NEGRO TO HANG IN DURHAM.

Committed Worst of all Crimes on 13-Year-Old Colored Girl.

John Parker was tried for criminal assault and found guilty in the Superior Court this afternoon. He was remanded to jail and will be sentenced tomorrow morning to be hanged. The trial of the case, including the argument of counsel, consumed less than half a day. The jury was out one hour and twenty-five minutes. It was a clear case of rape, the victim being a nine-year-old negro girl. The crime was committed last February and was a brutal one. Parker was coldly indifferent throughout the trial and heard the verdict that meant he must die without a quiver. He was ably defended by Jones Fuller. The case will probably be carried to the Supreme Court.—Durham special of 27th to Charlotte Observer.

Seventh Congressional District Republicans Endorse Mr. Page.

The Republicans of the 7th District met in Lexington on the 27th and passed the following:

"Resolved, That we, the Republicans of the seventh congressional district, in convention assembled, declare that, in view of the high character, as well as the great interest which has heretofore been manifested with respect to the industrial welfare of the people of this district by the Democratic nominee, Hon. Robert N Page, we decline to nominate a candidate in opposition to him."

Catawba Boy Runs Away.

A Newton special of the 27th to the Charlotte Observer says: "The eighteen-year-old son of Mr. Forney Wilson left home last Monday without leaving any information as to why he left or where he was going. The young man started to the field to work, and later his team was found hitched in the field, but he has not been heard of since. Mr. Wilson, who is one of the county's most prosperous farmers, says there was no reason that he knows for his son leaving home in the way he did. He thinks possibly the young man has gone to join the army."

Jaw Badly Torn.

It was learned last night that a white flagman on the Southern Railway had been injured in a singular way yesterday near Raleigh.

He was on the incoming Southern Railway train and was caught by a wire of the Interstate Telephone Company which had fallen off a cross arm. The man was on top of the box car and the wire tore out three teeth from his mouth and tore his jaw. He was saved from falling between the cars by another flagman and was taken to his home, News and Observer, 28th.

Horse Saves a Child from Injury.

An exceptional instance of extraordinary development of instinct in horses came to light here yesterday afternoon, and the animal playing the leading part was Prince, a 20-year-old family horse owned by William McDonough, a grocer. The four-year-old daughter of McDonough wandered into the barn unobserved in the afternoon and was soon at play on the floor of a big box stall, the freedom of which is allowed to Prince and another younger and very spirited animal.

During her play the child fell under the younger horse and might have been kicked to death had not old Prince come to the rescue. In the meantime a search for the child had been started. Mr. McDonough went to the barn, and just as he entered he saw the old horse softly grasp the child's clothing, and, lifting her from danger, deposit her on the hay in the manger, where he carefully guarded her until Mr. McDonough took her away.
