Asheboro as Town Wants Pastoffice Put to Rights

Asheboro, May 21.-E. L. Au man post master at this place has filed his resguation and it is ramored that R. R. Ross will be appointed in his stead Mr. Auwas Congressman Page's choice for the position and his appointment last Sept-proer was followed by the hottest fight this section ever saw.

Charges were filed against him but the department and Senate refused to believe them or ignored them, and his confirmation followed. He was commissioned about December 10 and assumed the duties of the office. Mr. Au man made good offically, and the matter was being forgotton. However, new offenses, it is alleged, were committed, coupled with the admission of an indiscretion, and his resignation followed.

Mr. Ross, to whom the appointment probaly goes has been sheriff of the county, a member of the Leglislature, and is now a deputy marshall. It is devoutly hoped here he will be promptly confirmed and the whole nasty mess. come to an end and be forgotten. The whole community is sick and tired of it.

of Trouble With Huerta.

Niagara Falls, Ont., May 21,-Before attempting in any way to forces in Mexico, the three South American mediators let it be known tonight that they are content to proceed to a bi-partite agreement between the United osates and the Huerta Government.

The mediators have not regard. ed the absence of delegates representing General Carranga as a serious detriment to their efforts to settle questions which led to the isoding of American forces at Vera Uruz. Notwithstanding the military success f the Constitusionalisss, the mediators plan to bring about an agreement between acquiescence by the Constitutionalists at a later date and through separate negotiations.

Invoived in a two-party agreement would be a definite understanding of the kind of provisional Government to be established in Mexico City as a successor to the present regime and a guarautee that agrarian and other insernational reforms would be put into operation.

White keeping in mind the avowed principles of the Constitutionalists movement, the mediators will suggest a plan they hope will be accepted here by two sides to the Mexican controversy, the United States and the Huerts dovernment. Later the Constitusionalists will be approached.

Washington, May 21 .- The Constitutionalists are preparing to send a representative to Niagara Falls to confer with the South American mediators who are enleavering to settle the Mexican problem. This will be done with the distinct understanding that the represenentative is to give information as to General Carranza's purpose, without committing the Constitutionalists to any plan for the pacification of Mexico that the mediators may determine up-
