The Men Who Succeed

As heads of large enterprises are men of great energy. Success today, demands health. To ail is to fail. It is utterly folly for a man to endure a weak, run down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders, and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at all druggists.

Thursday afternoon of last week Mrs. B. O. Edwards, of Landis, entertained at the attractive home of her mother Mrs. F. E. Corriher, in honor of Miss Brietz Thom. The time was pleasantly spent in merry conversation, music and an interesting contest. Miss Mary Miller won the prize, a white hand bag, and presented it to the honor guest. Peculiarly Afflicted.

The little daughter of Mr. Mrs. Augustus Deal was peculiarly afflicted the other day. She had been playing in some oats during the afternoon, and that night was restless, itching and little spots appeared on her face, hands and body. She grew worse and seemed in great pain, so she was taken to a doctor who prescribed for her relief, but was puzzled as to the cause of the child's affliction. The next day Mr. Deal was mixing the oats with other feed stuff and soon broke out in a similar manner. This suggested a clue and the oats were examined and were found to be infected with a small mite of some kind that would bite or sting causing a spot or small pimple to appear thereafter.

Our Motor Cycle Contest.

THE WATCHMAN and RECORD's motorcycle contest is one of the most practical and valuable ones from every view-point. A \$200 motorcycle if not wanted could be sold for its face value, or if used there is no cheaper, quicker or more agreeable method of travel known. The owner of a motorcycle can enjoy the scenery for hundreds of miles around and spend his nights at home. He can go anywhere on short notice, train or no train, stay as long as he pleases, stop where he pleases and get more real joy out of such a machine than a good healthy man can possibly get in any other way. Then there is the prittable side of it. Of what value is it to phone for a doctor and then spend a half day to go a few miles for a remedy. A motorcycle going forty miles an hour will make your long trips short ones, make it possible to meet your engagements promptly and be of service in hundreds of ways that will present themselves to the owner of one.

We propose to give away, absolutely free, one of the best machines of this kind on the market. Our contest is open to anyone anywhere. To enter, all that is necessary is to fill in the nomination card, which is good for 1,000 votes, and send it in to THE WATCHMAN OFFICE, Salisbury, N. C., and your name will be in the pot, you will be furnished with receipt books, etc., and then the game will be up to you, with our help and the help of your friends.

Quite a number of young men have signified their intention of joining this interesting contest and now is the time to do so, for it is a true saying, the early bird gets the worm. Such chances as this are very rare, in fact there are young men in Rowan who may never own a motorcycle unless they take advantage of such an opportunity. It takes a little time, grit and determination, but no more than the average man is possessed of. Try your hand, you have an equal opportunity to win. Don't delay, do it to-day.

Prof. Peeler Takes a Goat Ride.

Prof. H. J. Peeler, now principal of the Chestnut Hill public school at Salisbury, was introduced to the mysteries of the Jr. O. U. A. M., Wednesday night. The Juniors are glad to have the professor and he is no doubt pleased to be a member of this noble order.
