CANNON CRACKER VICTIM.

Life Not Worth Living With a Hand Missing.

Troy, July 4.—Crazed by intense suffering, William C. Daboll killed himself last night at his home in north end. Daboll was out with his son exploding firecrackers about 7:30 o'clock and a large cannon cracker exploded in his hand, lacerating it in such a manner that it hung in shreds. Maddened by pain he ran into his house and, seizing a revolver, remarked to his wife that he would be useless upon earth without his hand. He pointed the weapon at his head, but before he could discharge it his wife grappled with him and tore it from his grasp. He then seized a potato knife from the table and plunged it into his left breast. The knife barely touched the heart and the suicide died in about fifteen minutes. The deceased was one of the best known young men in the city and had been for over ten years a teller in the national bank. He was 30 years old and is survived by his widow and one boy.

That Plank-Walking Horse.

One of our Mt. Pleasant citizens on Saturday evening was in our city for the first time since the Cannon and Fetzer Company's new store covers the alley through which he had ridden many a time. He came up on the bridge and uttering a few cuss words about closing the alley rode right on through the opening where the people entered to the auction. When he got to the back side he found a gangway of two planks on the inside and one on the outside by which to get over the window sill. Nothing daunted he dismounted and urged his horse up the planks and out beyond when he remounted and made way for liberty which was threatened in the rear by the city cops. As there are few plank walking horses some wag got it off that the horse had but three legs and there were three planks hence the successful project.

Mr. M. J. Freeman Resents Insult of a Negro.

Mr. M. J. Freeman had an unfortunate difficulty with his negro employee, Giles Pearson, on Saturday night. Mr. Freeman has had Giles about him for years, paying him out of difficulties and practically giving him a good time, which he could not stand. He has been developing an ugly spirit for some little time and on Saturday night uttered some very offensive language which Mr. Freeman resented of course. It was a considerable tussle they had till parties interfered and stopped the matter. The affair will be heard tonight before the mayor.

DEATH AND INJURY ON THE RAILS

Series of Accidents on Last Saturday.

Mr. J. B. Jackson, one of the local yard conductors of the Southern, was killed by the switch engine on the siding of the Atherton mill just below Charlotte Saturday afternoon. There was a pile of wood near the siding and the engine, striking a piece of oak, the part on which he stood was shattered and he was thrown on the ground before the moving engine. He struggled heroically to save himself but it ran over him, crushing him in several places so that he died while being sent to the hospital. He was 28 years old and unmarried and highly esteemed. The body was shipped to his home in Tryon, Ga.

Robert Kiser, a young white man, was killed at Gaffney, S. C., Saturday evening. He was under the influence of drink and attempted to cross the track in front of the train when it was too near.

A freight train and a work train collided near Glen Alpine on the Western road on Saturday evening. Engineer Conner, of Knoxville, Tenn., had his leg broken and his colored fireman was probably fatally injured.

Why the Firebell Rang.

The fire bell rang on Saturday night at 11:20 and the usual excitement prevailed for a while. The fire was far away in the country at Mr. Billie Bost's in No. 11. When seen by policeman Boger it was directly in line with an electric light and seemed to be a bright blaze on South Union. The firebell was ordered rung before the mistake was discovered from another view point.

Killed by the Ball.

A ball pitcher, Mr. Charles Harrington, was killed by a ball on last Saturday at Midland, Texas. The batter struck the ball with great force. It struck the pitcher in the stomach. He caught up the ball and hurled it and the runner was put out when the pitcher fell dead.

Hard to Beat.

Miss Essie DeArmond, of Templeton avenue, was exhibiting a tomato, yesterday, that measured 15 1/4 inches in circumference and three inches in diameter. It was a beauty.—Charlotte Observer of 6th.

Seven Years in Bed.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but, "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from headache, backache, nervousness, sleeplessness, melancholy, fainting and dizzy spells will find it a priceless blessing. Try it. Satisfaction is guaranteed by Fetzer's drug store. Only 50 cents.

Burial of Mr. C. P. Emery.

The body of Mr. C. P. Emery arrived from Bynum Sunday morning accompanied by the stricken widow and son, Mr. F. L. Emery, father of the deceased, Miss Winecoff, the nurse, and Mr. Jacob Thompson, a representative of the Masonic and K. of P. fraternities of Bynum. It was taken to the home of the sorrowing parents on North Union street where the funeral services were conducted this (Monday) morning at 9 o'clock by Rev. J. N. Huggins. Mr. Emery was a member of both the Masonic order and the Knights of Pythias both of which orders accompanied the remains in a body and from whom the pall bearers were selected as follows:

Messrs. M. L. Buchanan, J. C. Fink, C. D. Robbins, and J. A. Kennett, of the Masons and Messrs. J. G. Mann, H. M. Barrow, C. F. Ritchie and J. R. Young of the Knights of Pythias.

Mr. Frank B. Emery, the only brother of the deceased, arrived from Saco, Maine, this morning in time to join his parents and share the burden of grief. It was the first loss in the family by death.

Mr. Emery was 28 years old and was quite a shining light. He was superintendent of the Odell Mill in Bynum where he was largely instrumental in building the Methodist church and was an active and faithful worker in the Sunday School.

He was vice president of the Poe-Atwater Merchantile Company and director of the bank of Pittsboro.

Mr. Emery seemed to promise much for the advancement of all that is good and noble in the world about him and his decease is one of the mysterious providences that the finite mind cannot fathom.

A company has been organized to run a canning factory again in Salisbury. All things are ready for starting up.

A Raging, Roaring Flood.

Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had Consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for Coughs, Colds and all Throat and Lung troubles by P. B. Fetzer, Druggist. Price 50c.
