Down Where God's People Live.

There are some people in various sections of Rowan County who deserve to be recognized as the highest type of good citizens and children of God, for they have shown by their actions all the marks of brotherly love, Christian helpfulness and tender-hearted charity. We have observed this spirit on several occasions, but none have awakened more joy and pride in the conduct of one's neighbor than the incident we herewith record. This week's WATCHMAN carried a story of the barn of Stokes Propst's being struck by lightning, which, along with its contents, including his stock, saws, feed stuff and farming implements were thus set afire and destroyed. Mr. Propst is a man of average means, but without the ready cash to replace his loss which probably amounted to \$2,000 and no insurance. The time of year for making a crop is here and Mr. Propst thus found himself in a very unsatisfactory condition. Of course he deplored his loss, but was not the kind of man to put up a whim and give up, yet he would have had a long, hard road to travel if it had not been for his neighbors, that is the kind of folk the Master spoke of when he spoke of the good Samaritan, about seventy-five of whom took the conditions in charge and proceeded to cut trees, haul the logs to a saw mill, had them sawed, hauled the lumber back to the house and put up a new barn, weather-boarded and covered, which is now ready for use and probably better than the one destroyed. This was certainly grand, noble, and Mr. Propst has good cause to thank God for his friends. The spirit of brotherly love has never been more nobly expressed.

But this is not all, these good people have already collected a neat sum of money for Mr. Propst and are going to give an ice cream supper at his house Saturday evening, June 6th, at 7:30 o'clock, to raise funds to assist in restocking the barn. Everybody is invited to attend and a large crowd is expected.

Take Plenty of Time to Eat.

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you feel a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Three Big Ships are Provided for

Washington, D. C., June 2.—The Senate late today passed an annual naval appropriation bill carrying about \$141,000,000, providing for the administration two battleship construction program and authorizing in addition the building of a third modern dreadnaught with money to be derived from the sale of the battleships Idaho and Mississippi.

The measure now will go to conference between the two houses. At the last moment an amendment was added to create a special committee to report on the location and cost of a government armor plate factory. A similar provision in the measure as it passed the House had been eliminated by the Senate committee.

The clause in the bill directing the building of one of the new battleships at a government navy yard led to a prolonged discussion.

Senator Vardaman sought to amend the bill to appropriate for only one new battleship; Senator Thomas wanted none, and Senator Brandegee contended for three. All these amendments were defeated.

Senator Vardaman declared there should be more of the Golden Rule and less of the "damnable" rule of war.

VILLA HAS ISSUED HIS PROCLAMATION

Would Establish Democratic Principles of Government, but not Seeking Glory

Torreon, June 1.—In a proclamation issued to the people of Mexico today, General Francisco Villa has declared himself as absolutely without ambition except to establish the democratic principles of the constitutional government.

The purpose of the declaration is to offset reports circulated by enemies of the constitutionalists to the effect that Villa is ambitious for high honors in the Mexican republic. "The proclamation follows: "To the Mexican People Com-

"I have been informed that our enemies, the men who belong to the army of treachery, are developing intrigues abroad, using my name and exalting my military merits with the object of making me appear possessor of ambitions which I do not possess for the purpose of creating divisions and discords among the constitutionalists. From the time when by the side of Mr. Madero in 1910 I sustained on the battlefield the principles of democratic constitutional government which the people of Mexico desire to establish in order that our people who were exploited under the dictatorship of Porfirio Diaz may secure their rights until today. I am fighting to overcome the treachery of Huerta and his accomplices. I believe I have demonstrated my unchangeable loyalty to the public and to the ideals of the people.

"If victory has accompanied me it has been not only because of my personal action but also of courage and patriotism and discipline of my companions in arms. "Now when the success of the constitutionalists cause seems assured, when the bloody dictatorship of Huerta already is falling before the invincible strength of our troops and the loyalty of the people, and when the latter are about to reach the point when they will be able to exercise sovereignty and justice, I solemnly declare that I have no more ambition than that of contributing to the establishment of democratic and just government terminating from the that shall carry into effect all of the reforms necessary to form a government of equality and justice for all and for the rehabilitation of the disinherited classes which have suffered so many miseries, shames and persecutions and finally to establish a stable government which shall preserve for all the sovereignty and integrity of the nation.
