal that of yesterday. There have been no reports of marchers today, and they have disbanded. A great many of the strikers have returned to work and it is said more are returning today.

Fifteen witnesses were examined in the preliminary trial, six in his defense and the relations between him and his wife were shown to be the very best and most affectionate. ## FINE FOOTWEAR AND LOW CUT GOODS.

Perhaps no one of all the things which combine to form the costume of a well dressed man or woman either adds or detracts from his or her appearance more than the shoes worn. This part of one's dress varies greatly in style. Step back only a few years and the toes were extremely sharp, being appropriately named needle toes.

The prettiest style of shoe is the one which fits the foot—the popular style of today.

In our Shoe Department is found a large selection of Footwear for men, ladies and children that fit the feet and give the wearer general satisfaction. FLORENCE, S. C., Nov. 26, 1900.—I was first advised by our family physician in Charleston to use TEETHINA with our baby when he was but a very young infant, as a preventive of colic and to warm and soothe the stomach. Later it was useful in teething troubles, and its effect has been found to be so very beneficial and so free from danger that are consequent upon the use of drugs and soothing syrups, that we have come to regard it, after use with three children, as one of the necessities when there is a baby in the house and until the teething troubles are over, and we take pleasure in recommending it to our friends instead of the horrid stuff that so many people use to keep their baby quiet.
