President C. M. Schwab of the steel trust, has been the subject of remarks as to his peculiar malady. It is pronounced to be neurasthenia which is something of a nervous exhaustion. This should be explanation and apology enough for a good deal of peculiarity in any victim.

Means something for Pritchard.

The report that Senator Pritchard has been invited to lunch with the President on Thursday leads to the presumption that the Senator will be "taken care of." It is surely not the elaborateness of the lunches at Oyster Bay nor the pleasure of conversation with the chief executive that prompts the Senator to accept the invitation and we may expect shortly to hear that Senator Pritchard has been "offered something"—a judgeship, or something equally as good. The Senator's chances this year in his home State grow slimmer every day and he must be provided for, of course.—Charlotte News.

The island of Torishima, one of the Japanese group, was overwhelmed by volcanic eruption between the 13th and 15th and all its inhabitants, 150 in number, and all the buildings, were destroyed.

Enochville Items.

Enochville, N. C., Aug. 19.—Mrs. Dan Fisher is sick and was thought to be taking fever, but is hoped to be improving without anything serious.

Mr. H. H. Overcash returned last week from his mountain trip and reports a fine time, and from his appearance we think it must be true. Mr. Overcash's family returned some days ago, but owing to the misfortune with his horses he could not come as the family did.

Mr. George Rodgers is building quite a neat little home near here. He has a "covering" today.

Mr. S. Deal has gone to China Grove to school and he is wished much success in his work.

Miss Josie Lipe and "Uncle Jake" went to Concord yesterday.

Miss Nora Rodgers is very busily engaged in the canning business. She sealed one hundred and seventy cans yesterday and has plenty more today. I'd like to know what all this means. O yes, "Glass" and "Hickories" are very handy.

The bridges here are in a very dilapidated condition, though they are expected to be attended to soon.

Mr. Mason Goodman, of No. 2, passed through yesterday en route to Crescent, where he will attend school.

Mr. Jake Bost is remodeling his house. D.

All Were SAVED.

"For years I suffered such un-fold misery from Bronchitis," writes J. H. Johnson, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wrothly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma till it cured her, and all our experience goes to show it is the best Croup medicine in the world." A trial will convince you it's unrivaled for Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at Fetzer's drug store.

Common Sense Action.

The International Typographical Union, in convention at Cincinnati, took action on Thursday which merits general and careful attention. The Union adopted a new law providing that a strike or lockout may be declared off by a majority vote of the Union involved, while a three-fourths vote is required to declare a strike or lockout. The Union took this action on its own volition, without solicitation. Printers are intelligent men and they have acted wisely. They place impediment in the way of industrial war and open the door wide to industrial peace. Useless strikes, started without deliberation, will be averted, and strikes will not be needlessly prolonged by the obstinate. The Typographical Union shows the conciliatory spirit and common sense which are needed to prevent useless strife.—Philadelphia Ledger.

Just Look at Her.

Whence came that sprightly step, faultless skin, rich, rosy complexion, smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result—all organs active, digestion good, no headaches, no chance for "blues." Try them yourself. Only 25c at Fetzer's drug store.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivaled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by P. B. Fetzer, druggist.

Very Healthy Boy

likes to get himself into places of danger. Hence bruises, strains and sprains. Mother scolds and brings out the bottle of Perry Daves' Painkiller and rubs it on the injured spots with an energy and frequency depending on the seriousness of the case. There is nothing like Painkiller to take out the soreness. There is but one Painkiller, Perry Davis'. Price 25c. and 50c.

Corn-Stalk 15 feet 5 inches High.

Mr. W. K. Lyles brought in a stalk of corn to the Standard office this (Wednesday) morning that is far above the trivial things of earth. It measures 15 feet 5 inches in height. The ear is just half the height of the stalk above the ground.

Why Take Any Chances

with some new and untried medicine for such serious troubles as diarrhoea, cramps, dysentery, when you should know that for over half a century Painkiller has cured millions of cases? Look out for imitations; there is only one genuine, "Perry Davis'."

Big Fish Jumps Into Skiff Couple

by a Man and a Woman.
On Thursday, while Mr. Russell and Miss Helen Plumb were out trolling at Hopkins Point, on the St. Lawrence river, a large sturgeon suddenly jumped into their skiff and nearly capsized it. The boat, being an extremely light one, without ribs, cracked under the weight of the big fish, which floundered from one end of the craft to the other. Mr. Russell, in trying to kill the fish with one of the oars, accidentally broke a hole through the skiff and it began to fill rapidly with water.

Their only salvation then was to reach shore before the boat should go down. The had nothing with which to bail out the water, but Miss Plumb, alive to the desperate situation, removed one of her shoes and bailed out the skiff, while Mr. Russell pulled for the shore. They reached shallow water before their boat sank. The sturgeon measured 4 feet, 6 inches, in length and weighed 44 pounds.—Utica, N. Y., Dispatch.
